# PESI History and Mission Statement

- ▶ Petroleum Equipment & Services, Inc. (PESI) was founded in 1983 with a two-fold concept of service
  - ▶ Bring to the Alaska marketplace products and services not currently available and/or offer customers a competitive alternative to existing suppliers
  - ▶ Provide an economical solution to companies wanting to enter this unique market
- ▶ PESI Mission Statement: To obtain profitable growth through superior customer service, innovation, quality and commitment to our customers and vendors. We will accomplish this while working safely and protecting our environment for future generations of Alaskans
