ROMAN PIZZA, PASTA & DESSERTS

OUR PHILOSOPHY

At Radici,
we believe great Italian food begins with simplicity,
tradition and carefully selected ingredients.

Our dishes celebrate authentic flavours,
where quality always comes before quantity.
Every ingredient has its purpose,
allowing its natural taste to shine,
without unnecessary additions.

Our handmade egg pasta is prepared fresh every day,
with the care and attention that good food deserves.

Our Roman style pizza begins with a biga preferment,
170g dough balls traditionally rolled thin with a rolling pin.
This technique gives our pizza
its distinctive light and crispy character.

Radici means "Roots" in Italian,
a reflection of our connection to the traditions
and flavours that inspire our cousine.
