How did you hear about Newcomers and Old Friends Club? _____

Our fiscal year and membership dates are June 1-May 31 annually. If membership dues are not paid by June 30, your name will not be included in our annual club directory. As a courtesy, individuals wishing to “explore” the club and its special interest groups may attend one monthly meeting before paying membership dues. Prospective new members joining between January 1 and April 30, will pay one half of the annual dues for those months and then the full annual membership fee on June 1.

Our club offers either an individual membership (I) \$60 or a dual/family membership (F) \$70. Please make your check payable to Newcomers and Old Friends Club. You may send your check and this completed form to the address above or deliver it in person to a general meeting.

The club asks each member to be a co-host for our monthly coffee/social held prior to the general meeting at some time during the year. Typically, there are three-four hosts per month. Based on current membership, co-hosting would be required once every 18-24 months per member. There will be a sign up sheet at the monthly meetings for you to select a month that is convenient to you.

Would you be interested in serving on a committee for any activity or special interest group? Yes/No

Our club is a nonprofit social organization that encourages new friendships through shared activities. The general membership meets monthly. Our monthly newsletter details the special interest groups that meet throughout the month. As a new member, we encourage you to review our newsletter to see if there is a group whose activities may interest you. To join one of our existing special interest groups or obtain more details about a group, please contact the chairperson of that group. You may join as many special interest groups as you wish!

Welcome to Newcomers and Old Friends Club—our club is better with you in it!
