

Baby I know...things that I say...when I'm deep down... in a hole.
Maybe I know Things can not stay.....way down deep in a hole

But I don't want to survive. If we got to live in a lie...
Because Baby it's cold, like a deep frozen snow

I said..I just don't want to survive.. I want this ..to be.. a good Life.
I know there are things we let slide...I know how hard we have cried.

*My heart is broken wide... There nothing left to hide...in the dark hole...I
call my home.*

I was born into the dark, You Just visit there.
You scold me with a shot...and now I don't care.

AND I ..I can't believe. That I ... want you to leave..

Cause when I'm down Deep... in my dark hole at peace...

I see that you don't love me. Then it's time for closing the door,
It says..I don't want to know more ...I know that I'm moving on.

But she says I still love you... just board...then It's time... for closing
the door.

If she says I don't love you anymore...It's time for coming the door.

I'm closing the door.
I'm closing the door.
