

Victoria Circosta

Victoria has been an East Windsor resident since 1995 and is a board member of iCare East Windsor Hightstown since June 2019. She has worked for Bank of America's Global Technology and Operations for the last 6 years as a Project Manager, and is a new homeowner located in Historic Hightstown.

Victoria strongly believes children and adults alike need access to local resources to address the expanding mental health crisis. In the span of 10 years, Victoria has experienced the loss of 7 of her peers varying in ages from 17-30 years old, due to suicide or drug and alcohol abuse. Her family has a history of mental illness, and she is determined to break the stigma and drive solutions for the community.
