FAMILY SEARCH AND ENGAGEMENT DURING A PANDEMIC

Dear child welfare community,

Are the children you serve being connected and reunited with family members in the numbers you hope for? Has your ability to find family changed due to COVID-19?

For the past 8 years we have been doing a combination family-finding and kinship navigation program with studied success. We've learned some things.

So, why are we offering our lessons learned FOR FREE?

Because many budgets are frozen and many of us in child welfare are rapidly pivoting in order to continue serving our children. We keep our hopes alive by joining hands with you on the frontline. Please [register here](#) for the following learning opportunities (60 minute webinars), a service that we would normally contract out.

Once you've attended a webinar, we are excited to offer a private coaching session for you and your team.
