COMPANY PROFILE

Innovative Modern Trend

WWW.IMTFURNITURE.COM

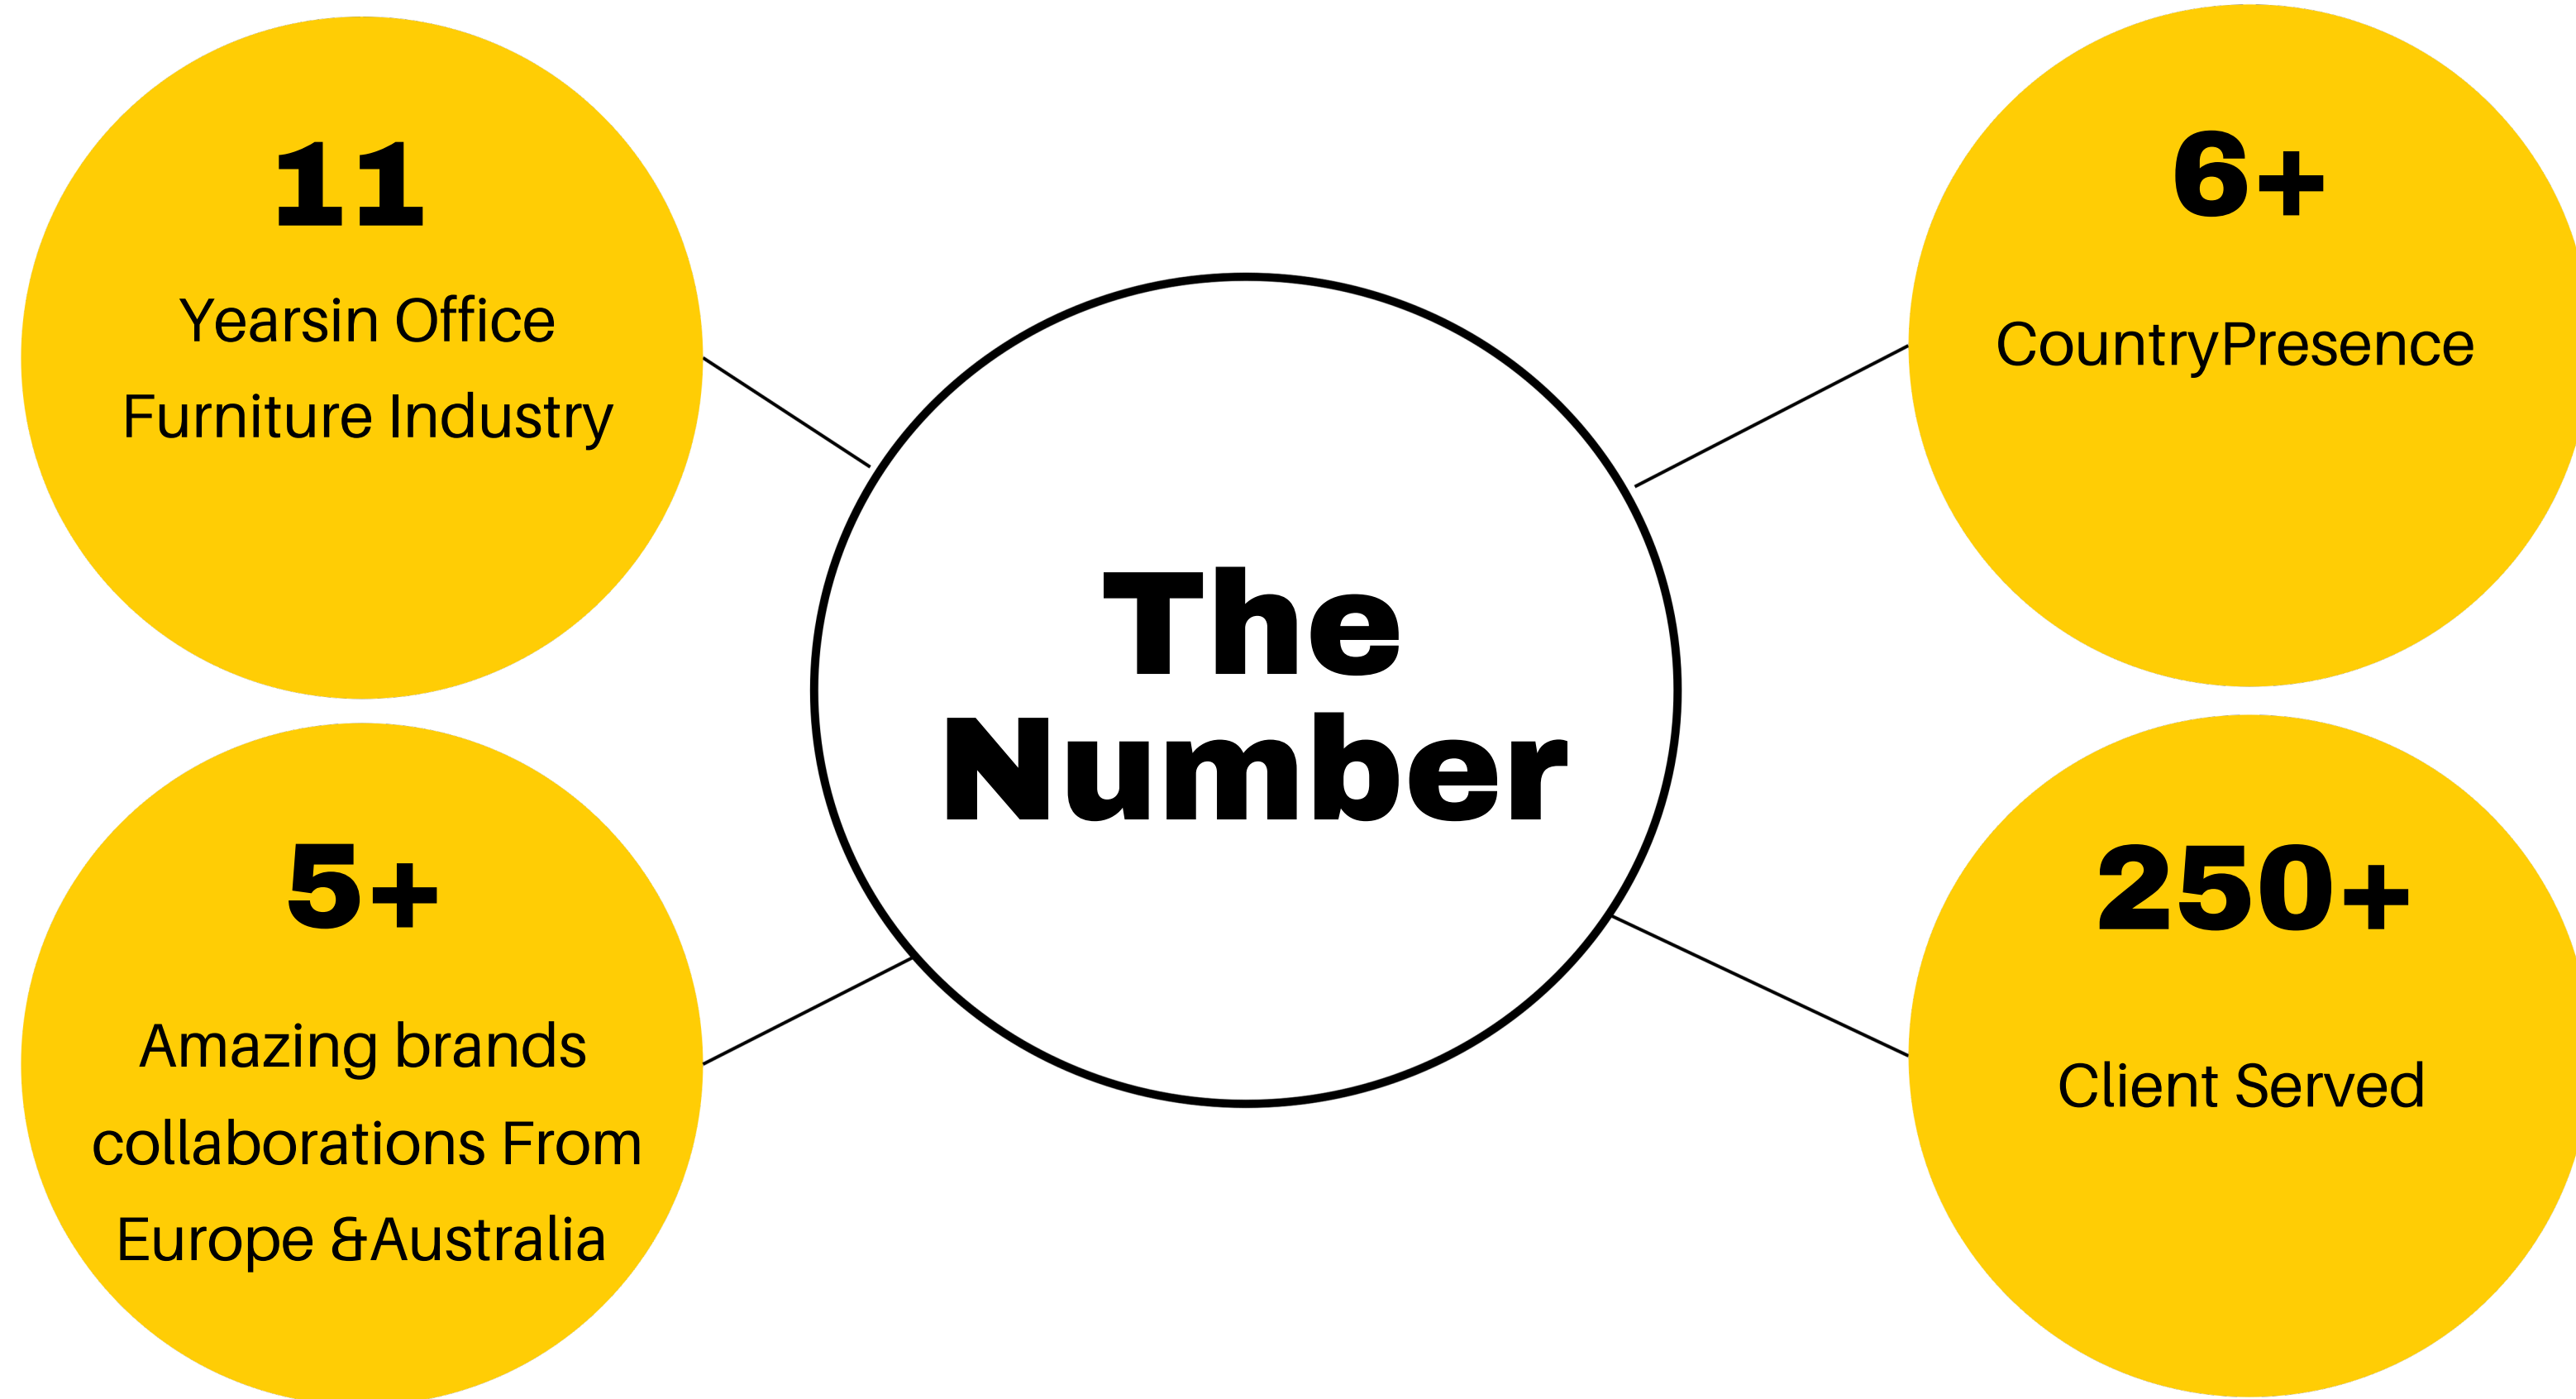

COMPANY OVERVIEW

IMTFurniture was established in Malaysia in 2014 and has since expanded its presence across the APAC region. With a state-of-the-art factory in Malaysia and strategically located assembly units in India and China, we ensure efficient production and distribution.

Renowned for our commitment to quality, IMT Furniture collaborates thoughtfully with leading European brands, bringing innovative designs and superior craftsmanship to our clients. Our extensive portfolio caters to diverse needs, emphasizing functionality, durability, and aesthetic appeal. At IMT Furniture, we strive to redefine spaces through excellence in furniture manufacturing and strategic partnership.

Milestones

2014 – Our story began in Malaysia, driven by a vision to redefine office spaces through innovative furniture solutions."

2019 – Expanded operations to India, marking the beginning of a new chapter in transforming the Indian furniture landscape.

2024 – Strategic collaborations with global brands including Bejot (Poland) and Bimos (Germany) to enhance product innovation and quality.

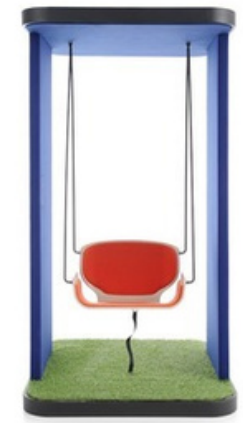

IMT FURNITURE

IMT BRANDS COLLOBRATION

IMTFurniture takes pride in its strategic partnerships with renowned international brands, enhancing our product offerings with innovative designs and superior craftsmanship:

www.imtfurniture.com

bejot:

ISKU

BEJOT POLAND COLLECTION

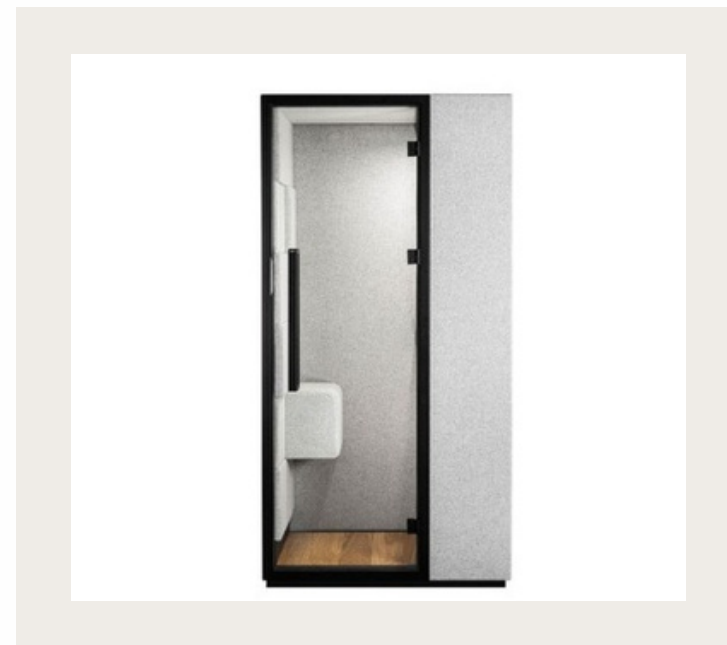

The leading manufacturer of office furniture and acoustic solutions in Poland

We are a family-owned company that through the idea, enthusiasm and work of the entire team has changed from a small carpentry plant into a large manufacturer of office furniture and acoustic solutions.

