

Bennett Arts Council &
Unincorporated Arapahoe County
Economic Development (UACED)

Dear Business Owner:

Our organizations are excited to announce the 2021 Eastern Plains Summer Concert Series!

We are *thrilled to expand our 2021 concert series program to seven concerts*, three concerts at Trupp Park in Bennett, Colorado and four concerts at May Farms in Byers, Colorado during the months of June, July, August and September. These events are open to the public, free of cost, and are very popular with our I-70 Corridor residents and neighboring communities.

It is only with the assistance of businesses like yours that we can offer these special summer concerts free of charge to our residents, your customers.

Sponsorship opportunities are outlined on the attached sheet and range from our Andante Sponsor for \$500 to our Allegretto Sponsor for \$2,000. Your tax-deductible gift as a 2021 Summer Concert Series sponsor will allow you not only to give to the community but also offers a great advertising opportunity for your business.

The 2021 Eastern Plains Summer Concert Series will be enjoyed by all ages and greatly appreciated by the community. We know you will agree that by becoming a sponsor, your business will receive unequalled advertising, recognition, and promotion combined with Community involvement.

We sincerely appreciate your support and participation! Feel free to contact us if you have any questions or comments. We look forward to hearing from you soon.

Sincerely,

Taeler Houlberg/Bennett Arts Council Coordinator
