

J. Arthur Custom Closets Design Guide

Cabinet Color

(Although we make every effort to ensure color accuracy, your final product may not be an exact match to the image displayed.)

*Shown in Natural

- Our closet systems use high quality, 3/4" furniture-grade composite board.
- The standard material depth is 1 1/4".
- The wall-mounted systems hang on a durable steel rail.
- Our sturdy systems are designed to support up to 1,200 pounds per 8 foot section when properly designed, installed and with the weight evenly distributed across all inter-sections (please notify your designer if you plan to hang or store anything other than clothing in your closet).
