

Greetings!

School is out and summer is underway! In just a few months, we will welcome Titan Gilroy to the Great Lakes Region for Manufacturing Day. Now is the time to get involved and make October 6th one of the biggest celebrations of Manufacturing Day. Keep an eye out for more information coming your way.

Welcome New Members!

We would like to welcome the following new members:

HP Forklifts - HP Forklift was founded in 1989. They are a provider of industrial forklifts and aerial equipment sales, leasing, rentals, parts and service. They also supply shelving, racking, Cushman carts, Magliner Hand Carts, a full supply of NOCO battery chargers and MRO supplies. They are located in Saginaw, MI and serve the whole state of Michigan.

Duro-Last Roofing Inc. - After working as a lumberjack, carpenter, tool and die maker and soldier, among other jobs, John R. Burt got into the swimming pool business. After a liner he had purchased failed, he recognized the importance of vertical integration to control quality and founded Tri-City Vinyl to manufacture his own pool liners. One day it occurred to him. If the product could keep water in, it could keep water out. In 1978, that insight became the Duro-Last Roofing System.

The majority of roofing system failures then (and still today) are not due to the product itself, but due to the workmanship on-site. To solve this problem, Duro-Last developed custom prefabrication methods and specialized in equipment that allows us to complete nearly 100% of the difficult roof details and up to 85% of field seams under ideal factory-controlled conditions. The result is lower on-site labor costs and

better installation quality.

GLBMA Scholarship Announcement

We would like to say CONGRATULATIONS to the following scholarship winners:

Cody Bartlett, affiliated with Case Systems in Midland. He is currently attending Delta College pursuing an Associate's Degree in Mechanical Engineering Technology.

Sara Aldrich, affiliated with Kremin Incorporated in Frankenmuth. She will be starting Kettering University in the fall pursuing a Bachelor's Degree in Chemical Engineering.

Westin Kumpelis, affiliated with Fullerton Tool Company in Saginaw. He will be starting at Saginaw Valley State University in the fall pursuing a Bachelor's Degree in Mechanical Engineering and Business Management.

The GLBMA awards one to three scholarships every year. These scholarships are open to members of the GLBMA, employees, and immediate family members. The scholarship award is \$1,000.00. Applications are available September through March on the GLBMA website. Scholarships are awarded mid-April each year, please keep this in mind for next year.

Join us for the 19th Annual GLBMA Golf Outing

Please update your calendar! The GLBMA golf outing will be held **TUESDAY, SEPTEMBER 19th!** We hope you can join us on our new date & time!
