

# 5052 CUSTOM FAB LTD.

## The Trailer Barbecue

These units are the bestseller at 5052 Custom Fab. Mobile, efficient and versatile, the trailer barbecue is sure to impress at any outdoor event. With a choice of single or tandem axle models, you know your barbecue will be the perfect size for your personal or business needs. A trailer barbecue can feed hundreds of people with ease. Every unit is inspected twice to meet government and CSA safety standards for propane vehicles for your peace of mind. We also provide a one-year warranty on materials and workmanship. After the warranty is up, contact us for a quote on refurbishment to keep your unit in perfect working order and looking as good as new.
