

TRACK 757 Track Day Essentials

In order that our athletes perform their best, we (parents) must provide them with the proper fuel to start their engines. This means giving them a good breakfast before coming to the field; and furnish nutritional foods to eat during the meet. Once he/she is finished their events for the day, they can enjoy a heavier meal.

Listed below are suggested items to keep in mind when preparing for those long track meets. If you are seasoned veteran, you probably already know what to bring, but some first time parents may need a few ideas.

FOOD ITEMS	WEATHER PROTECTION	COMFORT ITEMS	KEEP CHILDREN BUSY
Water	Umbrella	Portable chair	Books
Sports drink	Blanket	Pillow	Puzzles
Fruit	Tent	Insect repellent	Games

No Potato chips			

Tips:

- Arrive at the meet location 1 (one) hour before the meet is scheduled to start. This allows the athletes time to warm up before the meet begins.
- Put your child's name on all pieces of track equipment (e.g. clothing, shoes, bag, etc.)
- You can expect to be outside in various weather conditions from 8:00 am until as late as 5 pm. Bring items that will allow you and your child to be comfortable for the time period.
- Do not allow your child to drink sodas the day of a meet.
- On hot/sunny days keep your child out of the sun as much as possible, this will help reserve that much needed energy for their race or field event.
- The team will supply tents some tents, please help with the setup and teardown.
- We suggest having a stadium chair (if we are in the bleachers) and as well as a folding chair (if we are seated on the ground).
- Athletes need to keep their sweats (pants) on, when they are not performing their event, to keep their muscles warm. This will help prevent injuries (enhances their performance).
