NO SWEARING, NO NUDITY, NO SEX, NO VIOLENCE IN THE FILM

Through our content, we aim to show that entertainment can still be adult, hilarious and enjoyable without the use of such elements.

****Title: I Work Alone: Midsummer Sky****

****Logline:**** In the fast-paced, adrenaline-fueled world of street racing, Aksel Christensen must balance his insatiable passion for building a Lamborghini engine, launching an organic coffee company in Japan, and the complexities of his personal relationships. Amidst setbacks and triumphs, Aksel races against the clock to prove that hard work and love can lead to the ultimate success.

****Subplot:**** Amalie Mika, a rising talent at the European coffee company, finds her life upended when she learns that a trusted friend and coworker has been impersonating her and undermining her efforts at work. Resolved to restore her reputation, Mika sets out to demonstrate her abilities and confront her adversary at a car race in Sweden. Her strategy, however, takes an unforeseen turn when her boss, Aksel Christensen, makes a significant life decision on Midsummer Eve. This unexpected twist adds a fresh layer to Mika's quest for redemption.
