

# *Mission Statement*

Dixie Lee Farmers' Market (DLFM)  
A Grassroots Organization.  
Local Family Owned and Operated

Our sole purpose is to strengthen our community by providing you with a place to buy local, top quality fresh produce directly from the people who grew it. In doing this, we hope to give an opportunity to our local farmers, gardeners and crafts persons to promote their products. It will strengthen our local commerce by buying from your neighbors, as well as offer our families a healthier lifestyle.

Providing this forum helps farmers and families from local communities to deal directly with each other rather than through third parties, and to get to know and learn from one another. Interacting in this environment will teach children to preserve the integrity of our agricultural heritage. This will not only strengthen our community physically and mentally but spiritually as well.

Promoting a healthy lifestyle  
Strengthening local commerce  
Allowing children to interact with environment  
Joining together with our communities  
Thus, preserving and celebrating the honest agricultural traditions of The East Tennessee valley.