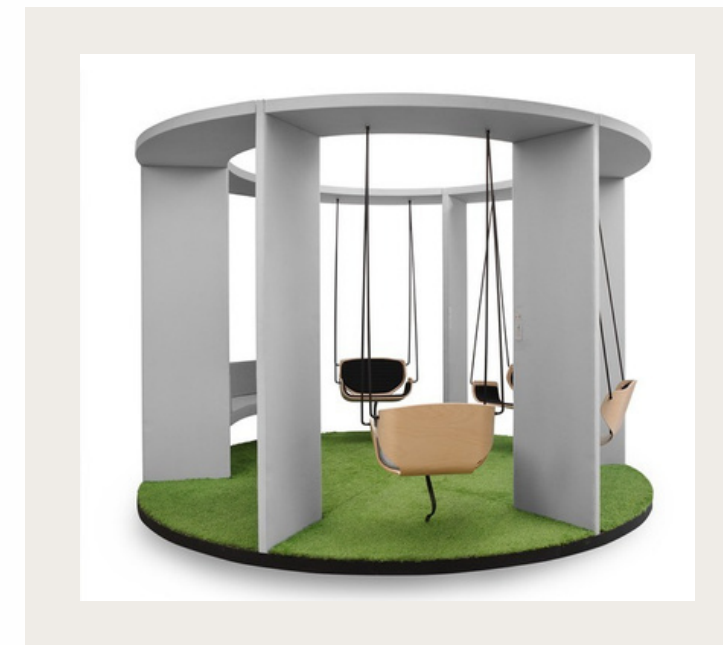

LEAF_POD | SNAKE_POD

The Leaf_pod collection includes acoustic furniture sets. Ideal for areas requiring constant communication and collaboration.

QUADRA:STANDING_BOX | QD SBG

Quadra acoustic booths are solutions for large, bustling spaces.

SOCIAL_SWING: ROUND | SSR

The Social Swing is a 6-person swing for offices that will provide relaxation, well-being and relaxation for employees.

SPIN | SN W HB1

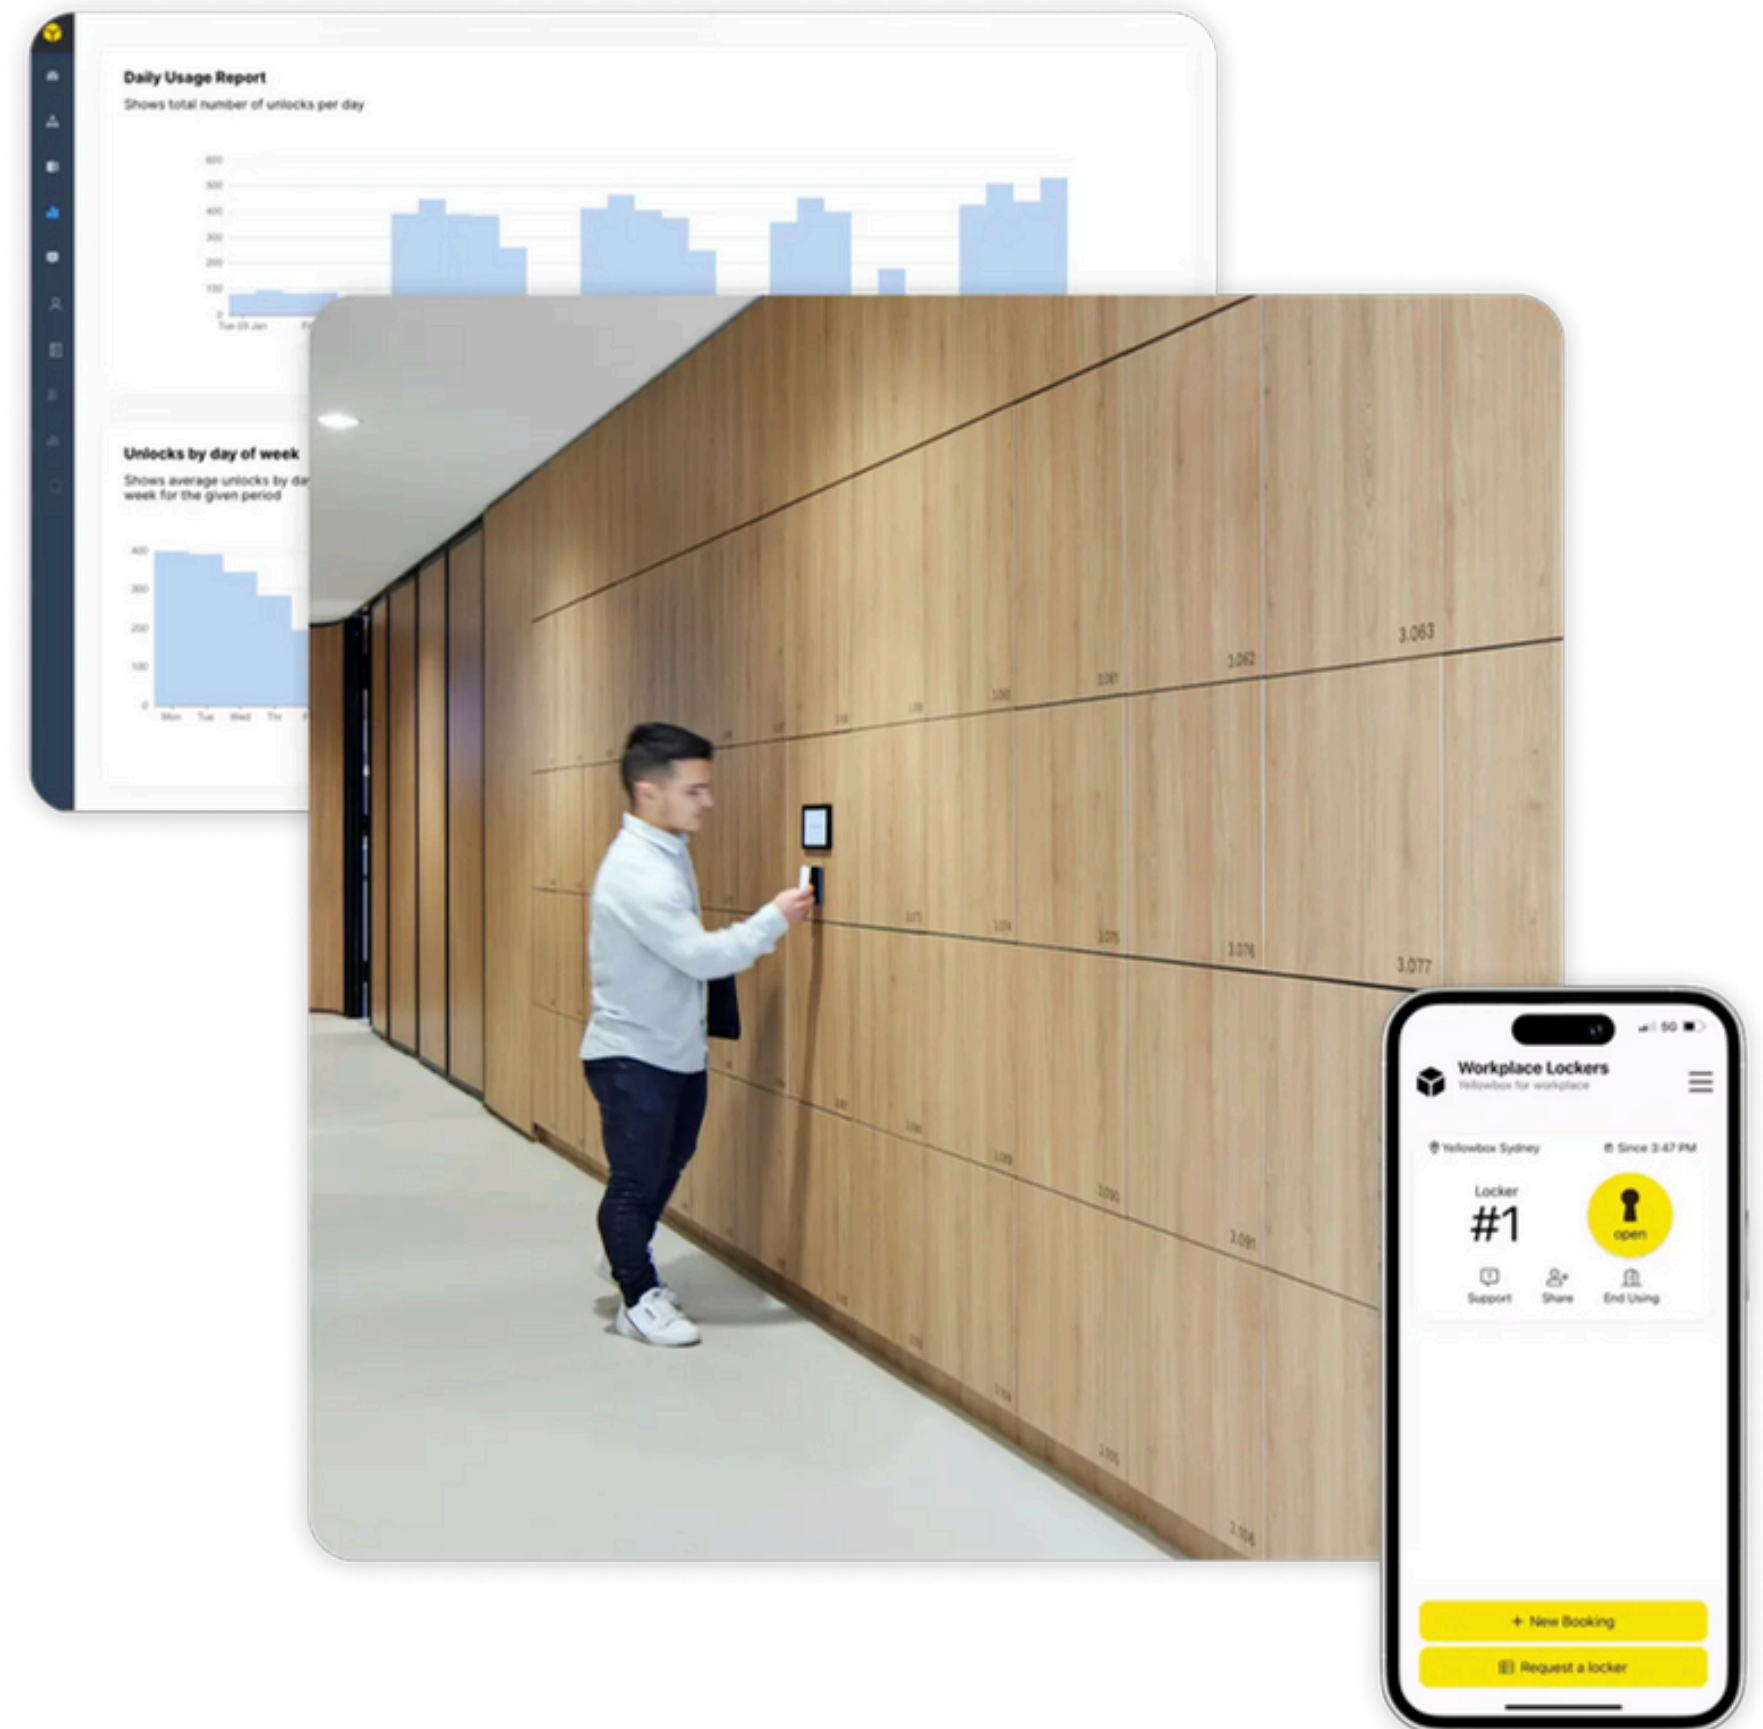

Benches from the Spin collection are seats with an interesting industrial design that will give your interior a unique character.

YOUR SMART LOCKER SYSTEM, MADE SIMPLE.

Delightful to use, effortless to manage. A powerful solution that adapts to the way your organisation works.

- Seamless and flexible locker access for users
- Self-serve locker access and management
- App, RFID Card, Microsoft Outlook & Teams, Apple & Google Wallet or Touchscreen PIN access
- 9/10 user experience rating

IMT FURNITURE

ISKU

ISKU FINLAND COLLECTION

ISKU, Finland's largest operator in the furniture industry, is growing and has concentrated all its production in Lahti. Read our story here since 1928, when Eino Vikström founded ISKU downstairs in his home.

MYFLOW CHAIR UNIVERSAL CHAIR WITH CROSS-BASE

MyFlow Chair was born a classic. The design combines wood, carefully selected upholstery materials and metal in a unique way.

DUO LOUNGE CHAIR

The Duo Lounge chairs are light, durable and ecological. Due to the heat-formed Grada plywood, the sitting comfort is excellent.

FUNKIS EASY CHAIR

Funkis is a unique product designed to enhance various work and learning environments.

BIG HUG EASY CHAIR

Big Hug is an impressive easy chair for both homes and public lounges. It is the winner of the Finland 100 Furniture Design Competition in 2017.

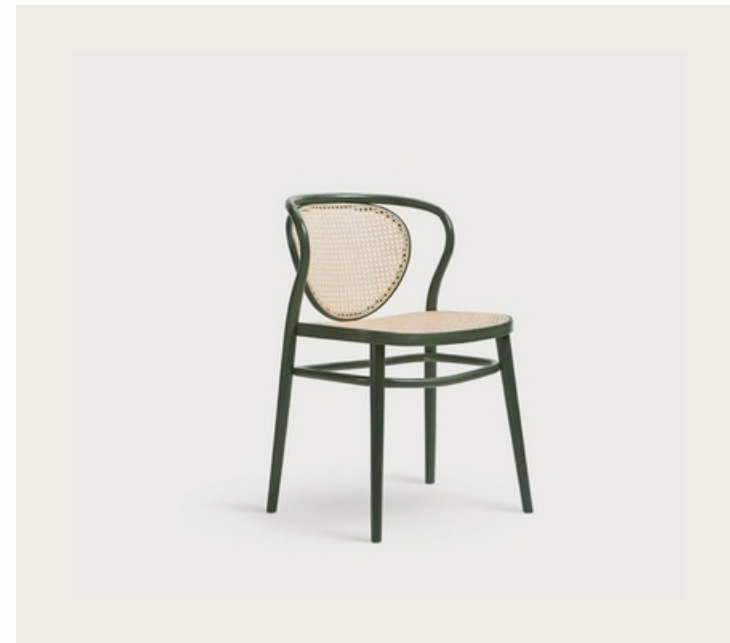

PAGED POLAND COLLECTION

Paged Meble designs and manufactures furniture that is as durable as the foundations on which our 140-year tradition is built: the use of wood as the finest natural material, respect for the environment and its resources, and the cultivation of precise craftsmanship that makes each of our products unique.

