Discovering Truth Using Forensic Handwriting Analysis

Instructions for getting started with Examination:

1. Please scan (as a pdf attachment) and identify the questioned document(s) / signature(s) in its entirety. Please name the questioned file: questioned document
2. Please scan as a pdf about 5 to 10 examples of their known signatures/handwriting from around the date the questioned signature(s) were made for comparison purposes (or as many as you can find from before and after the questioned document was signed) Please name the known signatures file: Known Signature document.
3. Email to: info@forensicforgeryexperts.com
