**Volunteering for IYSA**

Thank you for your volunteering effort in collecting used football boots from your friends and students at **The King's School, Sydney, Australia** to donate to children in the **Lowa Khurd village** Football Academy which is located on the outskirts of Delhi, India.

IYSA supports these children who are playing football in the village and they were very grateful for the football boots contribution during your and your parents visit in December 2024.

The village children received over 50 pairs of football boots from your efforts.

Thank you once again and wishing you the very best for 2025.
