The Colombo Archery Centre will be conducting Stage 03 of the Colombo Archery Classic Archery Tournament series from the 22nd February to 1st of March 2021. As conducted previously, this will be a different tournament to the traditional archery tournaments we are used to and will be conducted over five days within an environment to minimize health & safety risks to the participants. We will not be shooting on the Poya day (26th of February)

We wish to also announce that Stage 04 of the Colombo Archery Classic series will be held from the 22nd to 26th of March 2021 under same format as Stage 03.

This will involve Archers shooting at different time slots which will be allocated based on a draw. The priority of the draw will be based in the order in which the Tournament entries are received.

In these challenging times, we are compelled to exercise caution to ensure the health and well being of participants and their families and such safety conditions will be strictly adhered to at all times.

The Colombo Archery Centre has ten shooting lanes. However, for the tournament at any given time there will be only five Archers shooting along with only one support person per Archer being allowed within the Archery Centre premises.

The Archer and support person will be required to immediately leave the Colombo Archery Centre premises no sooner shooting is complete and will be required to always maintain at least 1-meter distance with others.

The body temperature of all persons including Archers will be checked when entering the Colombo Archery Centre and entry will not be permitted if there are any health concerns.
