

# UNDER THE BIG TOP

*for the*  
*Hearts of Gold Gala* 

Cancer is sadly a word we hear all too often. What makes it worse is that it's all too common to many children. We all know someone who has battled this disease and know how hard it is on the family to fight for them. During and after a child's battle with cancer there are always repercussions of what the disease has done to their body and even though they may not have cancer anymore the battle rages on. Be the Fight Foundation (BFF) was started to help families give their best fight possible so they can continue to win each battle they are faced with. The Hearts of Gold Gala is a wonderful evening of honoring families that fight and raising funds to make sure they can continue. In the past two years we have raised funds for the Anthony Rizzo Family Foundation and we will continue to support this amazing foundation along with continuing our fight for kids and their families through BFF.
