02 — CHAIRMAN'S MESSAGE

BUILT ON TRUST. DRIVEN BY PERFORMANCE.**Dear Valued Clients, Partners, and Stakeholders,**

It is my great pleasure to welcome you to Zarqon Specialized Services Company.

From the very beginning, my vision has been to establish a company that stands for engineering excellence, uncompromising quality, innovation, and integrity. Zarqon was founded with a clear purpose — to deliver reliable, value-driven solutions that support the Kingdom of Saudi Arabia's growing infrastructure and industrial sectors while building long-term relationships founded on trust and performance.

At Zarqon, we believe every successful project begins with a commitment to excellence. Our multidisciplinary team of engineers, project managers, supervisors, technicians, and skilled professionals works together with dedication, professionalism, and a relentless focus on safety and quality. Every project we undertake reflects our determination to exceed client expectations and create lasting value.

As Founder, Chairman & Chief Executive Officer, I am proud to lead a company that embraces innovation, invests in people, and continuously strives to improve. Whether delivering complex industrial solutions, construction projects, MEP services, facility management, or specialized engineering works, we approach every challenge with confidence, responsibility, and technical expertise.

Our commitment extends beyond project delivery. We aim to become a trusted strategic partner for our clients by providing sustainable, efficient, and cost-effective solutions while maintaining the highest standards of professionalism, transparency, and ethical business practices.

As Saudi Arabia continues its remarkable transformation under Vision 2030, Zarqon is committed to contributing to the nation's development through engineering excellence, innovation, and exceptional service.

On behalf of the entire Zarqon team, I sincerely thank our clients, partners, suppliers, and employees for their continued trust and support. We look forward to building enduring partnerships and achieving new milestones together.

With sincere appreciation,

**NAJASH NAZAR**

Founder, Chairman & Chief Executive Officer
Zarqon Specialized Services Company

NAJASH NAZAR

Founder, Chairman & Chief Executive Officer

ONE CONTRACTOR. MANY SPECIALIST DISCIPLINES.

Zarqon Specialized Services Company is a Saudi multi-disciplinary contractor headquartered in Al Khobar, Eastern Province. We deliver specialized engineering, industrial, electro-mechanical, marine, facility management and interior solutions to EPC contractors, utilities, industrial plants and commercial clients across the Kingdom.

Our teams execute HDD and trenchless crossings, electrical and instrumentation packages, fire protection and MEP systems, blasting and protective coatings, civil and waterproofing works, jetty maintenance, facility services and fit-out – with our own supervised manpower and equipment.

Every scope runs under an integrated ISO 9001, 14001 and 45001 management system, in line with Saudi regulations, Saudi Aramco and client standards.

WHERE OUR EXPERTISE IS TRUSTED

OIL & GAS

Saudi Aramco approved vendor (No. 10119560) delivering E&I, mechanical, coating and fire protection scopes.

PORTS & MARINE

Transformer maintenance and services for Saudi Global Ports; jetty and terminal works.

WATER & INFRASTRUCTURE

Fire protection and industrial drainage upgrade, WRDD North Jeddah.

GIGA-PROJECTS & LOGISTICS

Fire fighting and fire alarm in Diriyah; interior finishes at Maersk Logistic Park.

WHAT WE STAND FOR

V OUR VISION

To become a trusted specialized service partner in Saudi Arabia, recognized for technical excellence, safety leadership and long-term client partnerships.

M OUR MISSION

- 01** Deliver high-quality engineering and facility services with strict safety compliance.
- 02** Support EPC contractors and owners with reliable, cost-effective execution.
- 03** Maintain consistent service quality across every project and location.
- 04** Build sustainable client relationships through performance and integrity.

OUR CORE VALUES

01

SAFETY FIRST

Zero harm to people, assets and the environment.

02

QUALITY & COMPLIANCE

Right first time, to specification, code and client standards.

03

RELIABILITY & ACCOUNTABILITY

We own our commitments, schedules and results.

04

PROFESSIONAL ETHICS

Integrity, transparency and fairness in every dealing.

05

CONTINUOUS IMPROVEMENT

Learning, innovating and raising our standards.

05 - OUR DIVISIONS

EIGHT DIVISIONS.
ONE PARTNER.