K2 B-2220

K2 is a family of wooden upholstered furniture that was created in response to the increasing demand for contemporary mountain-style furniture that would harmoniously complement advanced architecture emerging in the foothills of the tatra and beskid mountains and the Alps.

NODO A-1400

A distinctive feature of the A-1400 chair is its thin rear legs, made from beech rods and bent into an elegant, sensual shape.

PERLINE B-1838

Perline is a true masterpiece of functional art. It's not just a chair but also a toy, a meditation tool, and a sculpture that invites touch. The beads are not merely decorative; they are also an interactive element full of joy.

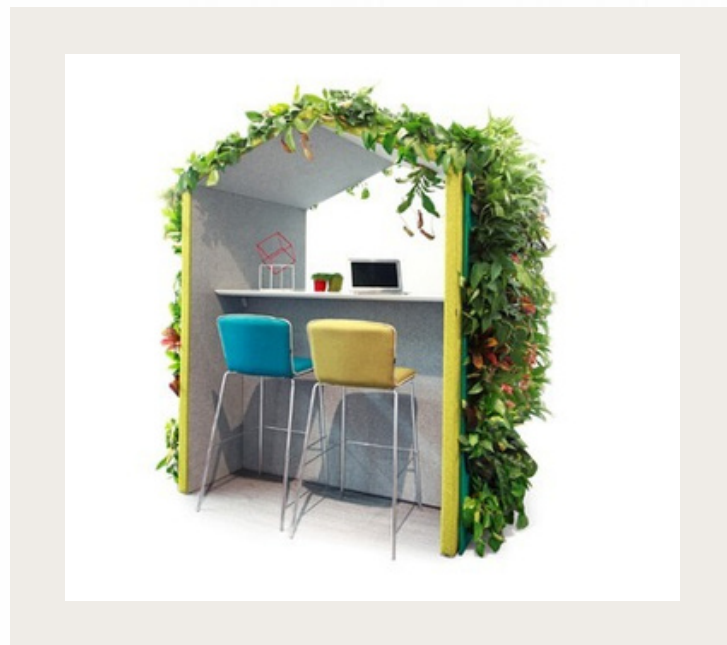

PROP H-4390

The strength of the PROP design is combining classical style with minimalism. The furniture structure is made of turned wooden legs with the seat and backrest made of plywood.

lightspace

LIGHT SPACE CHINA COLLECTION

Lightspace's vision is to be the most creative brand in public space furniture. Originality is our language. Design is our life. The constant expression of design using spatial awareness, creating identity and delivering functionality is the blood that runs through our brand.

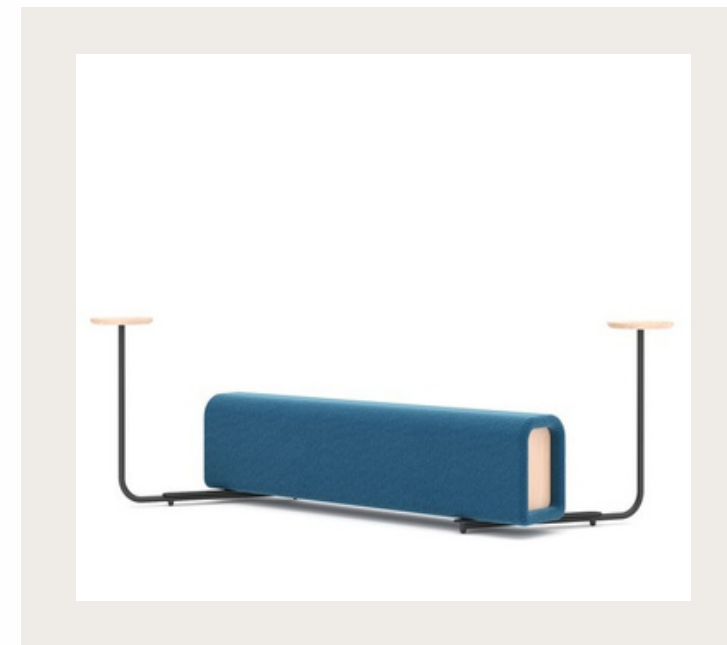

STUDY HOUSE

The House series has sofa, semi-open sofa set and bar set to meet your various needs.

FJ TABLE

The Finnjåvel Tables were designed to look beautiful on their own and when installed as a large series in different combinations in a space.

MOUNTAIN STOOLS

The Mountain Stools are seating solution that solves the temporary rest and social problems in public spaces through modularization.

UFO LOUNGE

UFO series features a moulded shell upholstered with full foam and cinched to give a comfortable cushion look and feel.

bimos

BIMOS IS A SPECIALIST BRAND UNDER THE GERMAN MANUFACTURER INTERSTUHL BÜROMÖBEL GMBH & CO. KG,
HEADQUARTERED IN MESSSTETTEN-TIERINGEN, GERMANY

ESD-compliant work chairs from Bimos ensure an all-round protection: Thanks to conductive comfort upholstery, conductively coated steel parts, volume conductive plastic, castors and glides, as well as a comprehensive conduction of all components, the work chairs represent a reliable overall system. They not only meet current standards, but also practical everyday demands.

Tension Control

EFFICIENT MECHANISM CONTROL SYSTEM

The design of the contemporary office chair is to think for the customer down to earth, to understand their needs and then try the best to design a chair with more than basic functions.

In the ARICO design process, the worthiest concern is the design contradictoriness. It needs simple and neat lines as well as mutiple functions. Our designer simplifies the spring system so as to reduce the size of mechanism.

Flip desk bike

FEATURES

- Fully Assembled – It's ready to go right out of the box – no assembly, installation, or tools required
- Quiet Operation – Ideal choice for courteous office use without disturbing other coworkers
- Full-Motion Desktop – Fully adjustable desktop with forward, backward, up and down movement–great for sitting or standing positions
- Smooth Bi-Directional Pedaling – Customize your exercise with smooth forward and backward pedaling
- Easy-rolling Mobility – Four durable caster wheels with 360-degree swivel allow you to move the bike easily from room to room
- Adjustable Magnetic Tension Resistance – Eight adjustable settings let you customize the intensity of the resistance while you pedal
- Pneumatic Height Adjustment – Pneumatic adjustment lever allows you to easily adjust the seat to your desired height.
- Gravity Sensor Wheel Locks–Your safety is assured while you exercise with the gravity sensor wheel locks that keep the desk bike from rolling when you're using it.

MONITOR ARM COLLECTION

Edge Monitor Arm

Securely holding up to 20kg (44lbs) and accommodating monitors up to 34". Optimized head tilting spring makes a smoother tilting adjustment. Available in modern colors including classic black, white, and stylish polished Aluminum, this arm combines strength with style to elevate the workspace. Its easy topside installation eliminates the need for crawling under desks.

Edge Monitor Arm

- Support weight up to 44 lbs: easily reposition large curved/flat monitors
- Detachable VESA Plate Design: enables easy installation
- Built-in Cable Management: for an organized and neat workspace
- 360° Rotary VESA Plate: for more viewing experience
- Swivel Ability: for multiple screen viewing angles
- Optimized Tilting Structure: provides excellent weight-bearing capacity and smoother adjustment for large screens
- Installs from Top Side: installs entirely from above the desk surface
- Freely Adjusting Height: for an optimal ergonomic position
- 180° Rotation Stop: prevents monitor arm from swinging into screens or walls

Product Category:	Gas Spring Monitor Arm
Rank:	Premium
Material:	Steel, Aluminum, Plastic
Surface Finish:	Powder Coating

Meeting Chair

POLY

Poly Executive chair designed for senior managers. The core is the wire-controlled chassis integrated with the armrests. By integrating the internal spring system, the chassis volume can be compressed without sacrificing any functions.

AMOLA

Create a dense cloud-like sitting feeling, allowing people to focus and improve work performance.

ANGUS

Angus is a minimalism style design with a strong impact vision! Its design inspiration comes from the breed cattle "angus" which is well known for its meat but also for its strong and important shape.

