

Joy's Garden Menu

Hey Jeff this is Joy.

You asked me to compile a list and prices so here is it to the best of my ability. I will try to get my tech savvy friends to make me a Joy's Garden Facebook page but until that happens my business card lists my personal email at joyleeshimoda@hotmail.com and my cell of 865-898-4948...all calls/texts/emails are fine.

Please preorder any specialty item or just give me call/text and will have ready for you- want something not on list -call and see when I can have for you.

(Jeff I am looking into the square to assist, but don't know if will have by first market-will eventually charge the 3 percent to customer who wish to use but will have a little free time at first).

Should have limited vegetables in a few weeks.
