

Connex Personnel is currently seeking a Construction Management Representative (CMR) to support the execution of projects in 2026.

CMR support is required for monitoring of several projects at the Holyrood Thermal Generating Station site. Contractor work includes but is not limited to:

- Marine Terminal Overhaul and Condition Assessment
- Boiler Condition Assessment and Miscellaneous Upgrades
- Other projects as a “fill in CMR” as required.

Requirements:

As a CMR, the role involves conducting safety orientations, participating in tailboards, preparing daily reports, productivity oversight and ensuring that contractor is adhering to the contract documents. Also included is oversight of NL Hydro’s safety plans, environmental plans, and oversight of contractor’s quality plan.

Candidates shall have good communications skills and be assertive with contractor as required. Candidates shall discuss site issues with NL Hydro engineering or contract manager in a timely manner and as required.

Candidates shall have experience with Mechanical, Civil and Structural construction. Familiarity with NL Hydro processes and procedures is an asset.

Successful candidate must have experience with the Holyrood site assets, specifically working at the Holyrood Marine Terminal and with the three boilers.

A valid driver’s license will be required.

Location: Holyrood Thermal Generating Station

Anticipated Start Date: April 2026

Anticipated End Date: December 2026

Estimated Effort Time: 10 hours a day

The tentative construction schedule for applicable projects are noted below. These are subject to change.

- Marine Terminal Overhaul and Condition Assessment
May 25 – Aug 31, 2026, working 10 hours per day for 5 days per week.
- Boiler Condition Assessment and Miscellaneous Upgrades
April 15 – Oct 15, 2026, working 10 hours per day for 5 days per week, weekend work may be required.

Please submit your resume to hr@connexpersonnel.com