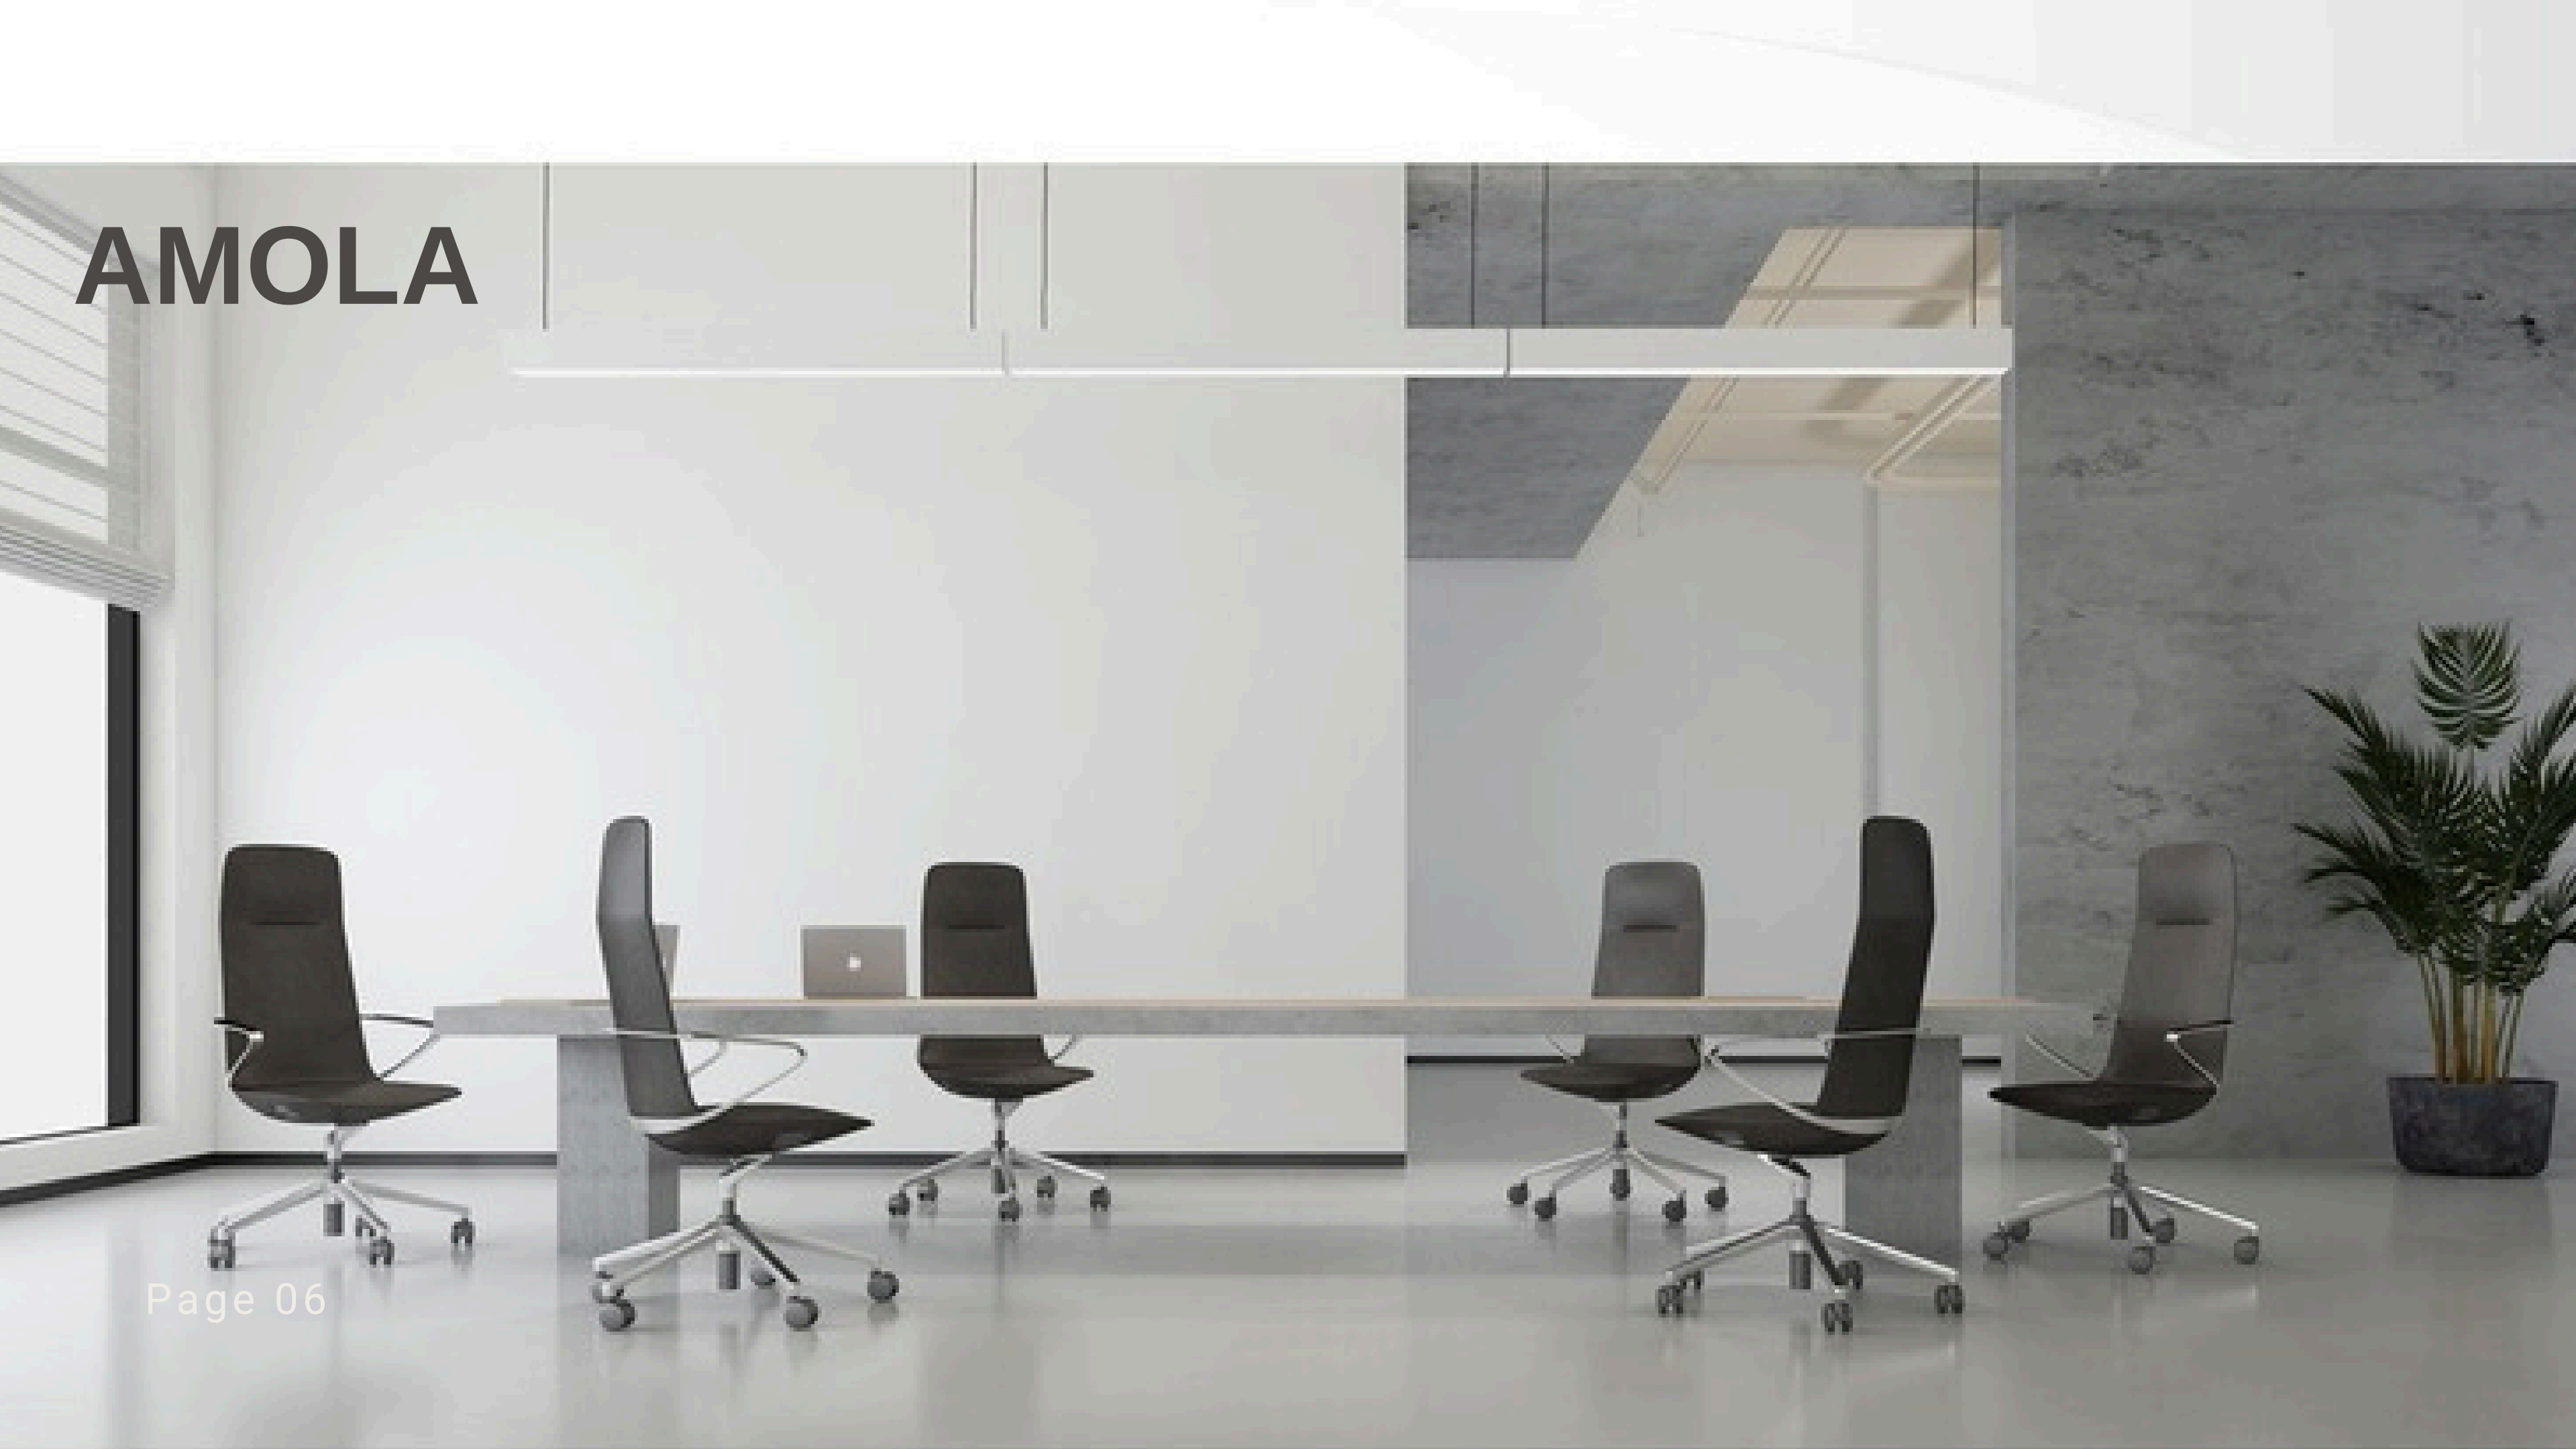

RICO

POLY

AMOLA

Training Room

PRIMA

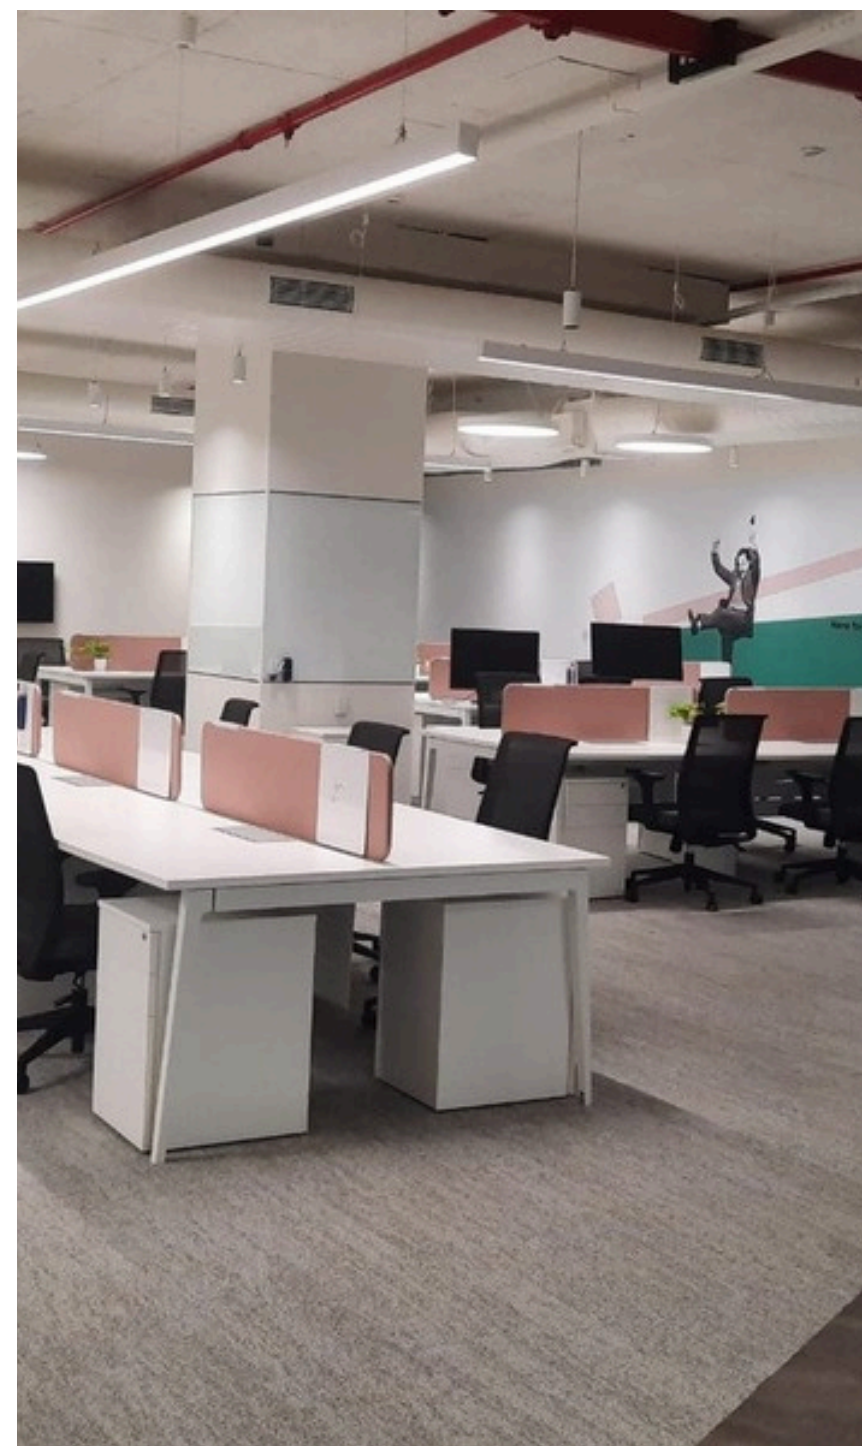

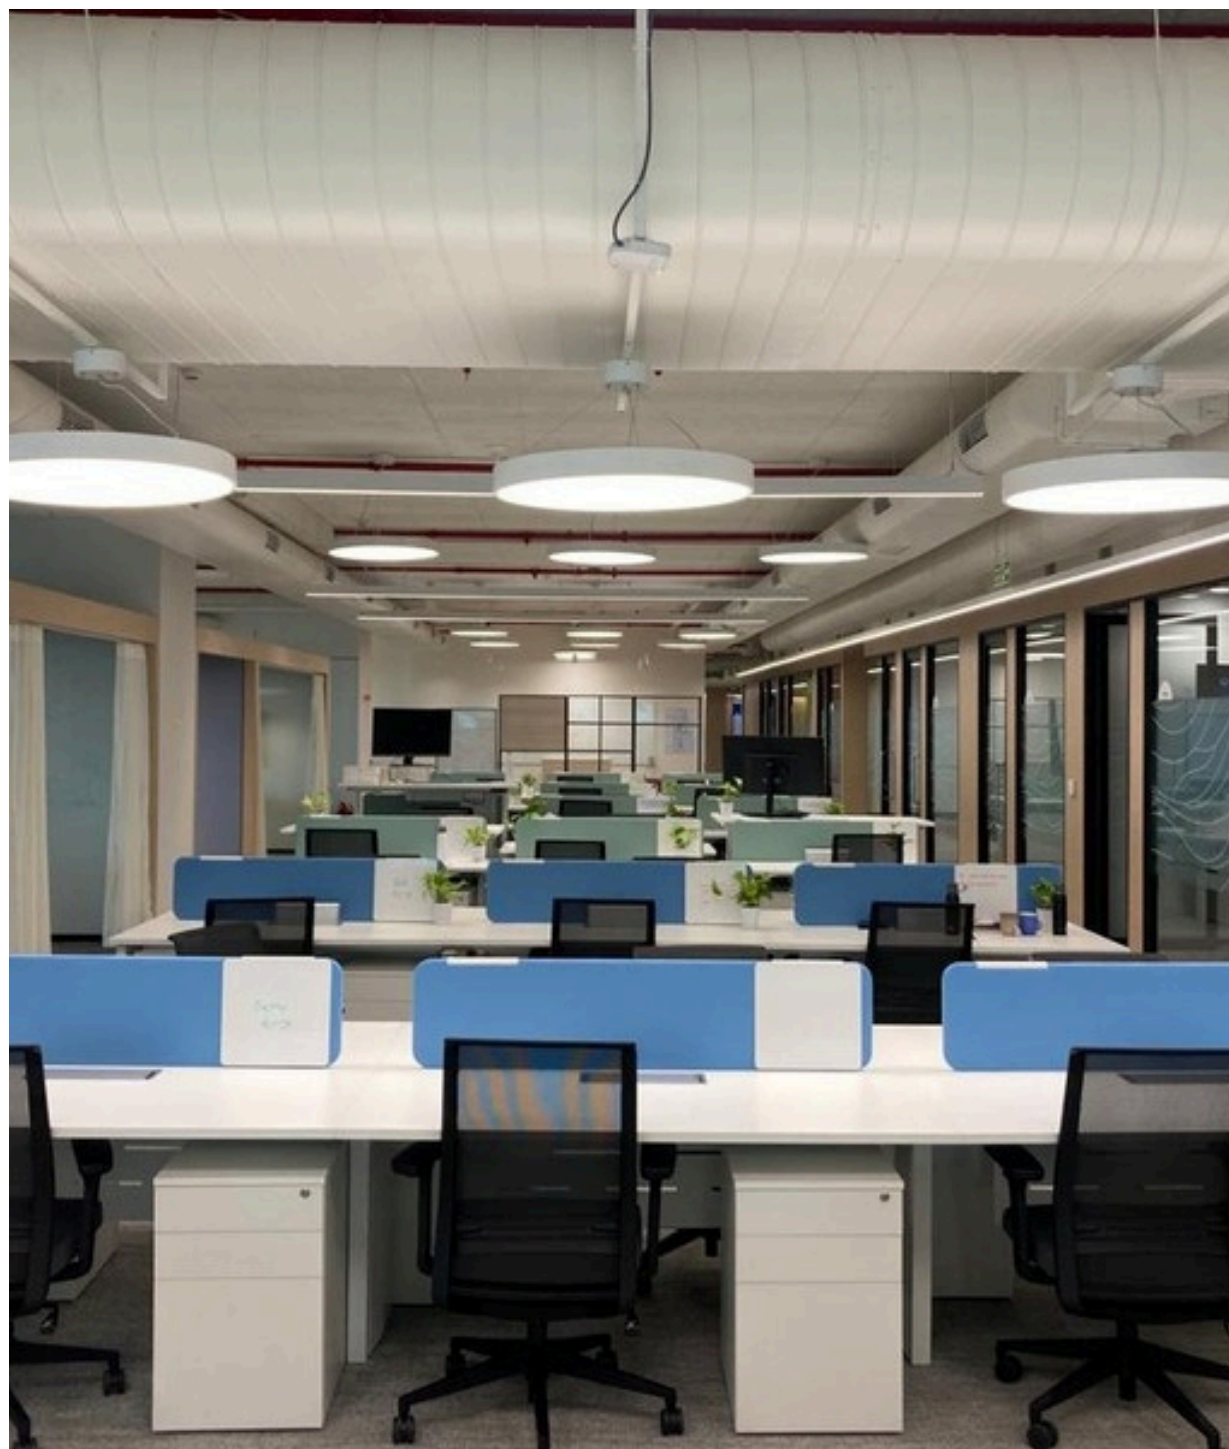

Made from premium quality materials, our training chair is durable, long-lasting, and able to withstand rigorous use. The seat and backrest are with breathable mesh, providing superior comfort and support during long hours of sitting

ELVIN

As companies evolve, their meeting and learning spaces must adapt to meet everyday needs. Elvin Plus is the perfect solution for versatility in multi-functional environments. Designed to be flipped, nested, and easily movable, Elvin Plus offers unparalleled flexibility, making it an ideal choice for dynamic and adaptable spaces.

