

Connex Personnel is currently recruiting a Construction Management Representative (CMR) for an upcoming project located in Stephenville, NL. The CMR will support repairs to a generator within a gas turbine building.

Generator Refurbishment:

Scope includes removal of the generator from the Gas Turbine building, shipment of the rotor to contractor's facility in the United States for inspection, on-site repairs to stator, and re-installation of the generator into the building once repairs are complete.

The CMR will report directly to the Contract Manager and will be required to complete Contractor inspections and management pertaining to safety. The CMR will work with the on-site Construction Coordinator to ensure the contractor is adhering to their safety procedures and internal safety policies. In general, the CMR role will consist of conducting safety orientations, participating in tailboards, preparing electronic daily reports, and assisting the Construction Coordinator with on-site support.

CMR shall have good communications skills and be assertive with contractor as required. CMR shall discuss site issues with Construction Coordinator, engineering or contract manager multiple times per day or as required.

Familiarity with crane lifting and jack and slide is an asset however, CMR shall have experience with Mechanical and Electrical construction as well as experience with gas turbines/terminal stations and synchronous condensers. Previous experience as a CMR or similar role is required.

Anticipated Start Date: October 10, 2023

Anticipated End Date: December 31, 2023

*Anticipated start & end date are subject to change as per contractor's schedule.

Generator Refurbishment:

- Construction is planned to start October 10 to December 31 inclusive (depending on contractor schedule).
- Anticipated work schedule is 6 or 7 days per week and 10 hours per day (depending on contractor schedule).

CMR is expected to follow COVID-19 protocols implemented for the project and site. CMR will also be responsible for their own supply of cleaning, disinfectant, sanitizing supplies and face masks.

Required Training:

Powerline Hazards
Standard First Aid
Fall Protection
WHMIS 2015
Asbestos Awareness

Accommodations will be provided along with a meal allowance if candidate is not local to the area and travel time will be paid. Candidate must provide laptop with MS Office, cell phone with camera and basic PPE.
