Dear Ms. Hale:

We are please to report to you that your opinion in this matter helped defeat a wrongful Summary Judgment decision. The Trial Court disregarded your opinion and entered Summary Judgment. That Judgment was recently reversed by the Missouri Court of Appeals. In their opinion, the Judge specifically cited your opinion as crucial in their decision to reverse.

The case will be sent back to the Trial Court for further proceedings. We anticipate you will be deposed at a later date. On behalf of our client, we thank you for your service.

Very truly yours,

  
William K. Meehan