01

HDD & TRENCHLESS SOLUTIONS

Directional drilling, micro-tunneling, utility and road crossings

P.06

02

ELECTRICAL & INSTRUMENTATION

LV/MV systems, instruments, commissioning & transformer maintenance

P.07

03

MEP, HVAC & FIRE FIGHTING

Firewater and fire alarm systems, HVAC, plumbing and piping

P.09

04

BLASTING, COATING & TANKS

Surface preparation, protective coatings, tank painting, piping

P.10

05

MARINE & JETTY MAINTENANCE

Jetties, terminals, mooring hardware and marine coating

P.11

06

CIVIL, WATERPROOFING & FINISHING

Concrete, masonry, waterproofing systems, tile and marble

P.12

07

FACILITY MANAGEMENT

Operation, maintenance, cleaning and manpower services

P.13

08

INTERIOR FIT-OUT & EXHIBITIONS

Commercial interiors, joinery and exhibition stands

P.13

HDD & TRENCHLESS SOLUTIONS

Trenchless installation of pipelines and utilities beneath roads, highways, waterways and live facilities — with minimal surface disruption, controlled alignment and reduced environmental impact.

HORIZONTAL DIRECTIONAL DRILLING

- Water, sewer, power, telecom and ducting
- Road, highway and utility crossings
- Medium to large diameter casings
- Pilot, reaming and pull-back operations

MICRO-TUNNELING

- Crossings in congested, restricted areas
- Precision alignment and controlled installation
- Urban infrastructure and critical facilities
- Reduced excavation and traffic interference

KEY EQUIPMENT

100-ton HDD rig · mud mixing & recycling systems · drill rods, reamers & tooling · high-capacity compressors

ELECTRICAL & INSTRUMENTATION

E&I installation, testing and commissioning for industrial plants, energy facilities, ports and EPC projects – new construction, brownfield expansion, shutdowns and upgrades, executed to client specifications and international standards.

ELECTRICAL

- LV installation & MV cable termination
- Switchgear, MCCs & distribution boards
- Transformer installation, testing & maintenance
- Cable trays, conduits & cable pulling
- Industrial & hazardous-area lighting
- Earthing, grounding & lightning protection
- Testing & pre-commissioning

INSTRUMENTATION

- Field instruments & components
- DCS / ESD system integration
- Operating valves & enclosures
- Instrument cable laying & termination
- Loop checks & calibration support
- Commissioning support

INDUSTRIES SERVED

Oil & gas

Petrochemical

Power & utilities

Ports & terminals

Mining

Tank farms

EPC infrastructure

TRANSFORMER MAINTENANCE & SERVICES

Preventive, predictive and corrective maintenance of power and distribution transformers for ports, utilities and industrial facilities — planned around live operations to keep critical supply safe and reliable.

TESTING & DIAGNOSTICS

- Insulation resistance & polarization index
- Winding resistance & turns ratio (TTR)
- Transformer oil sampling, BDV & DGA
- Thermographic (IR) inspection
- Protection, OLTC & accessory checks

MAINTENANCE

- Oil filtration, dehydration & top-up
- Bushing, gasket & seal replacement
- Radiator, conservator & breather servicing
- Cleaning, tightening & corrosion protection
- Tank & radiator painting

INSTALLATION & SUPPORT

- Installation, dressing & commissioning
- HV/LV cable termination & connections
- Shutdown & outage planning
- Breakdown & emergency response
- Test reports & maintenance records

TRANSFORMER TYPES

Oil-immersed power transformers

Distribution transformers

Dry-type transformers

Package substations

Unit & auxiliary transformers

ACTIVE PROJECT

TRANSFORMER MAINTENANCE & SERVICES

Saudi Global Ports

Scheduled maintenance, testing and servicing of port power transformers to keep terminal operations running safely.

ISO 9001 · 14001 · 45001 CERTIFIED

DIVISION 03

MEP, HVAC & FIRE FIGHTING

Installation, testing, commissioning and maintenance of life-safety and building systems for industrial plants, Aramco facilities, power plants and commercial buildings — compliant with NFPA, SBC and client standards.

FIRE PROTECTION

Fire pumps · firewater networks · sprinklers & hydrants · suppression systems · fire alarm & detection

HVAC & PLUMBING

Package units & ductwork · ventilation · chilled-water piping · plumbing & drainage · preventive maintenance

PIPING & FUEL SYSTEMS

Industrial piping · HDPE & RTR lines · diesel fuel piping & day tanks · hydrotesting · associated mechanical equipment

DIVISION 04

BLASTING, COATING & TANK SERVICES

Asset protection for steel structures, pipelines, tanks and plant equipment – executed to SSPC and ISO standards with quality-controlled application and inspection.

A

INDUSTRIAL SANDBLASTING

Steel structures, pipelines, tanks and plant surface preparation.

B

PROTECTIVE COATING

Epoxy, polyurethane and anti-corrosion systems for structures and equipment.

