Brushes

1 BASE COAT

Base the berries first with **Warm White**. Let them dry.

2 APPLY WATERMELON SLICE

Apply a coat of **Watermelon Slice** over the white.

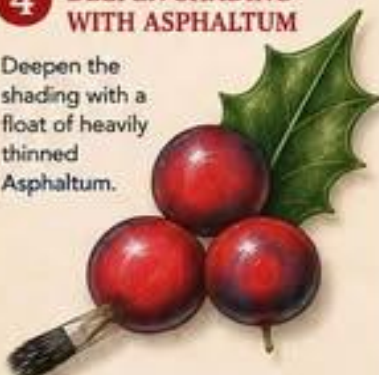

3 SHADE WITH PRUSSIAN BLUE

Shade the berries with floats of heavily thinned **Prussian Blue**.

4 DEEPEN SHADING WITH ASPHALTUM

Deepen the shading with a float of heavily thinned **Asphaltum**.

5 HIGHLIGHT WITH WARM WHITE

Highlight the berries with a soft float of heavily thinned **Warm White**.

6 ADD FINAL HIGHLIGHT

Add a final highlighter to the berries with a single bright dot of **Warm White** on the upper left of each berry.

TIPS FOR SUCCESS

- ✕ Use a light touch and let each layer dry.
- ✕ Keep your brush moist, not wet.
- ✕ Floats (very thin paint) create smooth blends and soft transitions.
- ✕ If needed, thin your paint with a little water.

Create something beautiful.
