

RADLEY MARQUEES

EXCEPTIONAL SERVICE, EXCEPTIONAL QUALITY

www.Radleymarquees.co.uk

About Us

Located in Abingdon, Radley Marquees is dedicated to creating the perfect setting for Oxfordshire's most memorable events.

Whether you are hosting a relaxed garden BBQ or a sophisticated wedding, our extensive collection of marquees offers a style and size for every occasion.

We go beyond the structure: We help you set the scene with curated lighting and furniture, ensuring the party continues late into the night with heating for those cooler evenings.

Exceptional service

Exceptional quality.

Tailored service

We handle everything from the comprehensive site visit to the expert installation, guaranteeing a bespoke marquee hire that fits your event perfectly.

Customer focused

Experience you can trust. Our dedicated team combines decades of industry history with a personal touch—just read our outstanding online reviews to see why our customers choose us time and time again.

Site visit

We begin with a complimentary consultation at your chosen venue. Our team will measure the available space, assess ground conditions, and help you determine the best orientation and layout to maximize the potential of your event area.

We Install

Our experienced crew handles all the heavy lifting. We arrive on schedule to safely erect the structure, install carpets, and arrange furniture according to your plan, ensuring everything is secure, pristine, and ready for your guests.

We collect

Once your event has concluded, we return at a pre-arranged time to dismantle the equipment. We work efficiently to remove all structures and furnishings, ensuring we leave your site exactly as we found it—clean, tidy, and undisturbed.

How it works

What style is right for me?

Choosing the perfect marquee depends on your guest count, your venue's terrain, and the atmosphere you want to create.

Whether you need a sleek party space or a striking centerpiece, we have a structure to suit your needs.

Clearspan range

Spacious, flexible, and sturdy.

These frame marquees have no internal poles, giving you an unobstructed floor plan to maximize space for dining and dancing. They can be installed on grass or hard surfaces, making them the most versatile choice for weddings and large events.

(Ideal for: Weddings, corporate events, large dinners)

Pagoda range

Distinctive, elegant, and versatile. With their high-peaked "Chinese hat" roofs, Pagodas add a touch of style to any garden. They are perfect for intimate gatherings, catering tents, or as a grand entrance linked to a larger structure.

(Ideal for: Garden parties, entrances, buffets)

Star Tent

Eye-catching, unique, and atmospheric. If you want to make a visual statement, the Star Tent is the answer. With its single central pole and sweeping canopy, it provides a stunning focal point and essential shade for outdoor summer events or festival-style parties.

(Ideal for: Festivals, outdoor bars, summer shade)

Lighting

Lighting transforms a tent into a venue. From the romantic glow of fairy lights and chandeliers for dinner, to dynamic lighting for the dance floor, we create the perfect ambiance to take your event from day to night.

Sound

Ensure every toast is heard and every beat is felt. We provide professional PA systems that deliver crystal-clear audio for speeches and high-quality sound for your playlist.

Décor

The details make the difference. Customize your interior with our range of luxury linings, varied flooring options, and stylish furniture from banquet tables to cocktail tables.

Enhancing your event

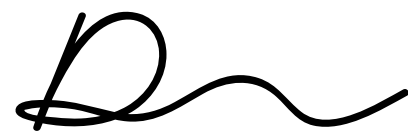

Any event,
we've got you
covered

A word from our founder.

Thank you for taking the time to visit our page. It brings me, and the whole team here at Radley Marquees, sincere joy that you are considering us for your upcoming event. We hope to have the chance to work with you to create an occasion that leaves a lasting impression. With over two decades of experience, we pride ourselves on keeping our customers at the very heart of what we do. From our dedicated event managers to our in-house sound and lighting technicians, we are fully equipped to assist you with every detail of your plans.
