Telaworks®

LIST OF SUB PROCESSORS

Last updated: January 1st, 2024

Telaworks, Inc. ("Telaworks") uses certain sub processors to support delivery of our Services.

This page provides important information about the identity, location and role of each Sub processor.

What is a Sub processor?

A sub processor is a third party data processor engaged by Telaworks, who has or potentially will have access to or process customer data.

Due Diligence:

Prior to engaging any third party Sub processor, Telaworks evaluates their security and privacy posture.