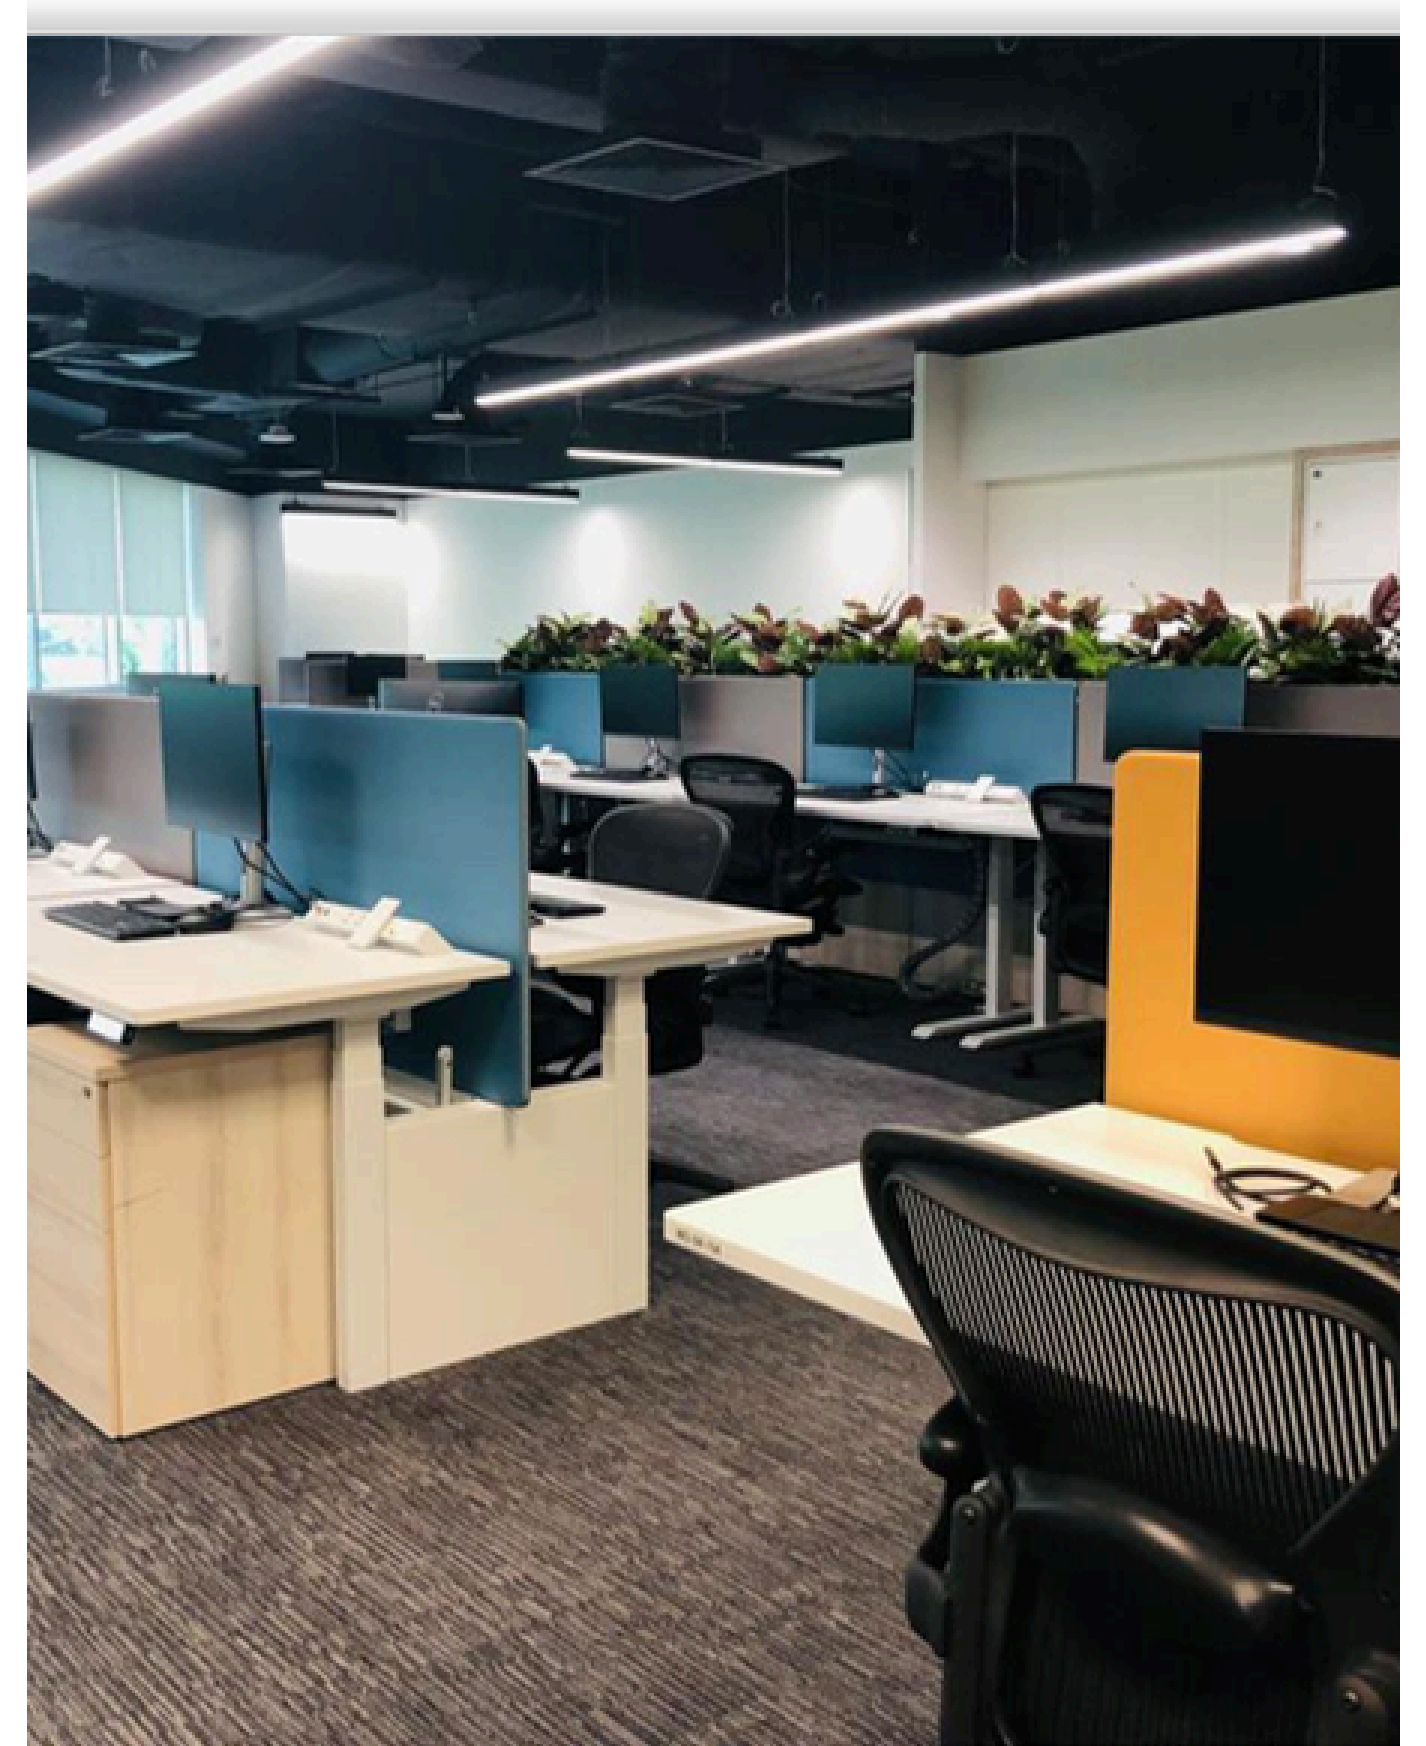

PROJECT REFERENCE

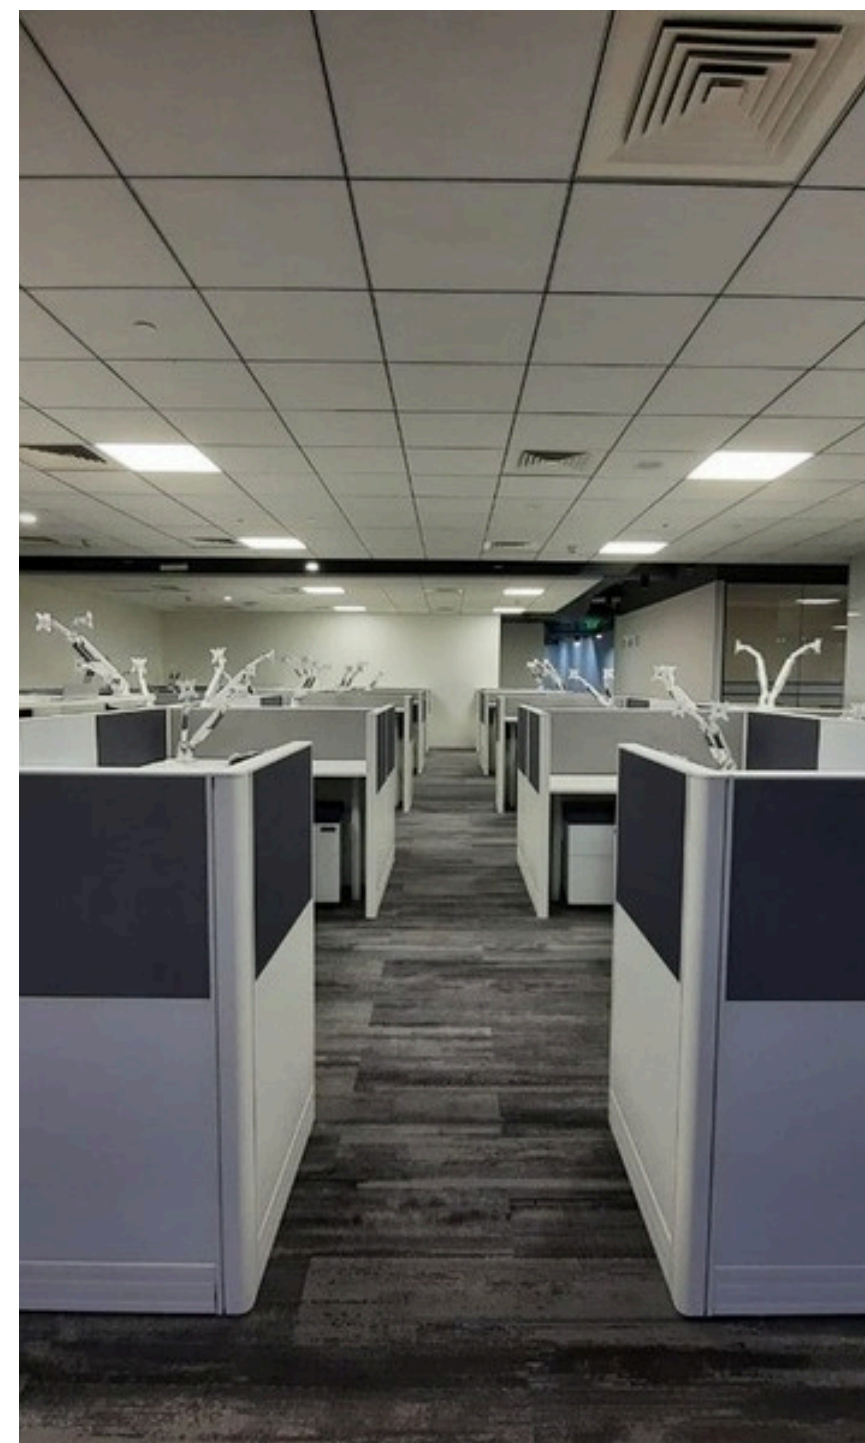

FI Money Bangalore with our In2 Desking Workstations and Curva Chairs, combining modern design and ergonomic comfort. The sleek workstations foster collaboration, while the contemporary chairs ensure a productive and comfortable work environment.

