## ABOUT US:

**Harbinger**, a US-based specialist mobility firm developing the Raven AMP-1, a purpose-built Arctic shelter platform designed for the world's most demanding environments. We provide the definitive shelter solutions for arctic exploration, deep-vein mining, and tactical government operations. We deliver the definitive shelter solution for Arctic exploration, deep-vein mining, and tactical government operations — built on a foundation of integrity, professionalism, and operational excellence.

## NAICS Codes:

- **4336999** - All Other Transportation Equipment Manufacturing
- **333131** - Mining Machinery and Equipment Manufacturing
- **332311** - Prefabricated Metal Building Manufacturing
- **336112** - Light Truck and Utility Vehicle Manufacturing
- **532412** - Construction and Mining Machinery Rental and Leasing
- **541614** - Logistics and Physical Distribution Consulting

## HARDWARE CAPABILITIES:

**Extreme Climate Resilience:** Engineered for arctic theaters with hardened components that ensure operational integrity in sub-zero extremes.

**High-Tensile Arctic Chassis:** High-tensile steel construction built to endure the high-vibration and space constraints of deep-vein mining

**Modular Life-Support Integration:** Versatile skid-mounted architecture designed to host mission-critical configurations, including climate-controlled housing and mobile command centers.

**AI-Powered Fleet Intelligence:** Onboard sensors and predictive maintenance architecture monitor system health in real time, minimizing unplanned downtime in locations where help is days away.

- **VOSB / SDVOSB** Certified by SBA
- **ISO 9001:2015 Certified Quality Management System** registered by Perry Johnson Registrars, Inc. (ANAB accredited) for Logistics and Transportation Services
- **ITAR Registered & Compliant: DDTCC**, U.S. State Department
- **USDOT# 4435324; MC# 1745757**
- **CAGE Code: 10XP2**
- **UEI: XVQDNEE21VC3**
- **Freight Broker Insurance & Surety Bond**
