BANNER POLICY

- Banners with business names, logos, and inappropriate language or graphics will not be displayed.
- Non-profit banners may include their group name on the banner.

PAINTING NOTES

- Prepping your banner with primer or gesso is optional.
- Acrylic paint is recommended. It holds up best in the elements and does not take as long as oil paint to dry.
- Paint on the non-vinyl/untreated side to avoid your paint chipping.
- Only one side of the banner will be visible. You may, however, sign your name (and age for youth banners) on the back if you wish

CALL FOR VOLUNTEERS: The Main Street Bath Design Committee needs a team of volunteers to help hang our show of banners at the end of March. Contact Camille@visitbath.com
