

Connex Personnel is currently seeking a Construction Management Representative (CMR) to support the execution of a project in four locations between Newfoundland and Labrador.

CMR support is required for oversight of LIL Disconnect Switch Platform Installation Project, located in Soldier's Pond Converter Station, Shoal Cove Transition Station, Forteau Point Transition Station, and the Muskrat Falls Converter Station.

Contractors work includes but is not limited to:

Provide site support for the installation of a total of 100 pre-fabricated platforms at the four locations stated above. There will be minor ground preparation work included in the installation contractors scope, as well as hookup to the existing station grounding grid. The ideal candidate will have experience with structural and electrical installation, and previous experience working within a switchyard is mandatory.

CMRs will be responsible to observe safety, environment, and quality standards in line with NL Hydro expectations and validate any changes to the scope.

Requirements:

As a CMR, the role involves conducting safety orientations, participating in tailboards, preparing daily reports, and ensuring that contractor is adhering to the contract documents. Also included is oversight of NL Hydro's safety plans, environmental plans, and oversight of contractor's quality plan.

Candidates shall have good communications skills and be assertive with contractor as required. Candidates shall discuss site issues with NL Hydro engineering or contract manager multiple times per day.

Familiarity with NL Hydro processes and procedures for terminal station construction is an asset.

Previous experience working within a switchyard is required.

Candidate should have access to a tablet or laptop and know how to use it to complete daily forms and send information to project team.

Proposed schedule is as follows, but subject to change:

Soldier's Pond: 9 – 4-day shift. Monday to Thursday. May 4-July 2, 2026.

Shoal Cove & Forteau Point: 1 – 21-day shift. July 5-15, 2026, and July 15-26, 2026.

Muskrat Falls: 1 – 21-day shift. Aug 2-23, 2026.

Location: Soldier's Pond Converter Station, Shoal Cove Transition Station, Forteau Point Transition Station, and the Muskrat Falls Converter Station.

Anticipated Start Date: May 4, 2026

Anticipated End Date: August 23, 2026

Estimated Effort Time: 12 hour days including travel

Please submit your resume to hr@connexpersonnel.com
