

EZ Growth

By EZ Equipment Holdings, LLC

THE IDEA

EZ Equipment Holdings, LLC presents **EZ Growth**—a strategic investment program tailored for our valued equipment owners. This initiative was developed in response to overwhelming demand from our clients who seek a **secure, short-term investment** option with high returns. Whether you are planning your next equipment purchase or simply looking for an alternative to park your funds, EZ Growth offers a lucrative opportunity with flexibility and ease.

GROWING YOUR MONEY THE  WAY

THE PROCESS

You loan the money to EZ Equipment Holdings LLC, and we place the money on EZ Equipment Holding's balance sheet as a loan payable to you and evidenced by a promissory note and tied to rental equipment assets.

EZ Equipment Holdings will deploy the money as a LOC used to procure additional rental equipment that will be sold to other clients/owners of equipment and entered into the revenue sharing platform.

During the time that equipment is on EZ Equipment Holding's balance sheet it will be earning rent until it is placed with a specific owner. Now, you can earn a portion of that rent without having to tie up your money long term. Use the EZ Growth Plan to earn a great interest rate return and watch your money grow!

THE HIGHLIGHTS

Short term investment subscription of 180-day period.

Two options available – EZ Growth Plan (minimum \$25K initial deposit) and EZ Super Growth Plan (minimum \$1M)

Money can be transferred and used for individual equipment purchases in EZ's rental program at any time during the subscription period without penalty.

Return is paid to you as interest income monthly and you will receive a Form 1098 interest income at the end of the calendar year.

Automatic ACH interest payments transferred monthly into your designated bank account on or around the 30th of the month.

Highly competitive interest rate returns

Simple Flexibility. 30 days prior to initial subscription term completion, you can choose to extend your subscription period for an additional 6 Month term or withdraw your money at the end of the subscription term.

THE SUBSCRIPTIONS

Investment Tier	Subscription Period	Annual Interest Rate
Growth Plan (Principal < \$1M)	180 Days	8%
Super Growth Plan (Principal > \$1M)	180 Days	10%
