

30 Days to Family[®] and so much more

THE INSTITUTE FOR CHILD WELFARE INNOVATION

2021

30 Days to Family®

Quick Overview

30 Days to Family® is an intense, short-term intervention developed by the Foster & Adoptive Care Coalition and replicated nationally by the Institute for Child Welfare Innovation to:

- 1) increase the number of children placed with relatives when they enter the foster care system; and
- 2) ensure natural and community supports are in place to promote stability for the child.

The program is a combination family search and engagement & kinship navigator.

EVIDENCE BASED CLEARINGHOUSE

The screenshot shows the CEBC website interface. At the top, the CEBC logo is on the left, and the text 'THE CALIFORNIA EVIDENCE-BASED CLEARINGHOUSE FOR CHILD WELFARE' is on the right. Below the logo are social media icons for Twitter, Facebook, LinkedIn, and Email. A navigation bar includes 'Home', 'Program Registry', 'Implementation', and 'Find Programs'. A secondary navigation bar has 'Programs', 'Topic Areas', and 'Rating Scales'. A dark bar at the top of the main content area shows 'Selected Programs to Compare: 1' and buttons for 'Compare Programs', 'Review Selections', and 'Reset'. Below this is a breadcrumb trail 'Home < Program <' and a 'compare (?)' toggle. The main heading is '30 Days to Family®'. A table below displays the program's details:

Topic Areas	Scientific Rating <i>i</i>	Child Welfare Relevance <i>i</i>

WHAT WOULD YOU DO FOR YOUR OWN FAMILY?

The 30 Days to Family[®] rigorous search process identifies and engages more relatives, faster – helping children have greater connection to their siblings, more involvement with their paternal relatives, and find stable homes with relatives within 30 days.

Once children are placed with family, our robust support plans for both the children and placement providers promote placement stability and solidify connections that create better outcomes for children, families, and the communities we call home.

SAME OLD STUFF DOESN'T WORK... THIS IS WHAT DOES

2 families at one time. That's it.
With dedication to those families,
the focus is truly on them.

30 days. Period.
We get in, we do the work, and
we hand off. Urgency is key.

The system is tough to navigate. We help
families access, map and sustain every service
they need.

Contact with all family members.
Every single one. They all have
something to contribute.

Connections and supports are key.
Gone are the days of looking
only for placement.

Specialized worker for specialized
work. One person doing all the jobs
just isn't possible.

PROVEN SAVINGS

The savings referenced are based on Missouri case rates

- **Every child served by 30 Days to Family[®] saves taxpayers an average of \$10,217**
- Every child served age 9 years and older saves taxpayers an average of \$21,686
- Every child served who has an identified disability saves taxpayers an average of \$28,819

Atkinson, A.J. (2019). 30 Days to Family[®]: Confirming theoretical and actual outcomes. Child Welfare, 97(5), 97-129.

PROVEN OUTCOMES

- **Relative Placement.** Children served by 30 Days to Family[®] were more likely to be placed with a relative or kin than those not served.
- **Less time in care.** Children served by 30 Days to Family[®] remained in foster care an average 91.4 fewer days; those age 9 years and older were in care an average 194 fewer days; and those with an identified disability were in care an average 257.8 fewer days.
- **Increased placement stability.** For children served by 30 Days to Family[®], placement change rates were reduced by 81% after being placed with relatives.

In reviewing data from the Foster & Adoptive Care Coalition 30 Days to Family® site from the beginning of the program in February 2011 through December 2020 we found some heartening data:

75%

Placement Rate: 701 of 934 children served were placed with family at the conclusion of services

82%

Placement Stability: Of those 701 children placed with family, 573 children remained placed with family at the most recent follow-up

33%

Promoting Family Placement: Sometimes despite best efforts, children aren't moved with family during the program intervention. The remarkable thing is that the work done was not for nothing. 66 of the 233 children that were not placed with family at the conclusion of services had achieved family placement at the time of the most recent follow-up!

REASONS THAT JUST MAKE SENSE

Racial equity

We believe justice means working to keep children with their families, their communities, their people.

COVID-19

With foster homes cautious of taking in children and a system that has no idea what 2021 will look like, our program mitigates the unknowns by keeping children with their family.

Saves money

The program saves money so those precious resources can be used for the things that matter.

Training

The collective number of years our staff has been doing this work makes us feel old. ;) But we know that with the combined experience and knowledge comes wisdom. And because discovering new and innovative ways to impact the child welfare field is our passion, we can talk about our work for days on end.

30 Days to Family[®] not a fit right now?

Never fear. We offer so much more!

Consultation

Sometimes you know what you want to do, but aren't quite sure how to get there. We get it. Discovering new and innovative ways to impact the child welfare field is our passion, we can talk about our work for days on end. Our services can be delivered virtually, to a small group or to a large agency audience.