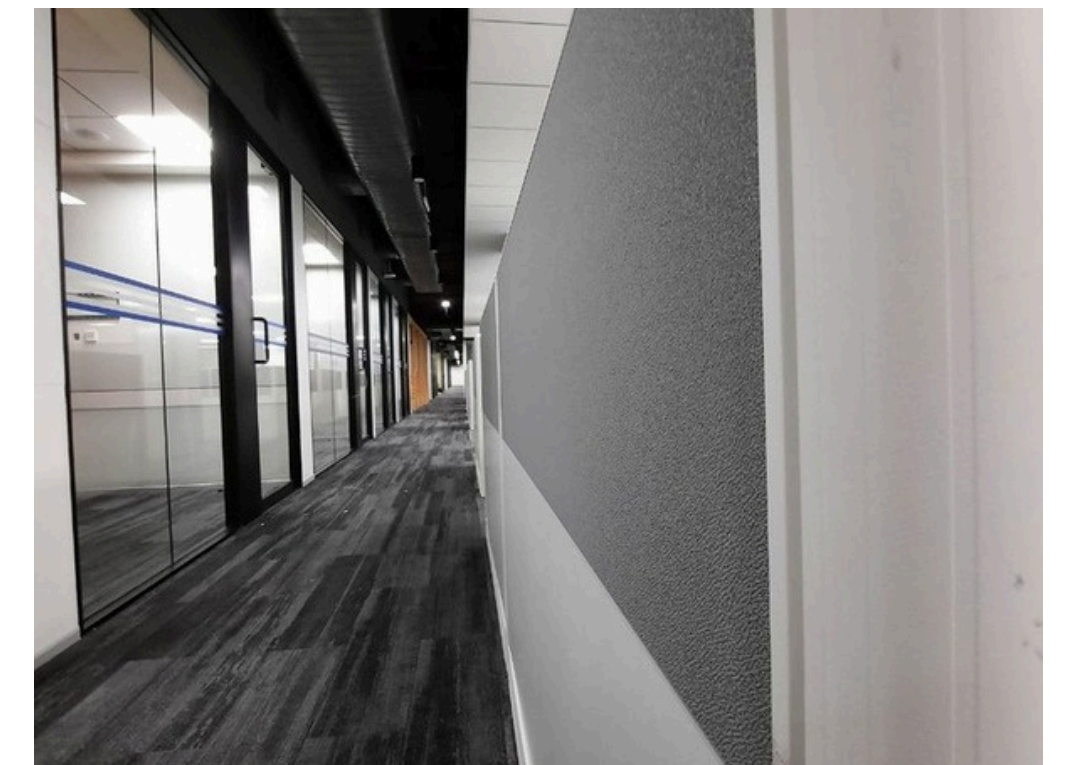

INSIST HAT Workstation to Dell offices in Singapore and Thailand. This deployment supports Dell's ongoing engineering and development activities by providing high-performance, reliable computing solutions tailored to their technical requirements. The project reflects our capability to deliver advanced workstation systems across multiple regions in Southeast Asia.

The project involved the supply and installation of the IN2 Partition System, complemented by Vertex Monitor Arms, creating cubicle-type workstations at Micron Technology's premises.

Our collaboration with Micron Technology was centered around designing workspaces that prioritize focus, privacy, and efficiency. The IN2 Partition System, with its modular and customizable design, perfectly aligns with these objectives. The cubicle-type workstations offer enhanced privacy, allowing employees to concentrate on their tasks without external distractions.

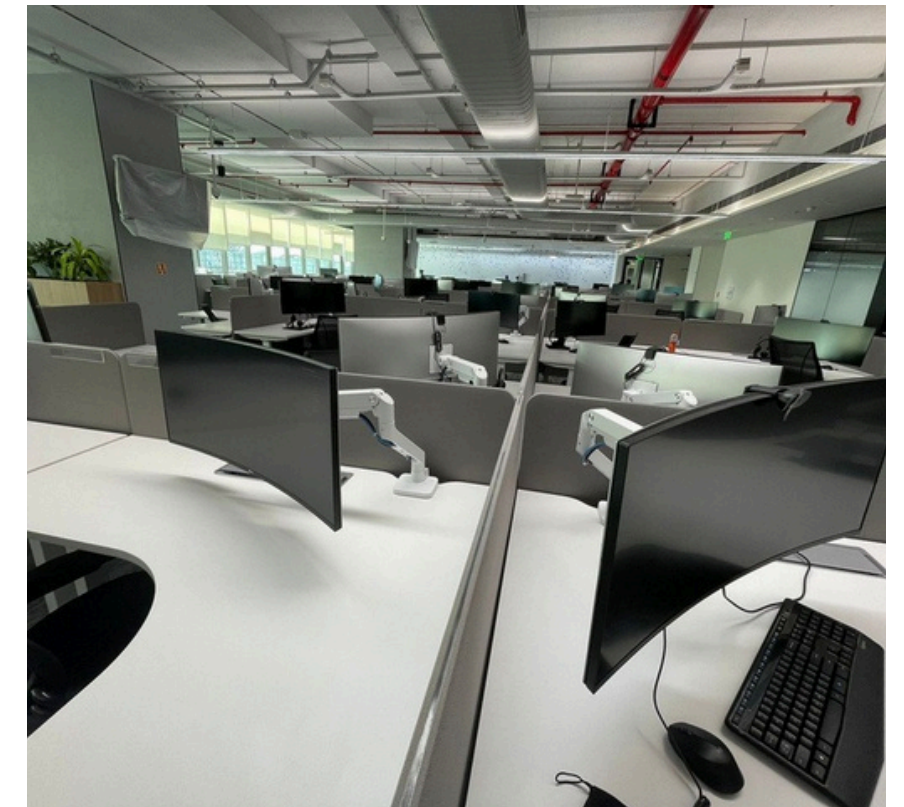

United Nations

IN2 HAT and Flex Monitor Arms to United Nation Bangkok, enhancing their workspace with an open-plan desking system and ergonomic monitor arms. Elevate your office environment with our innovative solutions, promoting both functionality and comfort for a productive work experience at UN Bangkok .

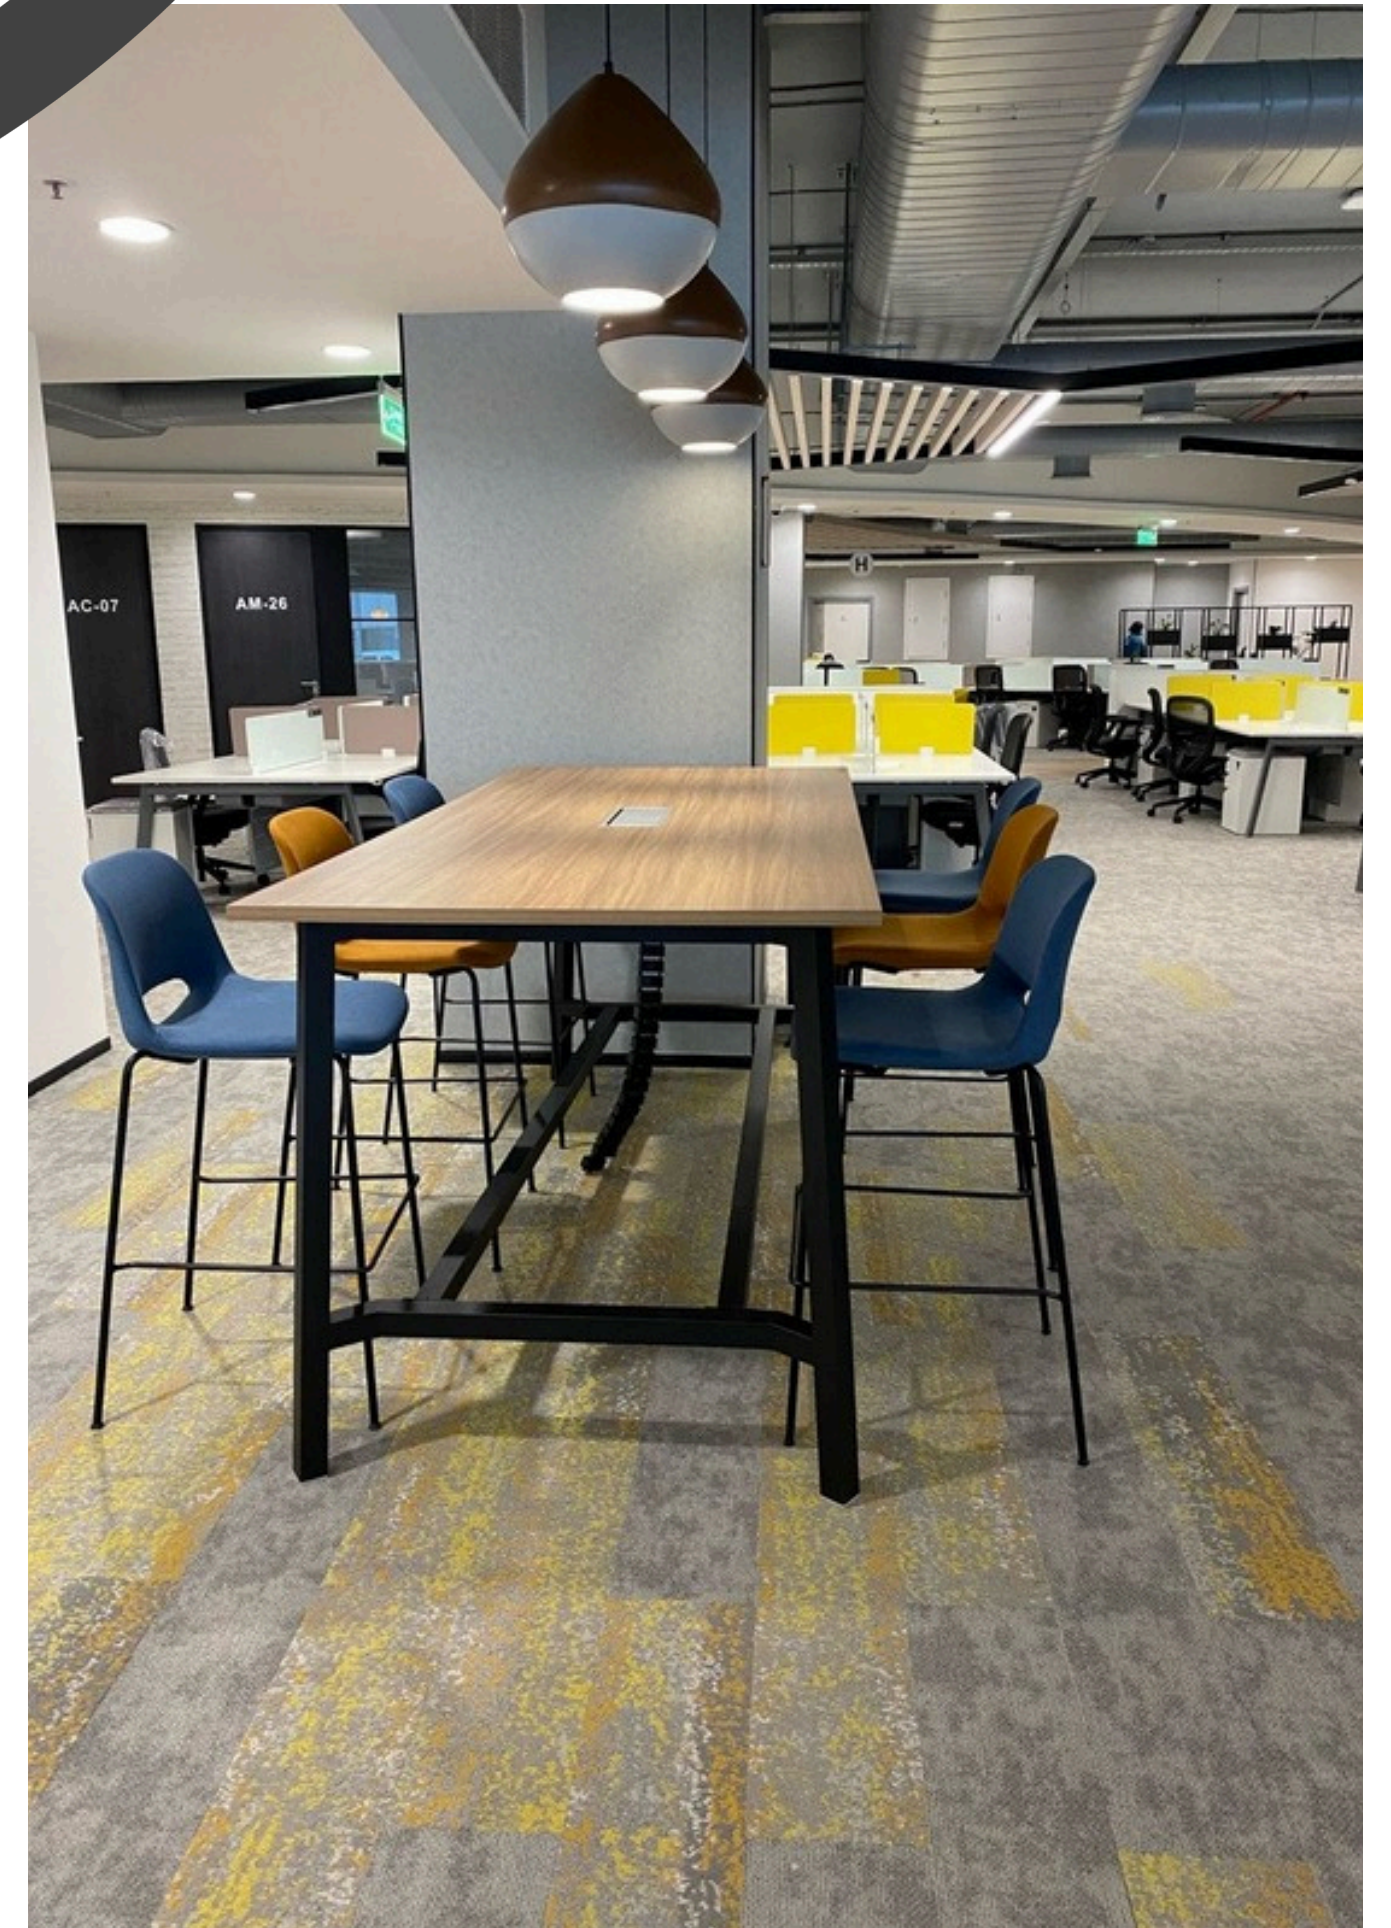

TRIMONT

As part of Trimont's initiative to enhance workplace ergonomics and employee productivity, we successfully supplied and installed HAT workstations along with fully adjustable monitor arms at their Bangalore and Hyderabad offices. These ergonomic setups were selected to support a flexible, health-conscious work environment, catering to both seated and standing work preferences.

The project encompassed the design, manufacturing, and installation of collaborative furniture, specifically lounge chairs and cafeteria furnishings, tailored to meet Titan Software's unique requirements. Design Concept: Our team worked closely with Titan Software to develop a design concept that harmoniously integrates functionality, comfort, and aesthetics. The collaborative furniture selected is not only visually appealing but also aligns seamlessly with the company's corporate culture and workspace ethos.

