

### **Waco Foundation Awards WhiteHaven Canine with \$20,000 Grant**

WACO, TX (December 13, 2021): WhiteHaven Canine Evaluators has graciously accepted a \$20,000 grant from the Waco Foundation.

This money will be used to help in the design and renovations needed in the building and grounds of our new training facility for community obedience classes as well as Emotional Support Animal (ESA) training for veterans in need. The even better news is The Waco Foundation has committed to donating an additional \$20,000 in matching funds if WhiteHaven is able to raise \$20,000 in community donations.

That's a possible \$60,000 going toward a new facility, training efforts for ESA's and helping veterans in need. That is where WhiteHaven Canine needs your help, raising money for a great cause. You may donate through our Facebook page or through our PayPal links below.
