

Connex Personnel is currently recruiting for the position of Team Lead, Operations on a 1-year contract for a Labrador Hydro Generation facility.

Job Function

- Leads the operation department (a team of operators on a 24/7 basis) at the Generating facility and is accountable to the Plant Manager for the operation of the Generating station and associated infrastructure.
- Ensures that equipment is operated in a responsible and efficient manner.
- Investigates equipment problems and ensures that the appropriate maintenance and engineering staff are engaged as required in any corrective actions beyond the scope of the operations department. Supports the outage management and administers/manages work protection to enable execution of the annual work plan by the maintenance and engineering teams.
- Coordinates the operation for the plant within the electrical system through effective communication with the NLSO. Operates the plant within established operation parameters and in compliance with approved standard operating procedures.
- Manages the department budget.

Job Scope

- Ensures equipment is operated effectively and efficiently.
- Establishes strong and frequent communication with NLSO.
- Operates the plant within established system guidelines, and in compliance with established standard operating procedures.
- Manages and administers the Work Protection Code.
- Initial troubleshooting of equipment failures to restore operation, and engagement of maintenance and engineering teams to determine the cause and implement corrective action.
- Reviews the activities of the Operations Department to ensure the efficient and economic operation of the power facility.
- Coordinates maintenance activities with NLSO for various systems operation.
- Facilitates the implementation of the Corporate Safety Program for the department.
- Supports the Corporate environmental policy and guiding principles and corporate objectives, targets and programs.
- Prepares and implements the schedule of shift coverage for the department.
- Ensures that employee training needs are identified, appropriate for the job requirements and up-to-date.
- Ensures succession plan is in place for replacement of key staff.
- Administers the Collective Agreement as it pertains to the Operations Department.
- Requirement to be on-call after-hours as necessary
- Performs other related duties as required or assigned from time to time.

**Possibility of renewal for a second year
