

# **CENTRAL QUEENSLAND BLOKART CLUB**

## **HANDICAP POINTSCORE 2021**

### **RULES**

To be part of the 2021 handicap race pointscore a Blokart must have a handicap (TCF). This is obtained by running in five races on a race day.

Your handicap (TCF) will be then worked out for you based on your time over five races on that day.

To obtain points in the pointscore a Blokart will do five races on race day.

A Blokart that completes only four races & fails in one due to no fault of his/ her own may still be eligible for points by averaging out results over four races.

A Blokart only completing three or less races will receive maximum points plus one (based on the number of Blokarts on the day.)

A Blokart not competing on the day will get maximum points plus two.

A Blokart will drop one race at the end for season.

There are nine races in the season for the pointscore.

The pointscore is the low pointscore system with one drop.

Your handicap is applied by multiplying your five race times by your TCF.

(The numbers are in seconds) hours & minutes do not show.

The Blokart with the lowest time wins.

Blokarts getting 1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup> will get a slight adjustment to their handicap (amount is not yet determined)

Blokarts not performing to their handicap may also get an adjustment to their handicap.

The entry fee for each race day is \$5. This hires your transponder for the timing on the day.

Transponders to be handed in at the end of day.

Blokarts not wishing to be in the pointscore can still run in the races but do not figure in the results on the day.

President: Eric Smith