C

TANK PAINTING & MAINTENANCE

Water, fuel and storage tanks – internal and external, confined-space controlled.

D

SHUTDOWN SUPPORT

Rapid-mobilized blasting and coating crews for plant shutdowns.

SSPC / ISO 8501

DFT & PROFILE INSPECTION

MARINE & JETTY MAINTENANCE

Maintenance and rehabilitation of jetties, fuel terminals, ports and ship-repair facilities — planned around live operations, marine safety requirements and tight shutdown windows.

JETTY & TERMINAL MAINTENANCE

Structures, walkways, handrails and access systems

MOORING HARDWARE

Bollards, fenders and chain inspection and replacement

MARINE BLASTING & COATING

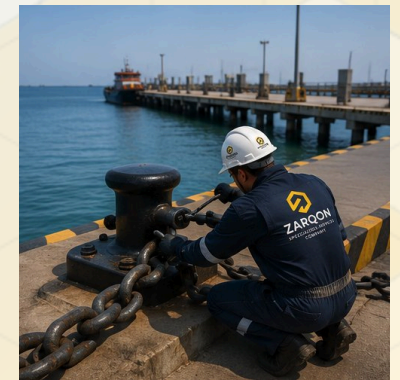

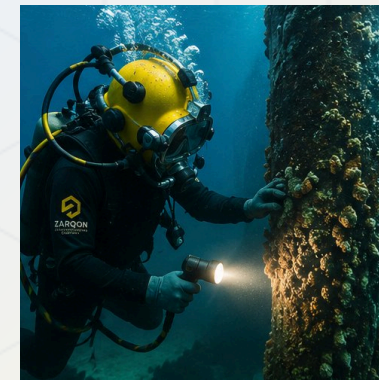

Hull, pile and splash-zone surface protection

JETTY UTILITIES & SHORE POWER

Compressed air, cooling water and electrical rehabilitation

UNDERWATER INSPECTION SUPPORT

Pile and substructure condition surveys

DIVISION 06

CIVIL, WATERPROOFING & FINISHING

CIVIL WORKS

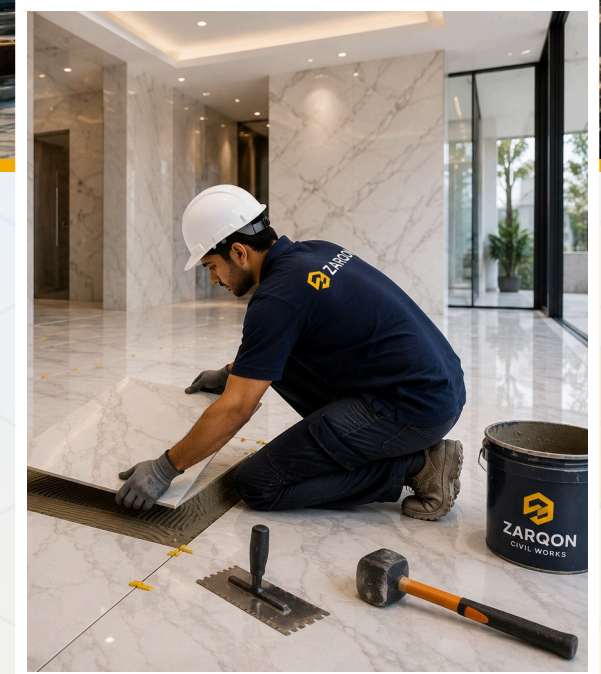

Foundations & concreting
Block work & masonry
Screeding & surface prep
Minor structural & repair works

WATERPROOFING

Roof, basement & foundation
Wet areas & water tanks
Bituminous, PU, HDPE & cementitious
Injection grouting & joints

FINISHING

Tile & marble installation
Internal & external plastering
Industrial & decorative painting
Touch-ups & handover finishing

Durable, detail-driven work that protects the structure and finishes it to the standard the client approved.

DIVISION 07

FACILITY MANAGEMENT

Integrated services for commercial, industrial and institutional facilities, delivered by trained, uniformed and supervised personnel.

