

Letter from the Board

March 2024

On behalf of the South Central Texas Hospice Veteran Partnership Board Members, we are gracious for the commitment and dedication from our community partners in assisting furthering our mission and vision in 2024 to help local veterans.

The contributions have been invaluable in guiding our San Antonio and surrounding area veterans, and we have only just scratched the surface.

On April 19th, 2024 the Texas-New Mexico Hospice & Palliative Care Organization will be hosting an extensive 1-day conference and educational program for all to attend. Those who would benefit from this conference are: anyone interested in expanding their We Honor Veterans program and those seeking to increase knowledge of working with veterans in their organizations. The SCTHVP and our board is looking forward playing a pivotal part in this and planning a packed agenda. You can check the calendar/events area posted on this site for information on how to register.

Many of you may be new to the WHV program. We are here to assist and answer questions as you may be developing your program or seeking benefits for veterans. If you need help, please consider attending the April 19th conference in Austin, TX as this will give you a great foundation and head start to what the program is all about. If you need additional help, please email us at scthvp@gmail.com.

We look forward to a successful and happy 2024.

Check back, for additional updates.
