

# PRESS RELEASE

July 29, 2011

To celebrate the 30th Anniversary The Tom Carlile Feel is now available on the iTunes store. Completely remastered and including four bonus tracks that were single releases at the time this marks the first time Tom Carlile's music is available to purchase on-line. The critically acclaimed "Feel album" boasts several top 40 hits all written and performed by Tom Carlile. Recorded in the heart of country music Nashville, Tennessee this album represents all original music drawing from his many years of touring and performing in order to master his craft. The iTunes store is now the largest record store in the world. What better way to celebrate the 30th Anniversary then making it available to the widest possible audience out there....the world! Enjoy the ten original album tracks and the four bonus tracks and look for future releases later this year of more Tom Carlile originals.
