

WHICH HANDLE IS RIGHT FOR YOU?

**If you PUSH more than you THROW...
The Power U or U Handle may be right for you!**

The Power U and U-Handle are compatible with the Grab Bar Throw Bar Boost Bar Handle Extensions

The Power U and U-Handle are incredibly strong, versatile and easy to use. Consider the ergonomic Power U for more comfort, power and control.

<p>GRAB BAR</p>  <p>*GRAB BARS SOLD SEPARATELY</p> <p>GIVE YOUR SNOW PUSHER THE ABILITY TO PUSH THE ABILITY TO LIFT AND TOSS SNOW!</p>	<p>THROW BAR</p>  <p>*THROW BAR SOLD SEPARATELY</p> <p>GIVE YOUR SNOW PUSHER THE ABILITY TO THROW SNOW EXACTLY WHERE YOU WANT IT!</p>	<p>DOM'S BOOST BAR</p>  <p>*DOM'S BOOST BAR SOLD SEPARATELY</p> <p>NOW YOU CAN "BOOST" SNOW UP AND OVER SNOW BERMS WITH MINIMAL EFFORT!</p>	<p>HANDLE EXTENSIONS</p> <p>6' 3" OR TALLER? ---	---	---	--

**If you THROW more than you PUSH...
The Mantis Handle may be right for you!**

Employ the versatility of a single pole handle with the strength of a U-Handle.

This design stabilizes the blade, is more durable than a single pole handle and will not twist or break during regular use.

 32 Inch- \$105 w/ U Handle
 24 Inch- \$95 w/ U Handle
 Add \$20 for Power U Handle
 Add \$9 for Mantis Handle

The PRO42 has been MANPLOW's best selling snow pusher since 2015.

Prior to 2015, it was the PRO36.

Only the PRO Line Features the EZ

- The EZ Glide Edge is over 1-1/2 inch wide and
- *Will not scratch sensitive surfaces like decking!
 - *Glides over uneven surfaces without sudden stops!
 - *The EZ Glide Edge is replaceable!
 - *Made from HDPE, expect 300-350 shoveling hours before replacing.

How to manage Uneven Surfaces and Scraping!

***Drop your hands a bit** and ride on the back of the EZ Glide Edge. This will raise the front edge so it will not catch on uneven surfaces.

***Raise your hands a bit** so the front of the EZ Glide Edge is riding on the surface. You will get a clean finish.

Step 1- Assemble the Handle

Top U

Tighten so bolt is flush with Lock Nut.

TIGHTEN VERY FIRMLY WITH TOOLS.

1 hole end goes inside Top U

2 hole end attaches to blade

How to Store Your MANPLOW When Not in Use

To keep your blade in good condition, store your MANPLOW vertically on an even surface in a cool location.

What Not To Do:

- Don't store laying down flat.
- Don't store where other things may be put on top of it.
- Don't store in Garage rafters where it gets hot in summer.
- Don't store in backyard sheds that get hot in summer.

ASSEMBLY

www.manplow.com/assembly-instructions

U-HANDLE

POWER U HANDLE

Step 2- Attaching the Blade

First

Slide black handle connector over each end of the legs. Align holes. It should be snug (if to snug, run under hot water).

Back of blade will go against flat side of handle connector.

Second

Insert the bolts with larger washer through the front of the blade and through the handle connector. Smaller washers and Lock Nut in back. **HAND TIGHTEN ONLY!**

Recommendation:
Assemble your MANPLOW upside down!

Last

After all fasteners have been hand tightened, **TIGHTEN VERY FIRMLY WITH TOOLS!**

PRO Blades and RevolutionX Blades will attach to the Mantis Handle the same way.

We recommend that you assemble the handle first.

Problems with your order?

Damage? Missing parts? Trouble assembling? For the quickest solution, contact MANPLOW directly at theman@manplow.com. Our customer service team is committed to resolving any issue you may have.

Step 1- Assemble the Handle

Lock Nut Curved Washers 1-1/2" Bolt

TIGHTEN VERY FIRMLY WITH TOOLS.

1 hole end goes inside Top Handle

2 hole end attaches to blade

It is recommended that you assemble the Grab Bar after attaching the blade.

Step 3- Attach Grab Bar

Fastener Order- Bolt, Curved Washer, Grab Bar, 2 Saddle Spacers (flat side back to back), Handle Leg, Curved Washer, Lock Nut.

Curved Washer Saddle Spacer (place flat sides together) Curved Washer

Lock Nut Handle Leg Grab Bar Bolt

TIGHTEN VERY FIRMLY WITH TOOLS.

Blade to handle and Grab Bar.

How to Store Your MANPLOW When Not in Use

To keep your blade in good condition, store your MANPLOW vertically on an even surface in a cool location.

What Not To Do:

- Don't store laying down flat.
- Don't store where other things may be put on top of it.
