

The Career Trading Cards are available through the GLBMA. The cards were developed for the MiCareerQuest through a grant provided by Nexteer Foundation. The cards are unique to the eleven counties of the Great Lakes Bay Region. The wages were provided by Michigan Works! based on the region. The photos are all provided by local manufacturing companies. Job details were taken from Better Team.com. Cards are available for \$25 per job title for one hundred or a set of twenty for \$5.00. Contact Tanya for custom card options or additional job titles.