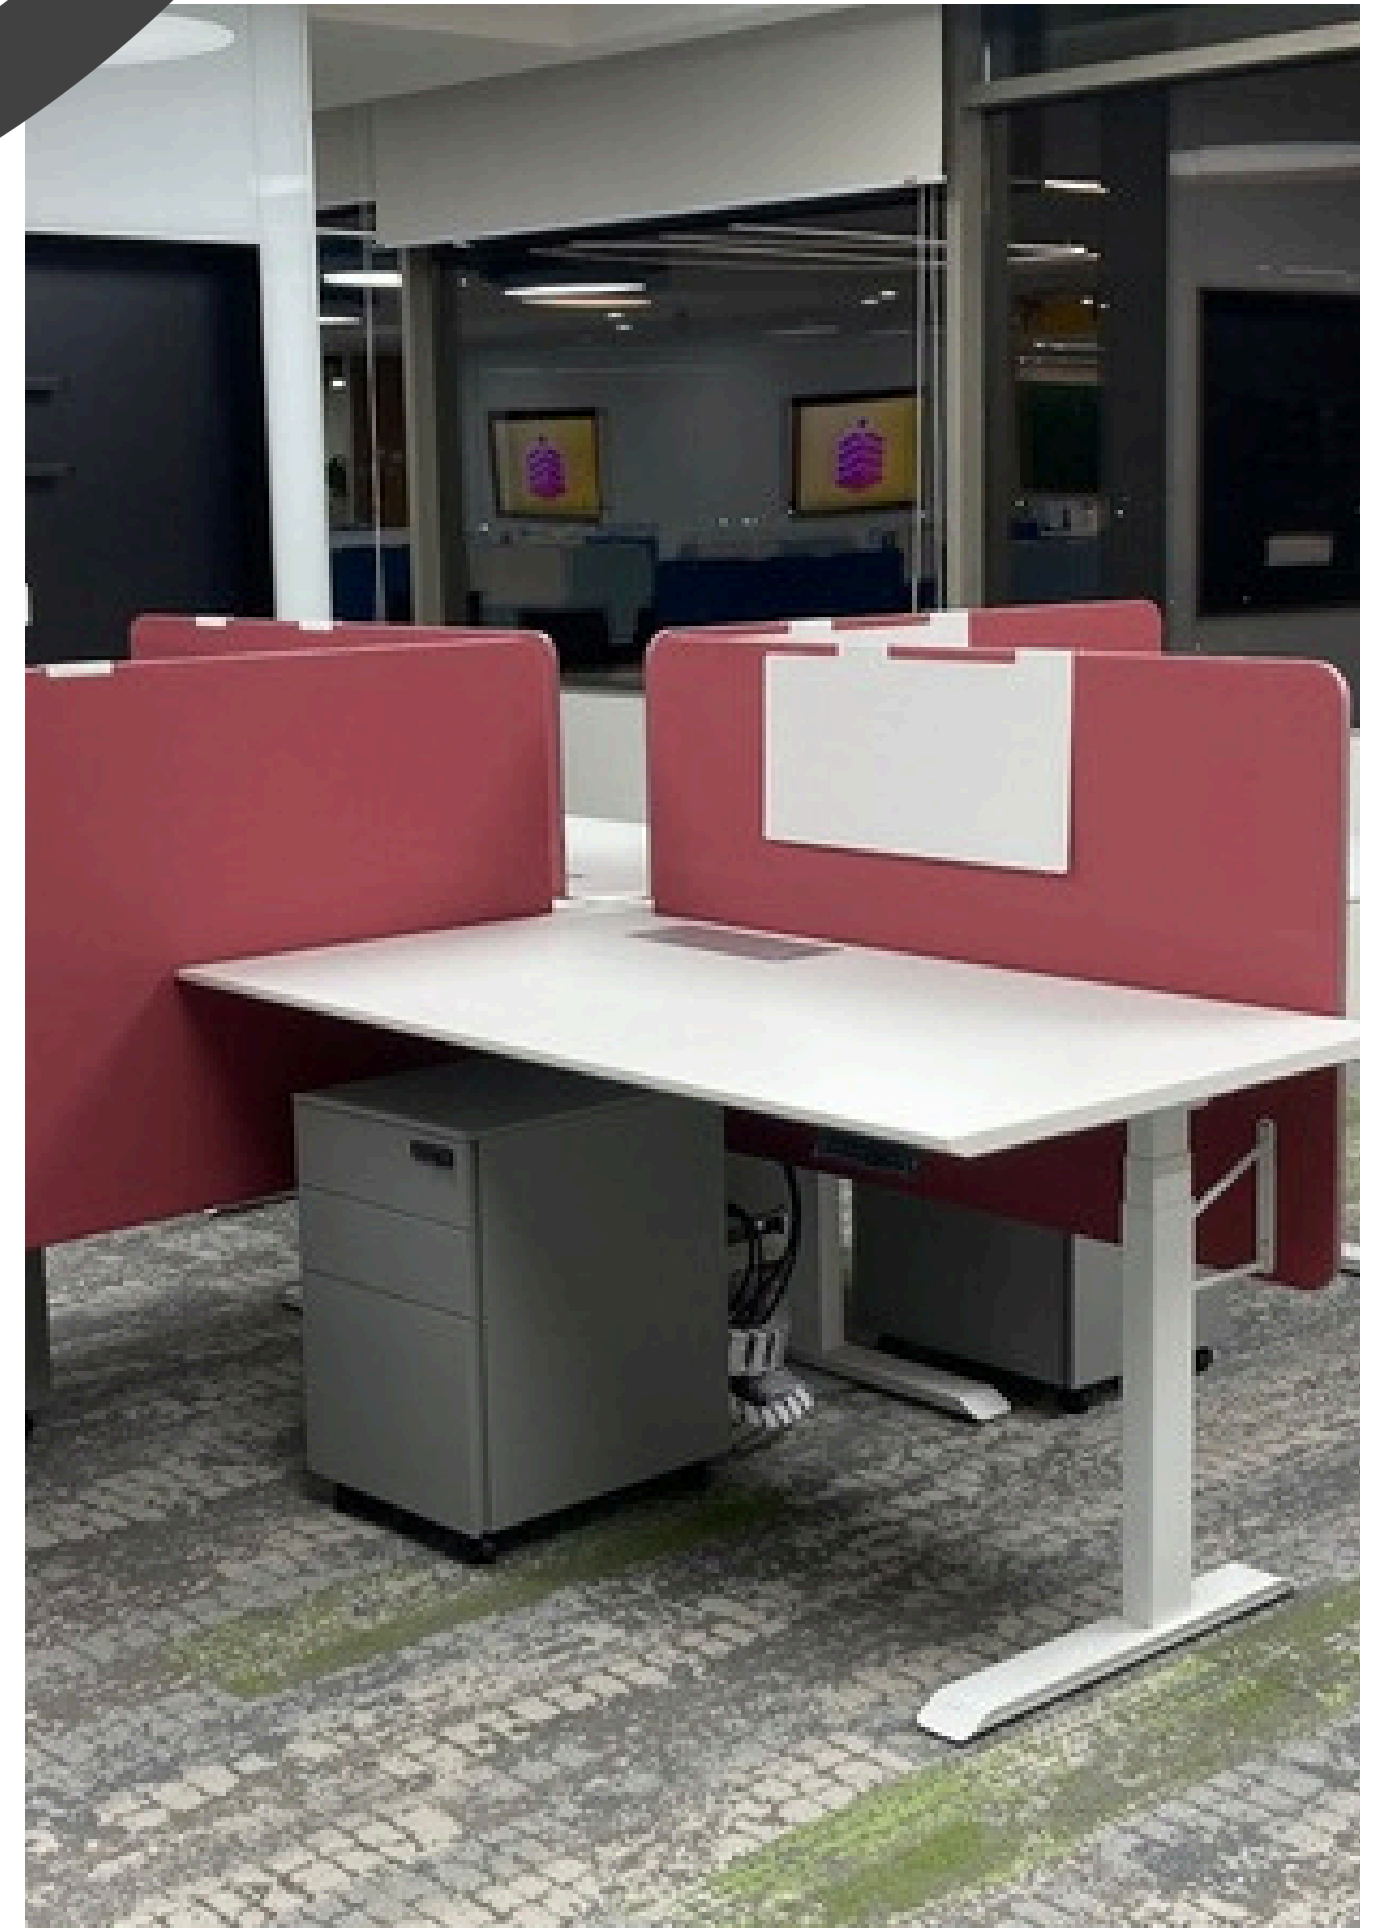

installed the HAT Workstation for a leading technology company based in Singapore. While the client's name remains confidential, this deployment highlights our ability to provide high-performance computing solutions tailored to demanding industry requirements. The workstation supports advanced data processing and design tasks, reinforcing our commitment to innovation and reliability.

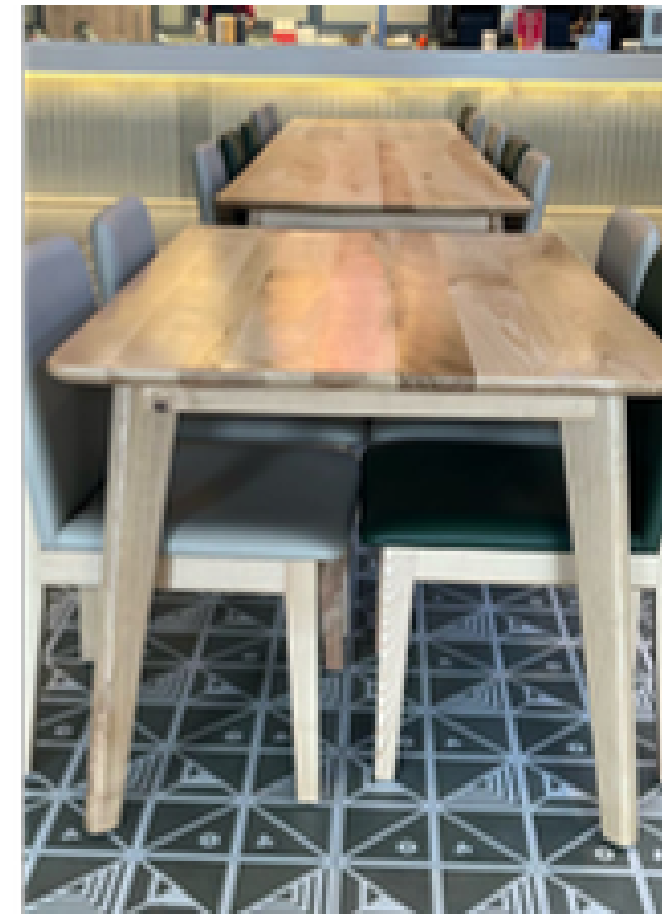

Athena Health - Chennai

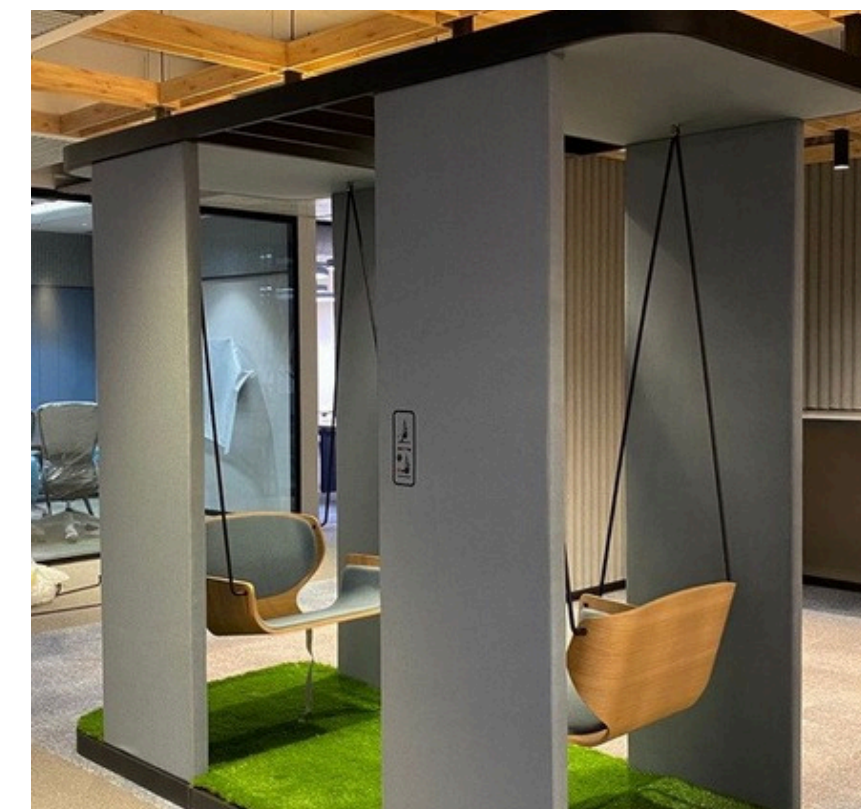

RMZ Builder's corporate facility in Hyderabad India, we delivered a complete furniture solution for their cafeteria and breakout zones, focusing on both aesthetics and functionality. The scope included supplying modern, high-durability furniture designed to foster relaxation, informal collaboration, and employee well-being.

Hindustan Unilever Limited

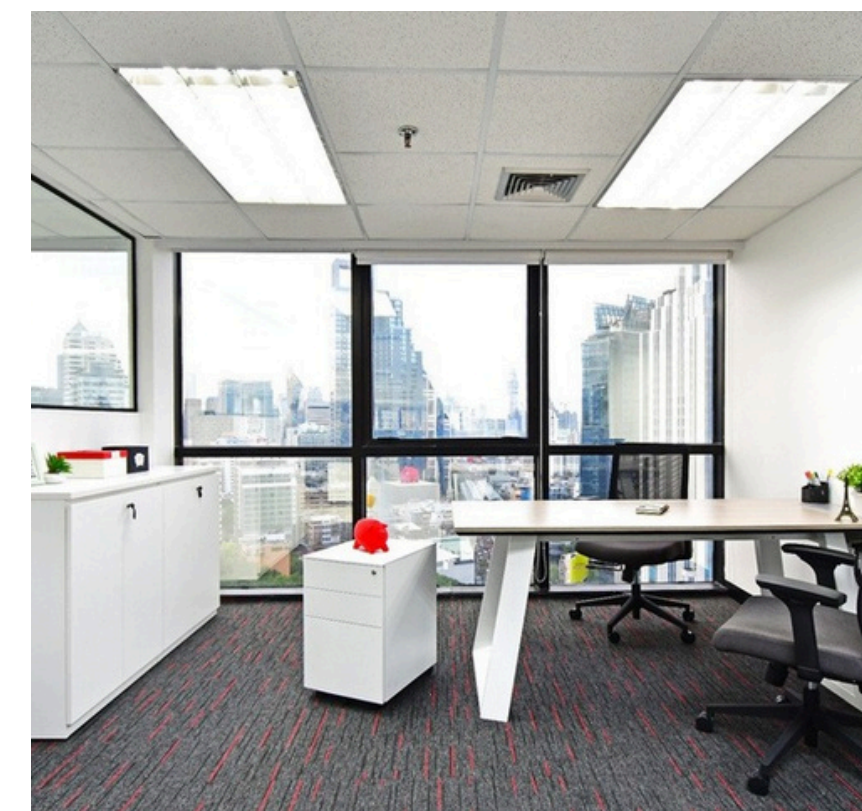

Delighted to outfit Hindustan Unilever with our innovative Social Swing from Bejot Poland, fostering a dynamic and collaborative workspace.

