

A photograph of a restaurant interior, likely Modern Steak. In the foreground, a wine glass and a water glass sit on a table next to a folded white napkin. The background shows a dining area with tables, chairs, and large windows with a grid pattern. A black rectangular overlay is positioned in the center-right of the image, containing text about private events and the restaurant's website.

# ABOUT MODERN STEAK

This is not the steakhouse of the past, It's what a Steakhouse can be - Modern Steak is a stunning space! Beautiful custom lights illuminate each table, while strategically placed tables allow patrons to catch a glimpse of the surroundings while personally hand-selected music creates a comfortable yet energetic vibe throughout the entire space.

Supporting Local Farms and Artisans - Modern Steak's commitment to quality is evident in the local Alberta Beef Menu. The result is perfectly marbled tender beef with a rich depth of flavour. Modern also features only the best local farm produce and artisan cheese makers located in Alberta and Western Canada.

Our Goal - Under the leadership of Owner, Stephen Deere, is to offer a rotating menu that focuses on local, seasonal and organic ingredients to create inventive dishes that reflect evolving culinary trends, coupled with an experience and atmosphere you will not forget.

THE FOOD

# HORS D'OEUVRE MENU - MINIMUM ORDER 18 PIECES FOR CANAPES

## How Many Canapés per Guest Do You Need?

When it comes to working out how many canapés per guest are needed, there is a general formula that can help you plan how many you need:

First of all you need to make the basic assumption that your guests will eat 4-6 pieces in the first hour and 2-4 pieces each hour after that.

From there, there are a few variables to keep in mind that can alter that basic formula:

Passing the canapés around less food will be consumed than if the food is unattended or at a action station.

If your event is happening during a normal meal time, then increase your canapés by 25-50%, this also works if your event is following a meal, as you can then decrease the number of canapés needed by 25-50%

We are more than happy to help make recommendations and work with you to set your optimal budget for your next event.

The background of the entire page is a photograph of the interior of a restaurant named Modern Steak. The walls are made of rough-hewn stone. On the walls, there are several large, framed photographs of cows, some in black and white and some in color. The ceiling is dark with exposed pipes and modern pendant lights. In the foreground, there are wooden tables set with white napkins, glassware, and silverware, surrounded by white and dark chairs.
