Puppy Purchase Contract

Buyer(s) Name: _____

Street Address: _____

City: _____ State: _____ Zipcode: _____

Phone Number: _____

Email: _____

Thank you for making the decision to purchase a Country Time Doodle. I realize the decision to get a new puppy is a very important step for a family to take. I am honored that you have chosen Country Time Doodles to help your family through this process.

The price for an Miniature Aussiedoodle is \$1500 for bicolor and solid. Tri, merle, sable or phantom are \$1800. A \$400 nonrefundable deposit is due along with this agreement. Your deposit will put you on a running list for a Miniature Aussiedoodle. As picks are made at 4 weeks of age you reserve the right to wait for the next litter. Your spot will move up the list as picks are made if you choose to wait. Country Time Doodles reserves the right to hold one puppy from each litter back if we choose to do so.

Your puppy will be dewormed every 2 weeks from birth. We give their 1st round of vaccinations at 5 weeks. At 8 weeks they will be checked by our veterinarian and given their 2nd puppy vaccination prior to going to your home.

I will put together a care package for you and your puppy that will include food, a collar and leash, a few toys, a health statement and a health record.

Your new puppy comes with a 2 year health guarantee. This covers congenital defects which seriously affect the health of your puppy and/or impacts the quality of life (excluding dental) as certified by a qualified veterinarian at buyer(s) expense. You will be able to pick a new puppy from a current, or future litter. I won't require you to return your original puppy because by then they are a part of your family. If you would like to return the puppy, I will gladly take it back.

Puppies will be expected to be either picked up or delivered at 8 weeks of age. I will consider delivering puppies within a reasonable distance, with applicable fees being paid at 7 weeks. All deposits must be made by Zelle, Venmo or credit card. Final payment can be made with either Zelle, Venmo, cash or credit card.

Flying with your puppy: I can meet at Grand Junction Walker Field or Montrose Regional anytime. Airlines charge a \$125 fee for carry on pets in addition to your ticket price. Please keep in mind that United Airlines will not allow your puppy to fly in cabin until it's 4 months old. Delta requires your puppy to be 10 weeks old. I try to use American Airl (Please check with all airlines before purchasing your ticket just in case they change their policy). I can also fly with your puppy. I charge \$100 to fly with your puppy to cover my expenses, in addition to the airline ticket and \$125 pet carry on fee. If I have to spend the night, the new puppy owner will be responsible for my hotel room near the airport with a shuttle.

If for any reason you need your puppy to stay longer than 8 weeks there will be a boarding fee of \$15 per day starting at the 10 week date, unless your puppy is in Kindergarten.

Puppy Kindergarten programs start at 8 weeks of age:

4 weeks: In my home your puppy will learn to use a doggy door, will be crate trained and will be introduced to leash training and basic commands. Payment is due at the end of the program. \$1200

8 weeks: In my trainer Hannah Jackson's home. Your puppy will be taught to wait at doorways, leave it, heel, down, stay, bed, crate training, settle and bathing and handling skills. Your puppy will have the complete puppy vaccine protocol including Bordetella before they go home from kindergarten. Payment will be 50% due in 4 weeks, remainder at pick up. \$2400

You will receive a lifetime of support from Country Time Doodles!
