Tell Your Representative: Increase Homelessness Funding in Fiscal Year 2024

Current spending on homelessness simply isn't enough. We need your help to encourage elected officials to support for a \$200 million increase for homelessness programs above what the administration requested.

It's as easy as three simple steps:

1. Enter your contact information to find your Member of Congress.
2. Personalize the template letter by telling your Member of Congress who you are, what you do, and why you're writing.
3. Send your letter today!

Thank you for your advocacy!

Thanks for acting. Your message has been delivered to Senator Mark Kelly, Senator Kyrsten Sinema, and Representative Greg Stanton.

Thank you again for all you do to support people experiencing homelessness.

Steve Berg

Chief Policy Officer

National Alliance to End Homelessness
