Mehndi designs for little hands

How to make mehndi designs on hand. Most beautiful mehndi designs for front hands. Most beautiful mehndi designs for hands.

Mehandi is a natural dye made from the leaves of the henna plant bush. It is a natural dyeing agent for hands and legs, and this art of mehndi is now spread worldwide.

It is known as a temporary tattoo in the west and is extremely popular. The tattoo industry has a sudden boom with these temporary tattoos called mehndi. One is generally accustomed to seeing full, large and lavish mehndi designs at weddings, festivals and other occasions. But there is a different league in small mehndi designs, which are now very popular. These are simple and chic mehndi designs making one's hands look beautiful. Not much time-consuming; this doesn't look cluttered but has that required hint of colour in the hands or legs. Save Trendy and Beautiful Small Mehndi Designs 2023 with Pictures: Let we have to look top 15 small mehndi designs for occasions. 1. Fenced Flowers Small Mehndi Design for Hands: Save If one is quite new to mehndi design application, they usually prefer to try out small designs initially.

This is the perfect design with flowers and fences on the tip of the finger. This design will suit anyone, irrespective of their age. These designs are not cluttered and can be tried at home, and they will look beautiful on the back side of the hand. 2. Mehndi Designs for Small Hands: Save This is one of the easy mehndi designs for beginners; most are always comfortable with using geometric shapes and dots while applying the designs. This design has an unusual pattern on the fingers giving the crux geometric shapes, and the palm has been left empty to make the hand look more simple and unique. 3. Small Yet Full: Save One can absolutely just fall for this small, simple classic This Arabic henna design is purely based on the traditional style. The floral and paisleys patterns and the motifs used for the mehndi are simple and give an elegant look, and fingers are covered with a small floral mehndi design. 4. Trendy Mehndi Designs for Hands: Save This design is quite different from the other mehndi designs; it has been given floral and leaf patterns starting from the index finger and stretched to the wrist, and the rest of the fingers have given a flower and dots. This small mehndi design will be perfect for people who prefer to be trendy and can really try out this mehndi design. See More: Single Line Mehndi Designs 5. Small Mehndi Designs for Hands: Save These round small mehndi designs look complicated with circular wheel symbols, but they give a grand look to the hands. This small design with circular intricate motifs can be applied on the palm or the back of the hand with the finger caps filled, giving ethnic mehndi art. This is absolutely easy to do and suitable for every occasion. 6. Small Mehndi Designs for Back Hand: Save One can be sure to steal hearts with this chain, including the mehndi design on a backhand with a circular floral pattern in the centre. This design will be nice for the engagement ceremony. The central design though very intricate, doesn't look much cluttered. The chain runs through the ring finger with a beautiful flower on the tip. 7. Spiral Small Mehndi Designs for Feet: Save This is an inspiring Arabic spiral mehndi design which is merged with little dots, and it is a trendy pattern for the feet, based on the choice; this can be stretched above the ankle. The spiral pattern looks minimalistic but renders a beautiful touch to the feet, which will be perfect for any occasion. 8. Mehndi Design for Hands: Save Even Kids and girls love flaunting Mehandi. This simple mehndi design is a combination of two flowers completed with a few leaves and a curved stem. Flowers are creations of God that have a beauty of their own and are also meant to represent joy and happiness. This will look beautiful on little hands. 9. Flowers for The Feet: Save This is a simple yet elegant mehndi design for feet; the flowers are balanced with leaves and beaded chains. The first finger is given a flower attached with lines, and the rest of the fingers have given a simple leaf pattern design. This mehndi design will be good for people who like to be simple and appealing. 10. Perfect Symmetry: Save This simple mehndi design can also be used as a temporary tattoo, it has given a very intricate design with circular floral art, and the flower has been highlighted with curves and oval-shaped patterns. Dots have been placed to give a complete look to the design. This art can even be tried on the shoulder. See More: Best Ankle Mehndi Designs 11. Just The Thumb: Save This design is especially for the people who want to highlight only their thumb finger; this Mehandi is completely designed with the combination of paisley and dots with mixing of a few floral patterns. This will be perfect for beginners who want to learn mehndi and can start with small designs instead of the bigger ones. 12. Stones and Glitter Design: Save These days, using stones and glitter in mehndi designs has become a trend; this floral and leaf pattern with stones gives a new look to the usual henna and highlights the small designs even better. Contemporary brides can just look perfect with matching bridal outfits and matching stones along with some glitters. 13. Beautiful Small Mehandi Designs for Legs: Save This unique mehndi design for the feet will just steal everyone's hearts. The feet are decorated using lavish designs. It is rare to apply two different mehndi designs on their feet. This design can be kept as simple as possible with just flowers, leaves, linear patterns, dots etc. by giving small motifs. 14. Tiny Mehndi Designs for Fingers: Save This is an example where one can flaunt tiny mehndi designs; only this one-finger mehndi design looks best on the ring finger. A bride can use this unique design for an engagement ceremony. This design has been done by using a heart symbol and given a touch of oval shape, highlighted with a few dots. 15. Index and Thumb Finger: Save One can just go gaga over this unique design of simple mehendi. This has an intricate windowpane pattern connecting the thumb and the index finger in the back of the hand.