- Operation & preventive maintenance
- Industrial & warehouse cleaning
- Pest control services
- Housekeeping manpower
- Office & commercial cleaning
- Deep cleaning & sanitation
- Post-construction cleaning
- Facility staff supply

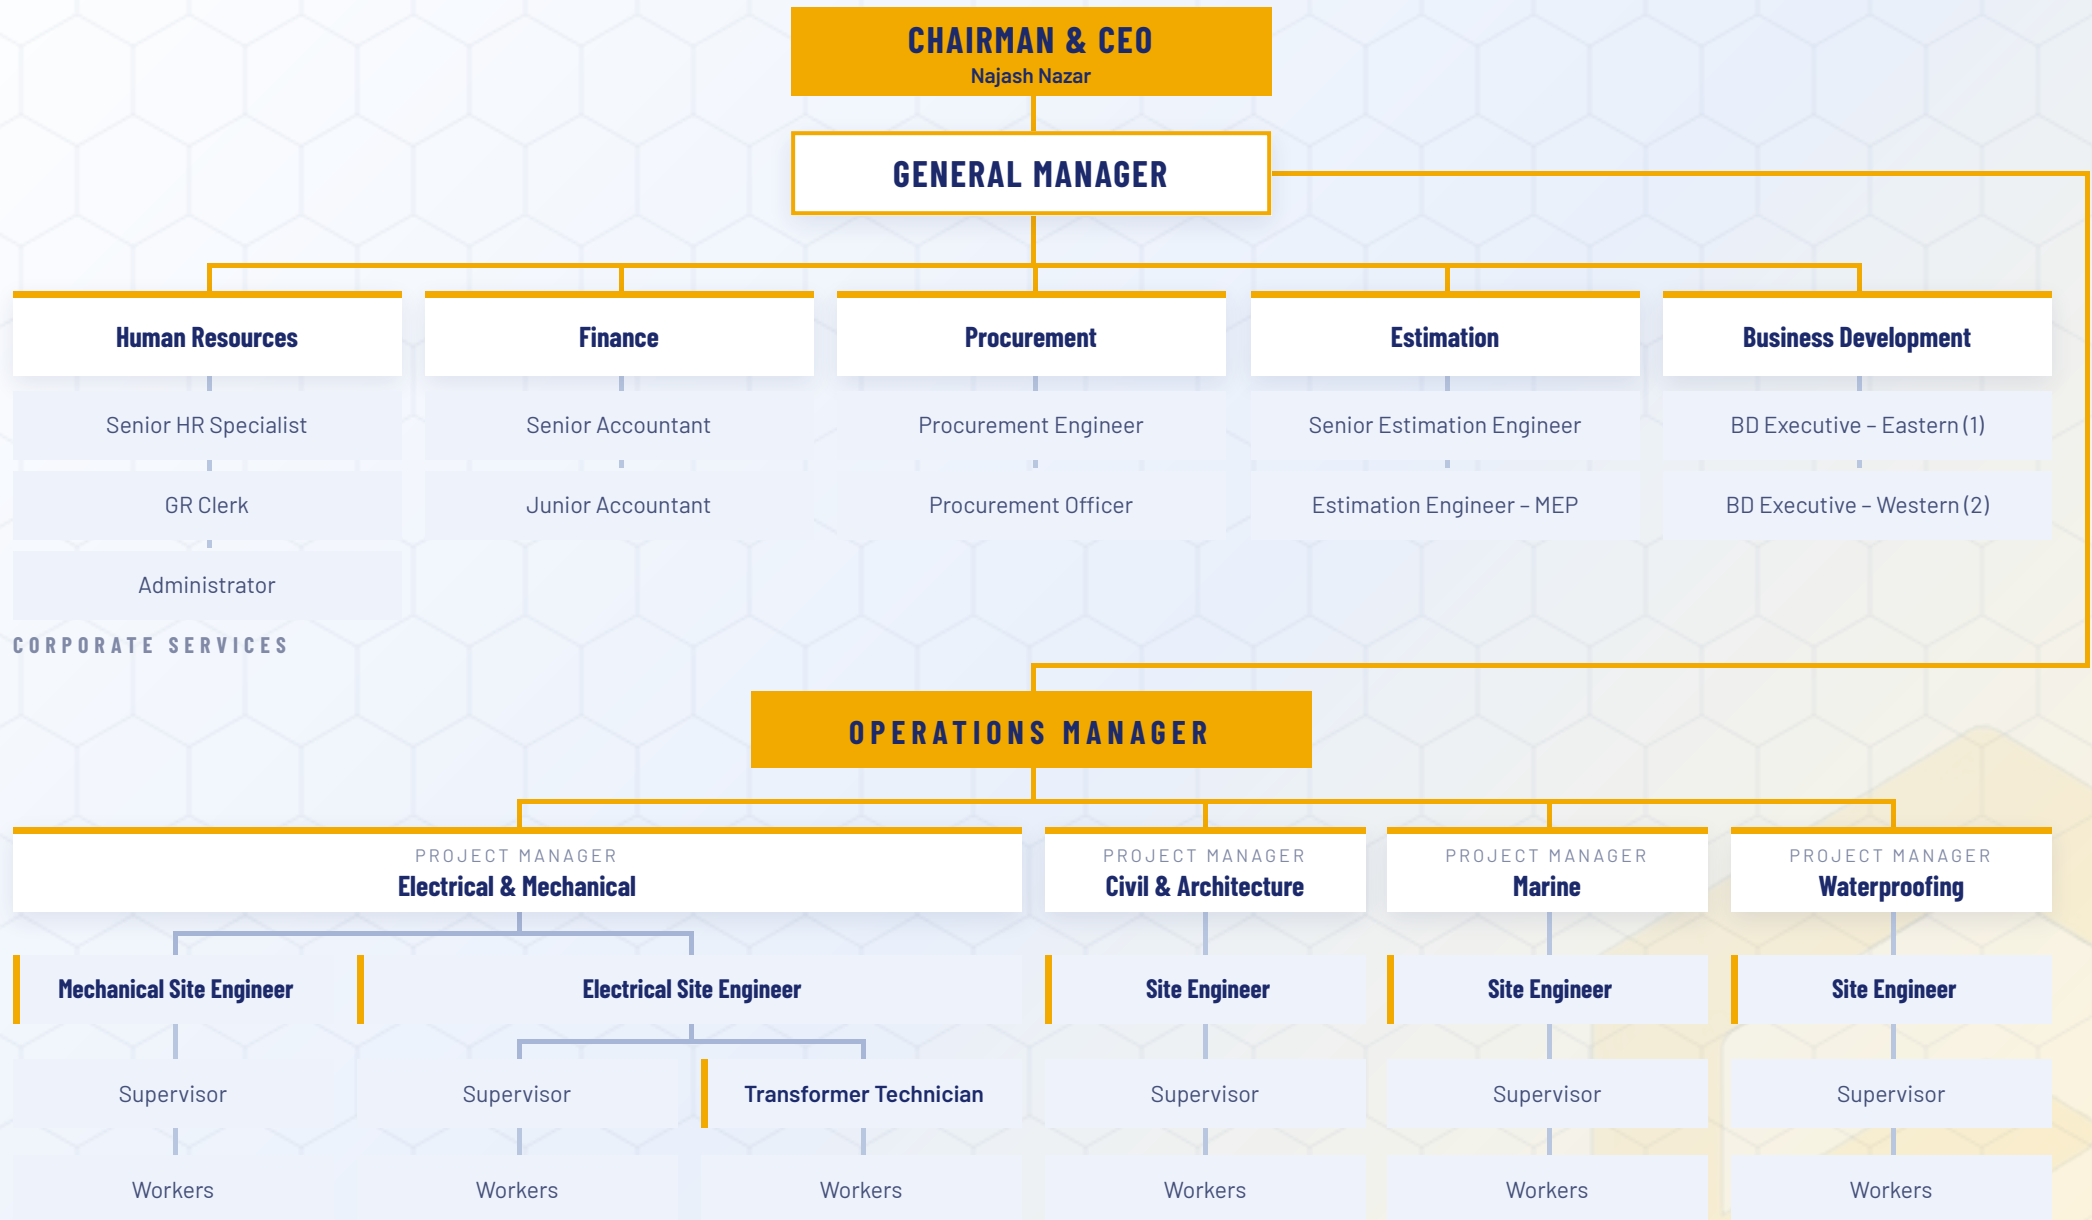

DIVISION 08

FIT-OUT & EXHIBITIONS

End-to-end interiors and brand spaces through our Zarqon Interior & Exhibition brand – design coordination, joinery, finishes and installation.

- Office & corporate interiors
- Ceilings, partitions & flooring
- Exhibition stand design & build
- Installation & dismantling
- Retail & showroom fit-out
- Joinery & custom furniture
- Branding & signage
- MEP & lighting coordination

ORGANIZATION CHART

PROJECT DELIVERY

Every project is staffed with site engineering, supervision and a skilled workforce – including dedicated transformer technicians – reporting through the Operations Manager to the General Manager.

Registration Approval Letter

May 20, 2025

Attention : ZARQON SPECIALIZED SERVICES COMPANY

CR Number : 7052669368

Supplier Type : Service Provider Only

Country : Saudi Arabia

We are pleased to inform you that ZARQON SPECIALIZED SERVICES COMPANY is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10119560, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledge. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portalregistration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the toll-free call center 800-116-1168 for in-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Ahmed H. Shahid Alkhamari, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Arriba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (SCOMs and SCATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
