

# GLOBAL BUILT SOLUTIONS

## About Us

Founded by Matt Maher, a Registered Builder in Victoria, to tackle the rising labour and material costs in Australia. Drawing on years of experience, Matt established a vast network of trusted suppliers across Southeast Asia and Europe, offering high-quality, cost-effective construction products throughout AUS.

# HOW CAN WE HELP YOU

At Global Built Solutions, we prioritize delivering premium quality bathroom fixtures and fittings with a focus on affordability and sustainability. Here's how we help you achieve exceptional results:

- **Quality:** We provide luxurious and durable bathroom products designed to meet and exceed industry standards.
- **Customization:** Tailor-made solutions to align with your specific design preferences and functionality needs.
- **Value Engineering:** Strategic sourcing and alternative material options to ensure cost savings without compromising quality or style.
- **Reliability:** On-time delivery and a commitment to excellence, ensuring a seamless customer experience.

# Bathtub's Catalogue

KKR® bathtubs, engineered for diverse industry needs, offer a blend of luxury, durability, and style. Ideal for high-end hotels, construction projects, and discerning homeowners, which provide long-lasting quality, easy installation, and customizable designs to meet the specific demands and aesthetic preferences of our varied clients.

A deep and spacious tub designed for long, immersive baths, offering a tranquil and relaxing bathing experience.

A standalone, often elegantly styled tub that acts as a focal point in the bathroom, providing flexibility in placement and design.

A bathtub that is installed against one or more walls, seamlessly integrated into the bathroom layout for sleek and cohesive look.

A space-saving tub fit snugly into a three-wall recess, offering practicality and simplicity for bathrooms with limited space.

# FREESTANDING BATHTUB

Placement Flexibility: Can be placed anywhere in the bathroom, offering design flexibility.

KKR is one of the well-known commercial sink manufacturers with over 23 years of experience and a track record of producing high-quality products. With a wide range of offerings, from solid surface sinks to solid surface basins, we have a solution for every need. We've spent years designing and manufacturing, which range from bathroom vanities to hospital necessities.

Working with designers to create sinks that are suitable for any application. Whether in stock or on special order, we can provide consumers with what they need. With our in-house custom sink design, such as the corian farm sink, and production capabilities, we are equipped to help bring unique creations to life.

# Sink Catalog

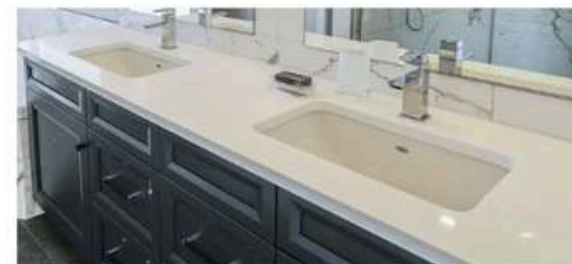

## Solid Surface Bathroom Sink

Installing a solid surface bathroom sink in your bathroom can be a great way to add both functionality and style to the space. KKR's Solid Surface Sinks are multifunctional. Durable, beautiful, and versatile. It is also ideal for constructing a spa, kitchen, or commercial environment.

## Solid Surface Kitchen Sink

Modern-looking KKR's Solid Surface Kitchen Sinks are built of high-quality materials. They fit every kitchen design which comes in a variety of sizes and styles. These kitchen sinks like solid surface countertop sinks are combined with elegance and durability.

## Solid Surface Undermount Sink

The perfect addition to any modern kitchen, it offers a sleek and seamless look, with a durable and easy-to-clean surface. With a range of sizes and styles available including corian integrated sink and corian undermount sink this kind of sink is a choice for any kitchen renovation project.

# THE GLOBAL BUILT SOLUTIONS PROCESS

Expert Services at Your Doorstep

Step-by-Step Process: How We Work with Clients to Maximise Cost Savings

## Project Concept

- Initial Consultation: Understand the client's vision, scope, and needs (e.g., bathroom renovations or new builds).
- Material Sourcing: Leverage global partnerships to provide premium bathroom fixtures like bathtubs, sinks, and toilets at competitive prices.

## Design Consultation

- Collaboration: Work closely with designers and architects to align products with project goals.
- Customisation: Highlight available options to enhance the bathroom's aesthetics and functionality.

## Budget Review

- Cost Analysis: Identify savings opportunities.
- Value Engineering: Propose alternative materials or finishes to fit budgets without sacrificing quality.

## Product Pricing and Quoting

- Transparent Quotes: Provide detailed pricing for all bathroom products.
- Sample Approvals: Ensure selections match client expectations through physical samples.

## Manufacturing and Quality Control (45 Days)

- Shop Drawing Reviews: Confirm technical specifications for bespoke orders.
- Quality Inspections: Rigorous checks to guarantee durability and design compliance.

## Shipping and Delivery (15 Days)

- Logistics Coordination: Timely and efficient delivery of fixtures to the site.
- On-Site Delivery: Products arrive ready for installation, ensuring no project delays.

# FREQUENTLY ASKED QUESTIONS

## 1. **Are your bathroom products customizable?**

- Yes, we offer bespoke solutions tailored to your design and functional needs.

## 2. **What quality standards do you follow?**

- All products undergo rigorous quality inspections to ensure they meet or exceed industry benchmarks.

## 3. **What is the lead time for orders?**

- Manufacturing takes approximately 45 days, with shipping and delivery completed in 15 days.

## 4. **Can I get a detailed project quotation?**

- Absolutely! Contact us, and we'll provide a transparent and itemized quote based on your project requirements.

Thank You for Choosing Global Built Solutions

We appreciate your interest in our services and look forward to assisting you with your next project. Please reach out to us for any inquiries or support.
