

ABOUT TEXAS QUALITY ASSURANCE

Our goal is to save you time and resources for what really counts. It's all about **Your business**
Your process and **Your people**.

In our previous careers we spent far too much time processing paperwork, following up on Corrective Action Reports, and performing audits of training & calibration records, the list goes on and on. To get the job done we went in earlier, stayed later, and still were not able to stay caught up. We knew there had to be a **better way**.

Don't waste time and energy with traditional QMS tools, and strategies.

Every organization is unique, so should your QMS solution.

- EASILY INTEGRATED

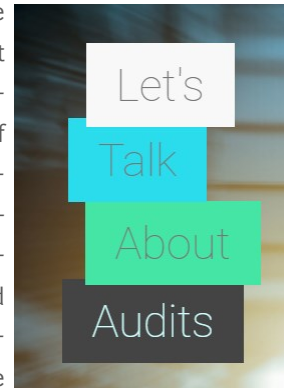

We operate on Office 365 so that you never have compatibility issues.

TQA Cloud
QMS SIMPLIFIED

AUDITING

INTERNAL AUDITING & GAP ANALYSIS

Internal Audits a key piece of the Quality Management Puzzle. We know from experience on both sides of the fence that a good auditor is an invaluable resource. Finding Gaps, hidden Nonconformities and new solutions to old problems get you set up on the path to success with your Certifying Body, Customer, and Internal Requirements.

Book an a FREE Consult with us today to learn more.

SUPPLIER AUDITS

Lets face it, you don't have the time necessary to conduct supplier audits required by ISO 9001, API Q1/Q2, IATF 16494 and more... You need qualified objective eyes to audit your supplier to ensure conformance to customer and to promote internal improvement of your suppliers.

We have auditors waiting to help you drive improvement in your supply chain.

CONSULTATIONS

- **GETTING CERTIFIED FOR THE FIRST TIME?**
- **NOT SURE WHAT ISO IS?**
- **FEEL LIKE OTHER CONSULTANTS CHARGE TOO MUCH AND DELIVER TOO LITTLE?**

That's why we offer simple, effective, economic solutions to understand and build up your business processes. Quality Management adds value to your organization and time and money saved adds up on the bottom line. We'll start with a QMS assessment and build a custom solution tailored to your people, your process, your business.

TRAINING

If you're looking to build you skills, or the competence of your team, check with us for scheduling for one of our Auditor, Implementer, or other Quality Management Courses. **Global Exemplar Certified**
