About

MTG – Multi turn Gear Actuator Series

Susin Group was founded by Mr. Muthukumar in 1992, as a company specialized in the design, manufacture and installation of Valve Automation Products to Different Industries. In 2006 the company stepped into Marketing to Manufacturing, and to focus more on valve automation Industrial requirements.

We are providing Complete Automation Solution to All kind of Valve Industries where we equipped to Support in Pneumatic, Hydraulic, Electrical & Mechanical Actuators. Susin Produces various range of Critical Products in different Applications.

OUR GLOBAL PARTNERS

(Korea)

(Germany)

(Singapore)

APPLICATION

MTG SERIES ACTUATORS are designed to have a side mounted handwheel to perform the manual operation of a linear valves like Gate & Globe valves which is installed with pneumatic actuator.

Our MTG SERIES ACTUATORS has Unique Design features to Provide Higher Efficiency through Worm Gear Constructions. This leads to reduce the Efforts to Operate the Valves.

MTG Series declutchable manual override offers a simple and reliable method for manual operation of linear Valves fitted with Pneumatic actuators

MTG Gear box is of rugged Construction and Suitable for indoor and outdoor use. It is designed for simple and reliable manual positioning of Valves. Self- Locking Worm Gear brings a long life and safe Operations.

Features

- ⊗ Ductile Casting Iron for both Housing & Cover.
- ⊗ Thrust unit for smooth load transfer on the gears
- ⊗ Epoxy primer coated housing and cover.
- ⊗ Special Lubricants for O-rings and gear
- ⊗ Roller Bearing equipped for Smooth Operations.
- ⊗ Used for high stroke length.
- ⊗ Manual engagement & disengagement at any position.
- ⊗ Self-locking worm gear design.
- ⊗ Extended support for hand wheel Shaft.
- ⊗ Hardened worm and worm gear.
- ⊗ Easy to Operate through Comfort Handwheels.
- ⊗ Rating-IP-67 Protection.
- ⊗ Support with Self- Lubricating Bushes for Worm.
- ⊗ High Thrust Bearings used to withstand heavy Load.

Engagement Type

- ⊗ Actuator stem is engaged with the gear box by means of Locking pin engaged threaded sleeve, which can be rotated and adjusted to any position for Manual mode connection.

MOV Flange (Optional)

- ⊗ MTG Worm gear actuator can be Operated through electrical actuators with MOV Flange mounting.

Technical Specification

MODEL NO	Input Torque (Nm)	Maximum Output Torque (Nm)	Max Output Thrust			M.A ± 10 %	Gear Ratio	Valve Mounting Specification		Hand Wheel Dia (Ømm)
			N	KN	Lbf			Standard	Option	
MTG-100	56.20	1000	160000	160	35969.4	17.79	40:1	F12	F10	350

Exploded View – MTG Series

Handwheel

- ☑ Various type of casting, fabricated handwheels & chain wheels can be offered by Susin.
- ☑ High quality material has been used for best construction.
- ☑ Hand wheels provide a simple and direct way to manually control valves.
- ☑ **Quick Response** : With hand wheels, you can quickly open or close valves in response to changing conditions & maintenance needs.
- ☑ **Visual Positioning** : Hand wheels have markings or indicators that show the direction of rotation to open/close the valve

Casting Wheel
Ranges from 8" to 16"

Chain Wheel
Ranges from 4" to 20"

Fabricated Wheel
Ranges from 8" to 40"

Note : For MTG- Clockwise rotation of handwheel will lift the valve/actuator stem toward upwards & Anticlockwise rotation will move the valve/actuator stem downwards.

Painting

- ☑ Applicable as per the standard ISO 12944-2
- ☑ We are providing our products in the following standard colors

S NO	COLOR NAME	COLOR CODE	RANGE (micron)
1	Sky Blue (STANDARD)	RAL 5015	150 TO 225
2	Brown Red (OPTIONAL)	RAL 3011	150 TO 225
3	Jet Black (OPTIONAL)	RAL 9005	150 TO 225

We provide special painting for marine applications and we can able to custom build color as per the customer requirement if it is possible
