

A One-of-a-Kind Learning Experience

Tribal Pathways brings California tribal history, lifestyles, and culture alive through interactive presentations by Native American speakers.

California schools have the opportunity to learn about a traditional way of life from before the discovery of gold in California. Speakers and storytellers from the Karuk People of the Klamath, Salmon, Trinity River area teach about living with a deep connection to nature: the skills, the stories, the path.

Presentations include many hands-on exhibits about the work, play, and celebrations of day-to-day life for California's First Peoples.

To schedule your Tribal Pathways presentation, please fill out the enclosed request form.

More About Tribal Pathways

"This was a great education moment."

Tribal Pathways presentations are for students, families, faculty, and community members. Events are age/audience appropriate for primary, high school, and college level students.

Past venues include: Marin Academy, McKinleyville High School, Trinidad Grade School, Gianna Middle School, East Bay Schools, and Tribal Education Programs.

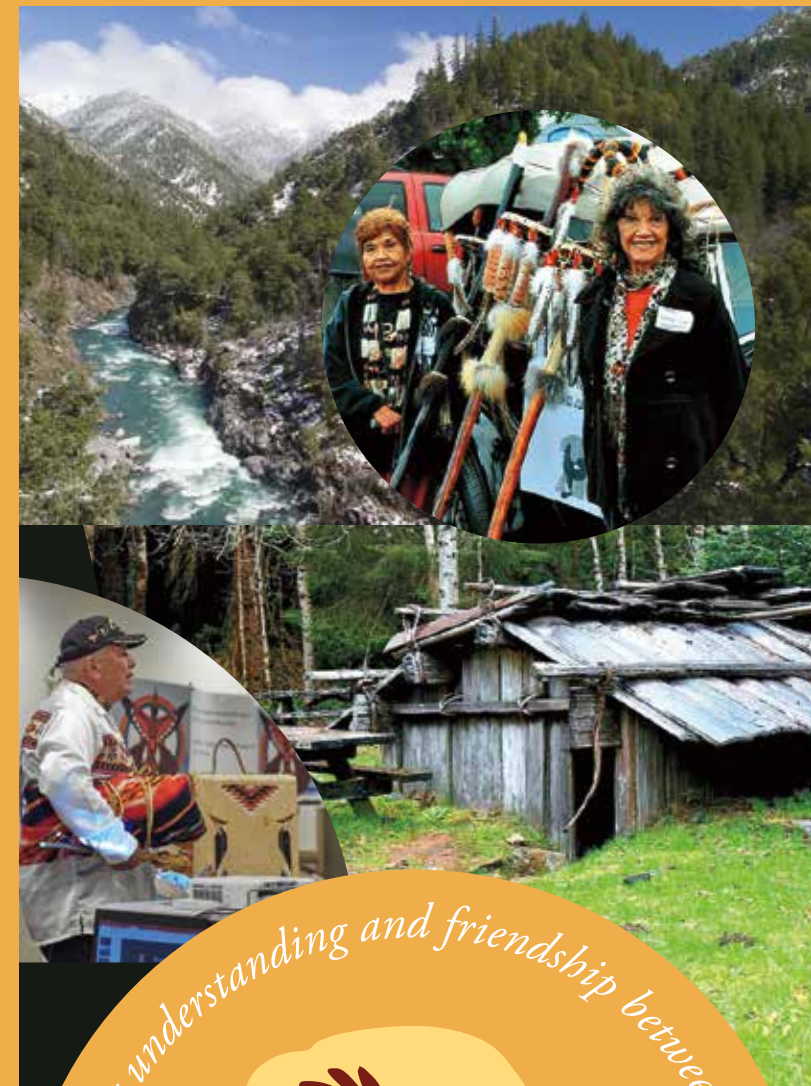

"Wow!"

Tribal Pathways travels across the state to bring programs to you. Displays include fishing nets, a redwood dugout, videos, ceremonial regalia, drums, card games, wild harvesting tools, foods, everyday housewares, and a forest of photos. Presentations scale to fit your cafeteria, gymnasium, museum, library, or outdoor setting.

"Part of what makes California so special."

Native American storytellers and eminent speakers call upon extensive backgrounds of lived experience to bring depth to Tribal Pathways events. All delivered with a sense of play that will open hearts and imaginations.

"I suggest Tribal Pathways for schools in your community as soon as possible."

Building understanding and friendship between peoples

TRIBAL PATHWAYS

Select from among the following four options...

...and fill out the enclosed request form to begin scheduling your Tribal Pathways event.
