

## Buyer Reference # 231006

**(download to activate the links below)**

This potential buyer is a seasoned leader with a proven track record of success in autonomous leadership roles over the past 15 years. This individual has been responsible for managing millions of dollars in yearly revenue, demonstrating a strong ability to oversee large-scale operations and drive significant financial growth.

For the past six years, this buyer has been at the helm of a manufacturing facility with over 600 employees, generating more than 1.5 billion dollars in yearly revenue. As a director, he was responsible for all aspects of the operation, including direct P&L oversight, budgeting, and management.

This buyer is looking for a business that meets the following criteria:

- Located in the Midwest
- Sales / Revenue between \$1 Million - \$10 Million
- History of profitability
- Best Transaction size - \$5 Million
- Type of Business - Manufacturing of any kind, B2B service, B2C service, Retail

In conclusion, this buyer is an experienced and highly competent leader with a high capacity for building on the success of the seller, protecting the seller's legacy while creating positive change. He is looking for his next challenge to utilize their skills as a leader and create world-class improvements. With his extensive experience in leadership, operations, and entrepreneurship, he is well-equipped to take on new opportunities and drive significant growth.