The Social Swing creates an informal meeting place that stimulates creativity at the same time transferring the atmosphere of the park to the office. This is the place where the most inspiring and surprising ideas can arise in an atmosphere of free discussion.

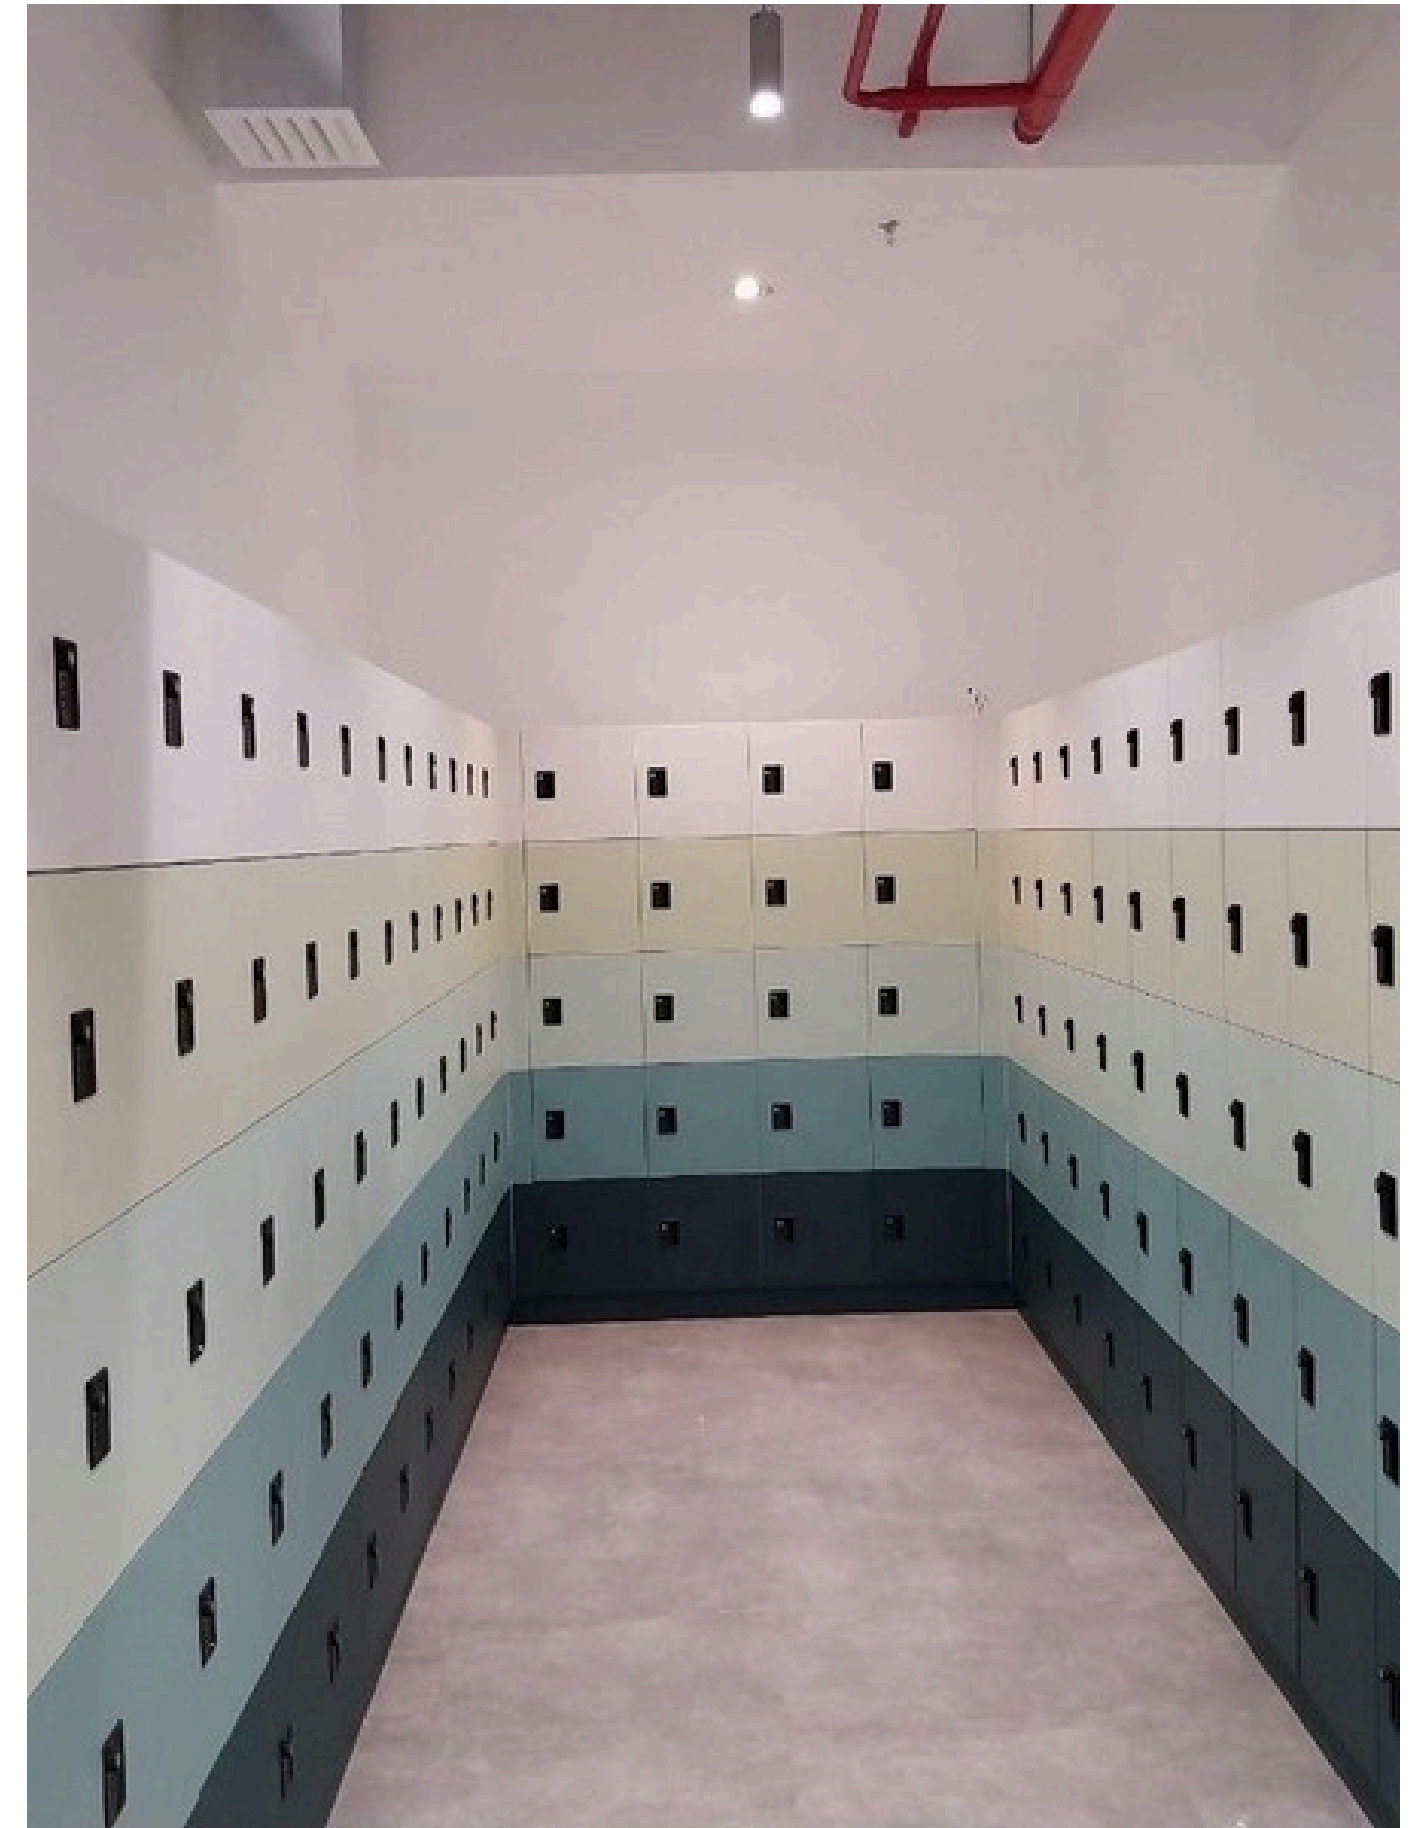

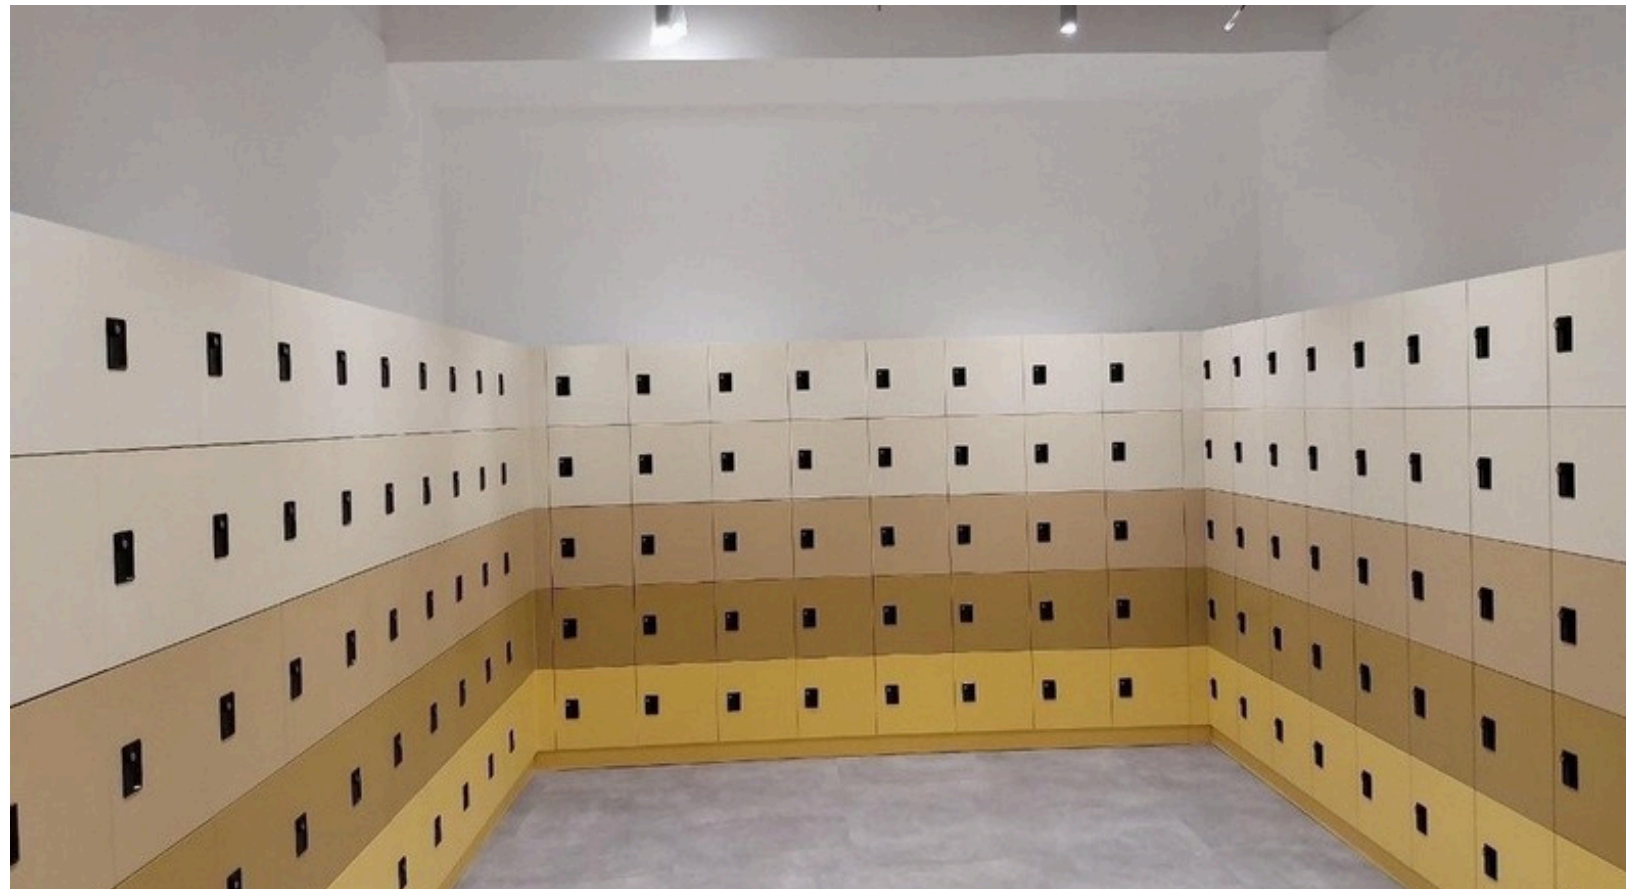

Schindler

Workspace project for Jardine Schindler in Bangkok. Our team has meticulously executed the supply and installation of IN2 Desking, complemented by the addition of Ergonomics Curva Chairs, to create an innovative and conducive environment for open collaboration.

Meta has chosen our cutting-edge metal lockers with digital locks, seamlessly integrating security and modern convenience into their office environment. Our innovative storage solutions provide a sophisticated and efficient way for Meta employees to store personal belongings, ensuring a seamless and secure workflow. The digital locks not only enhance accessibility but also reinforce a contemporary and tech-savvy office aesthetic

Baxter

Baxter has chosen our lounge chairs for a welcoming reception ambiance, while bar chairs and cafe chairs enhance the dynamic atmosphere in their office. Elevate your workspace with our stylish and versatile seating solutions, creating a comfortable and sophisticated environment for both professional and relaxed settings at Baxter's office
