

April Newsletter

What we are learning:

This month, our students will begin exploring biomes! They'll take a closer look at tropical rainforests, savannas, tundras, and more. Students will also enjoy their weekly presentations and continue tending to our garden.

Our younger students will be busy exploring textures, weather, and shapes through hands-on activities.

Stay tuned for some cute pictures!

Upcoming events:

4/2 - Egg Hunt & Luncheon

4/3 - Good Friday, NO SCHOOL

4/6 - MISD Closed

April Newsletter

Teacher Of the Month

Mrs. Prachi is our teacher of the month. She has already made a wonderful impact in the pre-k 4 classroom. She is dedicated, patient, and passionate about teaching, and she is already helping the children learn and grow in so many ways.

Student of the Month

Kingston is our Student of the Month! He is a caring and kind friend who always shows respect to his teachers and classmates. Kingston is eager to learn and comes to school ready to participate each day. He does a great job following directions, stays engaged during activities, and consistently tries his best.
