Capability Statement

Assistive Technology Evaluations & Services, LLC provides accessibility solutions across home, school, workplace, and community settings. Certified Assistive Technology Professionals deliver evaluations, training, home modifications, communication device programming, accessibility audits, and program evaluation, ensuring compliance with accessibility standards and measurable outcomes.

Core Competencies

- **Assistive Technology Evaluation & Implementation** – Comprehensive assessments and tailored solutions to increase independence and meet compliance.
- **Home Accessibility Modifications** – Certified professionals assess and plan home modifications to promote safety and independent living.
- **Communication Device Programming** – Custom AAC device setup and training to enhance communication and learning.
- **Accessibility Audits** – Website, facility, and program audits aligned with ADA, Section 508, IDEA, and WCAG standards.
- **Expert Witness Services** – Providing testimony and reports for ADA, IDEA, FERPA, HIPAA, and WCAG compliance cases.

Differentiators

- **RESNA-Certified ATPs** – Over 20 years of experience with national certification in assistive technology.
- **Multi-Disciplinary Services** – Technology, education, legal compliance, and home modifications under one provider.
- **Proven Impact** – Supported 55+ special education programs and 125+ students annually through accessibility interventions.
- **Scrum Master Leadership** – Bridged school district ESE departments and IT divisions to ensure accessibility in technology solutions.
- **Customized Solutions** – Device programming, training, and curriculum adaptation tailored to individual needs.
- **Government and Legal Expertise** – Provided expert witness services and compliance consultation for government and education entities.
- **Holistic Approach** – Services span home, school, work, and community settings, ensuring continuity and consistency in accessibility supports.

Past Performance

- **Agency for Persons with Disabilities (APD)** – Medicaid Waiver and CDC+ provider, completing 75+ Environmental Accessibility Adaptation assessments, averaging 10+ annually since 2016.
- **Disability Rights Florida** – Delivered environmental accessibility adaptation and accessibility assessments to support individuals with disabilities.
- **Disability Rights Florida** – Provided expert witness testimony, sworn in as an expert in accessibility and assistive technology.
- **Hillsborough County Public Schools (Florida)** – Conducted an Independent Educational Evaluation (IEE) in assistive technology to determine appropriate supports for student access to learning.
