Online Enrollment

No more tracking down insurance applications or beneficiary forms. With *Employee Navigator* your employees get a simple modern enrollment experience without the headaches.

New Hire Onboarding

Onboard new employees faster and easier, giving them a great first day without stacks of paper-work. Customize your on boarding features for new hires to handle W-4, I-9, employee manual, confidentiality agreements, etc. with ease.

HRIS Database

Get your employee data out of the filing cabinet and into a single, secure platform. Then enjoy the benefits of accurate employee data, a powerful reporting engine, and much more. This is what modern HR looks like.

Time-Off Tracking

Setting up and administering time-off packages has never been easier. Configure a PTO package unique to your company and let employees use their self service tool to request time off in a few clicks. This is what modern time-off tracking looks like.

ACA Compliance

ACA Compliance

We'll help take care of all things ACA, including ongoing tracking, 1094-C and 1095-C eligibility reporting with our easy to use ACA dashboard.
